Ref no ⁴¹⁸ of 92

Dated Chattrpur 28 Apr
1892

E. Johnson Esquire
Collector of Ganjam

Chief Secretary to Government
Public Department
Madras

Sir, I have honor to furnish the information
called for in Government Order no 218 Public Dated 29
April 1892 in relation with the Extension to this
District of the Ind. Emigration Act I of 1882.

2. With reference paras 4 and 5 of the Government
Order, I have honor to state that some of those
who hold, Contractors' licenses under Madras Act
I of 1866 have intimated to me their intention to
take out, Contractors' licenses under Act I of 1882.
It will therefore be necessary to provide for Con-
tractors' Depot rules for them, and to
appoint the Port or Superintendent of Emigration
for the purpose of performing duties under sections
20 and 39 to 49 of the Act and the Apothecary at
Gopalpur as an Inspector under Section 40.
The limits of the Officer's jurisdiction as Super-
intendent of Emigration may be "the limits of the
Port and vil Gopalpur."

3. As Government expresses an opinion that the
Bengal Depo-should be adopted, I have
drafted rules; but with considerable
modifications are rendered necessary by
different circumstances. The Bengal rules are intended
for a very different state of things to what we shall
have here; they are too elaborate and require
costly precautions the business here will not
be large enough to afford.
They are inland Depots where Emigrants are
drawn from large areas and in much
greater numbers they will be here; in fact they

with the monsoons. I shall have to deal with hundreds only. Bengal contractors here tell me that the result of the rules there being so elaborate is that they are not all complied with, and omissions are habitually winked at, the rules being as they say "make waste" only. This of course is a most unsatisfactory state of affairs, which I should be very sorry to see introduced here.

4. Emigrants here are recruited in large numbers, as there are steamers out once a week, sometimes much oftener. There seldom more than 100 collected in all the depots (at present 4 in number). Such an elaborate rules form 12 (depot accommodation report) of the Act rules seems to me quite unnecessary here & the Bengal rules a separate hospital and a residential office is required at each depot - vide 15, 16 and 28. This contractors here will, I think, be able to provide. They will have to arrange with officers in charge of the Local Fund Dispensary and their hospital when necessary.

5. I have therefore been obliged to omit much that finds place in the Bengal rules but the draft rules I propose, provide, in my opinion, everything essential. Government has held that we have nothing to do with the Emigrants they leave this Presidency; but as it is necessary to provide some point of contact with Bengal in view of the fact that Emigrants out at Calcutta should be produced before the Intendant of Emigration there.

6. Referring to para 5 of the Govt Order under reply, I beg to point out that as recruits licensed only on application by a contractor 23 of the Act) there can be no recruiters if there are no contractors. In the absence of contractors the work should be done by "garden Girdars," and the attention to be provided will be under Section 57.

7. While on the subject of Govt request the Orders of Government on the subject. The introduction of

of Act I of 1882 and Madras Act II of 1882 and virtually renders inoperative all contractors' and recruiters' licenses issued under it. It will be impossible (or at least a useless waste of labour) to work the both Acts at the same time. I consider that it will be a hardship to require contractors and recruiters whose licenses still have a term to run to get fresh licenses under the new Act, and as the fees the same, I would ask the sanction of Government to change free of charge existing licenses under Act for licenses (to expire on the same date as the old one) under the other.

8. Referring to para 6 of the Government Order, I beg to state that proposal to charge fees under Section 30 was a mistake.

I have the honor to be
Sir

Your most obedient servant

CHIEF SECRETARY
12 MAY 92

Submitting revised do
rules under the Indian
Emigration Act I of 1882

Enclm
Notification.

3 Jan

The Governor in Council is pleased to make
the following rules under the Indian Emigration
Act I of 1882.

Chapter I
General Rules.

Rules and forms under the Indian Emigra-
tion law. -

1. The forms attached to these rules
are prescribed for the several purposes specified
in the rules } in the heading of each, and shall
be taken as part of the rules.

2. The following shall be the amount of
fees payable } the several fees payable under
under the act } the provisions of the act. -

Under section 13, the fee for a Contractor's
license (form No. 1) shall be Rs. 100 and that for
a Sub-Contractor's (form No. 2) Rs. 50.

Under section 24 the fee for a recruitment
license shall be Rs. 10.

Under sections 35 and 68 the fee for each
person produced before a registering officer for
the purpose of being registered as a laborer
(forms Nos. 9 and 26 respectively) shall be
one anna.

Under section 71, the fee payable to a
Medical officer for each laborer examined
by him shall be 4 annas.

3. The same provision in every respect
shall be made for the dependents of laborers
as for the laborers themselves, and all
rules regulating the treatment and transport
of laborers shall be applicable to their
dependents also.

Dated at The 189 } Superintendent of Emigrants at Chakrapur
Depot Management.

14. The Superintendent, or his Assistant shall regularly visit every depot when accommodation of Emigrants, and shall see that the provisions of the act are fully carried out in the case of all laborers and their dependents arriving at such depot, and that the terms of their engagement to work in the labor districts are thoroughly understood by them.

15. The sanitary state of the depots shall be the special care of the Medical Inspector. He shall

visit the depots regularly, and see that necessary
supervision of depots by medical
Inspector — } precautions are taken against
Communicable disease, that

the hospital and other medical arrangements
at the depots are sufficient that all emigrants
unprotected against small pox are properly
vaccinated, and that the depot arrangements
generally for the keep and health of emigrants
are satisfactory from a medical point of
view. At the close of every month he shall
submit a report of his inspections in the pre-
scribed form (No 10) to the Superintendent.

16. At each depot there shall be kept a
visitors book in which the Superintendent and
visiting book for } the Medical Inspector shall
inspecting officers } enter their orders or remarks
and the dates of their visits. During such
visits the Contractor or his agent shall, with-
out fail place the depot and hospital registers
before the Superintendent and the Medical
Inspector respectively for inspection, and shall
on no account alter or correct any entries
made therein without their knowledge and
sanction.

17. All orders of the Superintendent
and the Medical Inspector shall be carried
compliance with } out by the Contractor and
orders of emigra- } their employes, on pain of
tion officers — } Cancellation of license, or
loss of appointment respectively. Should
a Contractor consider that any order given
to him by the Superintendent or Medical
Inspector is unreasonable, he shall be
at liberty to appeal against such order if
passed by the Superintendent and Medical
Inspector at Copalpo to the Superin-
tendent of Emigration at Chetumal, or
if passed by the Superintendent of Emigration,
Chetumal

Chetumal to the Government of Yucatan.
Until, however, the order shall have been re-
versed by a higher authority it must be
carried out.

18. If the Contractor does not himself
live in his depot premises, he shall appoint
Subject to the approval of the
appointment of } Superintendent a proper person
depot agent } as his agent, who shall reside
there constantly, and conduct the business
on the Contractor's responsibility. Every such
agent shall be registered in the Superintendent's
office.

19. Every Contractor shall be responsible
for any offence against the rules committed
by his agent at any place in the
infraction of } same manner and to the same
rules by Contractor } extent as though he himself had committed
such offence.

20. The Contractor or his agent shall keep
depot registers in the prescribed forms Nos 11 and
Depot registers } 21 respectively) and shall punctu-
and returns — } ally and accurately make
the required entries therein. Monthly returns of
sickness in depot shall likewise be prepared
in the prescribed form (No 13) and punctually
forwarded to the Office of the Superintendent by
the 15th of the month following that for which
they become due. Any default in these res-
pects, or in the submission of prescribed
returns generally when due, shall render the agent
liable to loss of his appointment, and the Con-
tractor failing to adopt promptly the necessary
remedial measures to cancellation of his license.

21. The Contractor either directly or through
his agent, shall be responsible for the good treatment
Responsibility of } and care of emigrants, none of
Contractor in caring } whom shall be discharged from
for emigrants — } the depot without the permission of the Superintendent.

He

He shall moreover, be responsible to the Medical Inspector specially for the sanitary state of the depot, and for the feeding, clothing and medical treatment of all the Emigrants accommodated therein.

22. The sheds, hospitals, latrines, drains etc. shall be constantly inspected and any defects in them shall be immediately remedied. } Repairs of Depot sheds. —
Ined plastered walls shall be whitewashed once a month.

23. On arrival of Emigrants at the Depot, they shall be inspected by the Contractor or his agent and by the Resident Medical Officer. } Procedure on arrival of Emigrants in depot. —
Their names shall be entered in the depot register and their arrival reported in the prescribed form (No. 15) in the forenoon of the next day to the Superintendent. Any casualty occurring in depot shall be reported in the prescribed form (No. 16).

24. The Contractor shall ascertain that those sections of the Act which provide } Irregularities of recruits for the registration and for the proper care and treatment of Emigrants previous to their entering the depot, have been complied with and shall immediately thereafter submit a report regarding any recruits, or other person in charge, who may be found to have infringed the law.

25. The Emigrants shall be properly distributed at night in their sleeping sheds according to the number each shed is licensed } Prevention of overcrowding in sleeping shed. to accommodate, and shall be prevented from crowding together. —

26. Excepting locked lanterns hung in the hospital, and at the entrance of every sleeping shed, all lights and fires shall be put out by 9 O'clock at night. } Extinguishing of lights at night.

27. Excreta from the hospital or latrines JW
filth of any description shall not be left in the depot. D.D.
Disposal of Excreta — } within at least one thousand feet of any source of drinking water; nor be thrown into stagnant pools and nullahs which may happen to be near the depot.

28. The Contractor or his agent shall arrange with the Vaccination Department for the vaccination of every Emigrant } unprotected from small pox as soon as possible after admission into the depot.

29. Sick Emigrants, excepting those suffering from Cholera or other dangerously communicable disease, and other } Treatment of sick Emigrants — shall not be sent to any other than the depot hospital, nor be removed thence, nor from the depot without the written permission of the Medical Inspector.

30. On the death of any intending Emigrant, the Contractor or agent or Medical Officer shall immediately make an inventory of the property

Disposal of property of deceased Emigrants } of such Emigrant in a report in the prescribed form (No. 21) to be kept for the purpose and shall forward such property as early as practicable to the office of the Superintendent for disposal. The claims made by relatives in depot, if any, shall duly be communicated to the Superintendent, who shall, after making enquiry as to the heirs, dispose of the estate as circumstances may render necessary.

31. All Emigrants that are declared by the Medical Inspector to be unfit to emigrate } Disposal of rejected Emigrants — and are finally rejected by the Contractor or his agent, shall be returned through the Superintendent's Office to the district of registration at the expense

of the Contractor, unless they of their own accord insist on being discharged on the spot when they shall be treated, save in respect of Compensation in the same manner as Emigrants for whom Contractors fail to find employment.

32. When the employer or his agent has selected in any depot the laborers required application for by him, a written application for the placing of such laborers on Contract shall be sent by the Contractor concerned or his agent to the Superintendent of Emigration at least one day before the date fixed upon for execution of Contract.

33. The Superintendent, when placing laborers on Contract, shall invariably satisfy himself that the employer or his agent has affixed his signature to all the Contract papers and that the laborers thoroughly understand, and accept the terms and conditions of the Contract they are executing.

An abstract of every such Contract shall be entered in a register to be kept by the Superintendent in the prescribed form (No. 20).

34. Every batch of Emigrants prior to despatch from depot, shall be provided with a way bill in the prescribed form (No. 20) and the Contractor or his agent shall caution the person in charge to take care of the documents, and on arrival at Calcutta to produce it with his Emigrants before the Superintendent of Emigration there. —

MAY 1892, No. , PUBLIC.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From E. C. JOHNSON, Esq., Collector of Ganjam, to the Chief Secretary to Government, dated Chatrapur, 23rd April 1892, Ref. No. 478, Eng.

I have the honour to furnish the information called for in G.O., dated 1st April 1892, No. 218, Public, in connection with the extension to this district of the Inland Emigration Act I of 1882.

2. With reference to paragraphs 4 and 5 of the Government Order, I have the honour to state that some of those who hold contractors' licenses under Madras Act V of 1866 have intimated to me their intention to take out contractors' licenses under Act I of 1882. It will, therefore, be necessary to provide for contractors' depôts, to frame rules for them and to appoint the Port Officer a Superintendent of Emigration for the purpose of performing duties under sections 20 and 39 to 49 of the Act and the Apothecary at Gopálpur a Medical Inspector under section 40. The limits of the Port Officer's jurisdiction as Superintendent of Emigration may be "the limits of the port and village of Gopálpur."

3. As Government expresses an opinion that the Bengal depôt rules should be adopted, I have drafted rules on those lines, but with considerable modifications which are rendered necessary by different conditions. The Bengal rules are intended for a very different state of things to what we shall have here; they are far too elaborate and require costly precautions, which the business here will not be large enough to enable contractors to afford. They are intended for depôts where emigrants are drawn from much larger areas and in much greater numbers than they will be here; in fact they deal with thousands where we shall have to deal with hundreds only. Bengal contractors here tell me that the result of the rules there being so elaborate is that they are not really complied with, and omissions are habitually winked at, the rules being, as they say, "*Dekna ke waste*" only. This, of course, is a most unsatisfactory state of affairs which I should be very sorry to see introduced here.

4. Emigrants here are never collected in large numbers, as there are steamers at least once a week, sometimes much oftener. There are seldom more than 100 collected in all the depôts here (at present four in number). Such an elaborate return as Form 12 (depôt accommodation report) of the Bengal rules seems to me quite unnecessary here; under the Bengal rules a separate hospital and a Resident Medical Officer is required at each depôt—vide rules 15, 16 and 28. This contractors here will certainly not be able to provide. They will have to arrange with the officer in charge of the Local Fund dispensary to attend their hospital when necessary.

5. I have, therefore, been obliged to omit much that finds place in the Bengal rules, but the draft rules I propose provide, in my opinion, for everything essential. Government has remarked that we have nothing to do with the emigrants after they leave this Presidency; but as it is necessary to provide some point of contact with Bengal in view to supervision there, I have provided that emigrants on arrival at Calcutta should be produced before the Superintendent of Emigration there.

6. Referring to paragraph 5 of the Government Order under reply, I beg to point out that, as recruiters are licensed only on application by a contractor (section 23 of the Act), there can be no recruiters if there are no contractors. In the absence of contractors the work would be done by "Garden Sirdars," and the accommodation to be provided will be under section 57.

7. While on the subject of contractors, I request the orders of Government on the following point. The introduction of Act I of 1882 practically puts an end to work under Madras Act V of 1866, and virtually renders inoperative all contractors' and recruiters' licenses issued under it. It will be impossible (or at least a useless waste of labour) to work under both Acts at the same time. I consider that it would be a hardship to require contractors and recruiters whose licenses still have a term to run to pay for fresh licenses under the new Act, and, as the fees are the same, I would ask the sanction of Government to exchange free of charge existing licenses under one Act for licenses (to expire on the same date as the old one) under the other.

8. Referring to paragraph 6 of the Government Order, I beg to state that my proposal to charge fees under section 30 was a mistake.

ENCLOSURES.

NOTIFICATION.

The Governor in Council is pleased to make the following rules under the Inland Emigration Act I of 1882:—

CHAPTER I.

General Rules.

RULES AND FORMS under the Inland Emigration law.

Inclusion of forms in the rules.

1. The forms attached to these rules are prescribed for the several purposes specified in the heading of each and shall be taken as part of the rules.

Fees payable under the Act.

2. The following shall be the amount of the several fees payable under the provisions of the Act:—

Under section 13 the fee for a contractor's license (Form No. 1) shall be Rs. 100 and that for a sub-contractor's (Form No. 2) Rs. 50.

Under section 24 the fee for a recruiter's license shall be Rs. 10.

Under sections 35 and 68 the fee for each person produced before a Registering officer for the purpose of being registered as a laborer (Forms Nos. 3 and 30, respectively) shall be one rupee.

Under section 71 the fee payable to a Medical officer for each laborer examined by him shall be 4 annas.

3. The same provision in every respect shall be made for the dependents of laborers as for the laborers themselves, and all rules regulating the treatment and transport of laborers shall be applicable to their dependents also.

4. Every Superintendent of Emigration and every Registering officer shall forward, as early as possible, and not later than one month after the close of every calendar year, a report reviewing all the operations of that year connected with the recruitment, accommodation in depot and transport of emigrants within the local limit of his jurisdiction to the Superintendent of Emigration, Chatrapur, who, not later than two months after the close of the calendar year, shall submit a report to the Government of Fort St. George.

No. 1.

Form of Contractor's license, Register No. of 189.

, resident of , is hereby licensed to act within the district of as a contractor for recruiting and supplying natives of India for the purpose of laboring for hire in the labour districts under the provisions of "The Inland Emigration Act" I of 1882.

This license will be in force for one year only from this date, and may be cancelled at any time by the Superintendent of Emigration, district, if the licensee fails to comply with any of the provisions of the said Act, or is guilty of any other misconduct.

Dated at
The

189 .}

Superintendent of Emigration, District.

No. 2.

Form of Sub-Contractor's license, Register No. of 189.

, as described in the subjoined roll, is hereby licensed to act on behalf of the licensed contractor as a sub-contractor, within the local area specified below, and to represent the said contractor in all matters connected with the engagement of laborers and the recruiting or supplying natives of India for the purpose of laboring for hire in the labour districts under the provisions of "The Inland Emigration Act" I of 1882.

This license will be in force for one year only from this date, and may be cancelled at any time by the Superintendent of Emigration, district, if the licensee fails to comply with any of the provisions of the said Act, or is guilty of any other misconduct.

Dated at
The

189 .}

Licensed Contractor.

Depôts.

6. The site of every depôt shall be cleared, levelled and drained; and all exposed wells and tanks shall be properly fenced in and protected from surface drainage, which, if necessary, may be required to be effected by the construction of masonry drains.

Sites of depôts.

7. Sleeping sheds shall be distinct from cooking sheds and shall be provided with raised platforms high enough to admit of the ground below being readily cleaned; and mats shall be supplied in all cases where such platforms are not boarded.

Depôt sleeping sheds.

8. In each sleeping shed the number of emigrants to be accommodated shall be calculated at the uniform rate of not less than fourteen superficial feet of space to each person; and shall never exceed that specified in the depôt license (Form No. 1) granted by the Superintendent of Emigration, a copy of which shall be posted in a conspicuous place for the information of visiting officers.

Sleeping shed accommodation according to depôt license.

9. Air and light shall be admitted freely into sleeping sheds through large openings for doors and windows, and through open spaces sheltered by the eaves, and moveable screens shall be fitted to all openings intended for doors and windows.

Ventilation of depôt sleeping sheds.

10. Cooking sheds, with fire places arranged in a row, shall have mud-plastered walls and, wherever possible, tiled roofs, and a proper receptacle for rice-water and other kitchen refuse shall be provided.

Depôt cooking sheds.

11. A plentiful supply of the purest water obtainable shall be always provided for drinking, cooking and washing as required by the Medical officer.

Depôt water-supply.

12. Latrines shall be separately provided for males and females and placed in an accessible position. The plan of the latrines and the system adopted for the daily removal of night-soil and other refuse matter shall be subjected to the approval of the Medical inspector.

Depôt latrines.

13. A hospital for ordinary cases with separate wards for male and female patients shall be provided. The ward shall be dry, well raised, thoroughly ventilated, well lighted and furnished, with a separate platform for each patient, which, when not boarded, shall be covered with matting.

Depôt hospital.

FORM of Depôt License.

_____, contractor, is hereby authorized to accommodate the number of emigrants entered against it.

in each shed of his depôt at _____

Sleeping shed 1					
Do. 2					
Do. 3					
Do.					
Total number allowed in depôt ..					
Hospital shed 1					
Do. 2					

N.B.—Space in sleeping sheds is calculated at 14 superficial feet and in hospital sheds at 28 superficial feet to each emigrant.

A fresh license will be required if the sheds are increased in number or size.

Dated at _____
The _____ 189 }.

Superintendent of Emigration at Chatrapur.

DEPOT MANAGEMENT.

14. The Superintendent or his assistant shall regularly visit every depôt when accommodating emigrants, and shall see that the provisions of the Act are fully carried out in the case of all laborers and their dependents arriving at such depôt, and that the terms of their engagement to work in the labour districts are thoroughly understood by them.

Supervision of depôts by Superintendent.

15. The sanitary state of the depôts shall be the special care of the Medical inspector. He shall visit the depôts regularly and see that all necessary precautions are taken against communicable disease; that the hospital and other medical arrangements at the depôts are sufficient; that all emigrants unprotected against small-pox are properly vaccinated; and that the depôt arrangements generally for the health of emigrants are satisfactory from a medical point of view. At the close of every month he shall submit a report of his inspections in the prescribed form (No. 10) to the Superintendent.

Supervision of depôts by Medical inspector.

16. At each depôt there shall be kept a visitors' book in which the Superintendent and the Medical inspector shall enter their orders or remarks and the dates of their visits. During such visits the contractor or his agent shall, without fail, place the depôt and hospital registers before the Superintendent and the Medical inspector, respectively, for inspection, and shall on no account alter or correct any entries made therein without their knowledge and sanction.

Visiting book for Inspecting officers.

17. All orders of the Superintendent and the Medical inspector shall be carried out by the contractors and their employés on pain of cancellation of license, or loss of appointment, respectively. Should a contractor consider that any order given to him by the Superintendent or Medical inspector is unreasonable, he shall be at liberty to appeal against such order, if passed by the Superintendent and Medical inspector at Gopálpur, to the Superintendent of Emigration at Chatrapur, or, if passed by the Superintendent of Emigration, Chatrapur, to the Government of Madras. Until, however, the order shall have been reversed by a higher authority it must be carried out.

Compliance with orders of Emigration officers.

Office? 2
Note
This depends on the Contractor?
dele.
Cancellation
Office? 2
2

18. If the contractor does not himself live in his depôt premises, he shall appoint, subject to the approval of the Superintendent, a proper person as his agent, who shall reside there constantly and conduct the business on the contractor's responsibility. Every such agent shall be registered in the Superintendent's office.

Appointment of depôt agent.

19. Every contractor shall be responsible for any offence against the rules committed by his agent at any place in the same manner and to the same extent as though he himself had committed such offence.

Infringement of rules by contractor's agent.

20. The contractor or his agent shall keep depôt registers in the prescribed forms (Nos. 11 and 12, respectively) and shall punctually and accurately make the required entries therein.

Depôt registers and returns.

Monthly returns of sickness in depôt shall likewise be prepared in the prescribed form (No. 13) and punctually forward to the office of the Superintendent by the 15th of the month following that for which they become due. Any default in these respects, or in the submission of prescribed returns generally when due, shall render the agent liable to loss of his appointment, and the contractor failing to adopt promptly the necessary remedial measures to cancellation of his license.

21. The contractor either directly or through his agent shall be responsible for the good treatment and care of emigrants, none of whom shall be discharged from the depôt without the permission of the Superintendent. He shall, moreover, be responsible to the Medical inspector specially for the sanitary state of the depôt and for the feeding, clothing and medical treatment of all the emigrants accommodated therein.

Responsibility of contractors in caring for emigrants.

22. The sheds, hospitals, latrines, drains, &c., shall be constantly inspected and any defects in them shall be immediately remedied. Mud-plastered walls shall be whitewashed once a month.

Repairs of depôt sheds.

23. On arrival of emigrants at the depôt, they shall be inspected by the contractor or his agent and by the Resident Medical officer; their names shall be entered in the depôt register and their arrival reported in the prescribed form (No. 15) in the forenoon of the next day to the Superintendent. Any casualty occurring in depôt shall be reported in the prescribed form (No. 16).

Procedure on arrival of emigrants in depôt.

24. The contractor shall ascertain that those sections of the Act which provide for the registration and for the proper care and treatment of emigrants previous to their entering the depot have been complied with and shall immediately thereafter submit a report regarding any recruiter or other person in charge who may be found to have infringed the law.

Irregularities of recruiters.

25. The emigrants shall be properly distributed at night in their sleeping sheds according to the number each shed is licensed to accommodate, and shall be prevented from crowding together.

Prevention of over-crowding in sleeping sheds.

26. Excepting locked lanterns hung in the hospital and at the entrance of every sleeping shed, all lights and fires shall be put out by 9 o'clock at night.

Extinguishing of lights at night.

27. Excreta from the hospital or latrines and filth of any description shall not be buried within at least one thousand feet of any source of drinking-water, nor be thrown into stagnant pools and nullahs which may happen to be near the depôts.

Disposal of excreta.

28. The contractor or his agent shall arrange with the Vaccination department for the vaccination of every emigrant unprotected from small-pox as soon as possible after admission into the depot.

Vaccination of emigrants.

29. Sick emigrants, excepting those suffering from cholera or other dangerously communicable disease, and otherwise provided for, shall not be sent to any other than the depot hospital, nor be removed thence nor from the depot

Treatment of sick emigrants.

without the written permission of the Medical inspector.

30. On the death of any intending emigrant, the contractor or agent or Medical officer shall immediately make an inventory of the property of such emigrants in a register in the prescribed form (No. 21) to be kept for the purpose, and shall forward such property as early as practicable to the office of the Superintendent for disposal. The claims made by relatives in depôt, if any, shall duly be communicated to the Superintendent, who shall, after making inquiry as to the heirs, dispose of the estate as circumstances may render necessary.

Disposal of property of deceased emigrants.

31. All emigrants ~~that~~ are declared by the Medical Inspector to be unfit to emigrate and are finally rejected by the contractor or his agent, shall be returned through the Superintendent's office to the districts of registration at the expense of the contractor, unless they of their own accord insist on being discharged on the spot, when they shall be treated, save in respect of compensation, in the same manner as emigrants for whom contractors fail to find employment.

Disposal of rejected emigrants.

32. When the employer or his agent has selected in any depôt the laborers required by him, a written application for the placing of such laborers on contract shall be sent by the contractor concerned, or his agent, to the Superintendent of Emigration at least one day before the date fixed upon for execution of contract.

Application for execution of labour contracts.

33. The Superintendent, when placing laborers on contract, shall invariably satisfy himself that the employer or his agent has affixed his signature to all the contract papers, and that the laborers thoroughly understand, and accept the terms and conditions of, the contract they are executing. An abstract of every such contract shall be entered in a register to be kept by the Superintendent in the prescribed form

Knowledge and acceptance of terms of laborers.

34. Every batch of emigrants, prior to despatch from depot, shall be provided with a way bill in the prescribed form (No. 20), and the contractor or his agent shall caution the person in charge to take care of the document, and, on arrival at Calcutta, to produce it with his emigrants before the Superintendent of Emigration there.

Provision of way bill for journey.

on arrival at Calcutta, to produce it with his emigrants before the Superintendent of Emigration there.

Don't forget

What is meant by the Medical Inspector in these rules? I suppose the Apothecary at Fozulpur. The Medical Officer is I suppose the officer in charge of the local fund Disp? But probably the two are the same?

Is the Superintendent of the depot head of the district of the med. Officer app? under Sec 30?

Please see...

Each Inspecting officer recording an entry should sign the way bill. This way bill with the emigrants must, on arrival at Calcutta, be produced before the Superintendent of Emigration there.

Inland Emigration - Gauans

The forms have been renumbered consecutively as directed and the necessary consequent alterations made in the Rules.

It is submitted that the ~~Rules~~ ^{act} provides for two Medical officers:-

1. Under Section 30 - The Medical officer or Examiner who examines the recruits as to their physical fitness before they are taken to a depot.
2. Under Section 40 - The Medical Inspector who examines the labourer at the depot as to his fitness to proceed to the labour district.

The apothecary at Gopalpur has already been appointed under § 30. G.O. dt 1.4.92, No. 218; & he is now to be appointed under § 40. His duties will be distinct, and his double appt. may tend to facilitate matters.

In addition to the two Medical ^{men} referred to above the Bengal Rules provide for there being a Resident Medical officer at each depot. He is in

The employ of the Contractor and looks after the inmates of the depot. The Medical Inspector - appointed by Govt - supervises the work of the Resident M.O. but as the latter - not being a Govt servant - cannot be held responsible for the sanitary condition of the depot, the former is.

The Collector evidently considers it essential that the Contractor should arrange for the medical care of the laborers in his depot ^(it is subd. it is) and hence the provision for a "Medical Officer". It is subd. that the following may with advantage be inserted as Rule 12:-

"The officer referred to in Rule 11 and in subsequent rules as 'the Medical Officer' is the duly qualified person who is to be engaged by the Contractor at his own expense to supervise the hospital and the other medical arrangements at his depot. If the Contractor is unable to provide - or there is no necessity for having - a resident Medical Officer he should make other ^{available} arrangements

subject)
(to the approval of the Supt: of Emigration, Chatrapur".

It is further subd. that the use of the term "Medical Inspector" in Rules 12, 15, 16, 17, 21 & 29 is correct.

It is thought that it may be inferred from para 2 & 4 of the Collector's letter that the Apothecary at Gopalpur and "the" offr. in charge of the L. F. Dispensary are not one and the same individual. He is.

40 B.
23/5.

25 May

If he is the name of the check by the Medical Inspector on the medical Officer vanishes.

I think we had better leave the rules as drafted by the Collector & put a para in the Draft Co. asking him to state whether the Medical Officer & the Medical Inspector are the same person; & whether it is necessary to appoint the Apothecary at Gopalpur under Rs 40 as well as under Rs 30. & whether with reference to them points the rules require any amendment.

"Resident" being omitted

PUBLIC DEPARTMENT.

READ—the following paper:—

From E. C. JOHNSON, Esq., Collector of Ganjam, to the Chief Secretary to Government, dated Chatrapur, 23rd April 1892, Ref. No. 478, Eng.

I have the honour to furnish the information called for in G.O., dated 1st April 1892, No. 218, Public, in connection with the extension to this district of the Inland Emigration Act I of 1882.

2. With reference to paragraphs 4 and 5 of the Government Order, I have the honour to state that some of those who hold contractors' licenses under Madras Act V of 1866 have intimated to me their intention to take out contractors' licenses under Act I of 1882. It will, therefore, be necessary to provide for contractors' depôts, to frame rules for them and to appoint the Port Officer a Superintendent of Emigration for the purpose of performing duties under sections 20 and 39 to 49 of the Act and the Apothecary at Gopálpur a Medical Inspector under section 40. The limits of the Port Officer's jurisdiction as Superintendent of Emigration may be "the limits of the port and village of Gopálpur."

3. As Government expresses an opinion that the Bengal depôt rules should be adopted, I have drafted rules on those lines, but with considerable modifications which are rendered necessary by different conditions. The Bengal rules are intended for a very different state of things to what we shall have here; they are far too elaborate and require costly precautions, which the business here will not be large enough to enable contractors to afford. They are intended for depôts where emigrants are drawn from much larger areas and in much greater numbers than they will be here; in fact they deal with thousands where we shall have to deal with hundreds only. Bengal contractors here tell me that the result of the rules there being so elaborate is that they are not really complied with, and omissions are habitually winked at, the rules being, as they say, "*Dekna ke waste*" only. This, of course, is a most unsatisfactory state of affairs which I should be very sorry to see introduced here.

4. Emigrants here are never collected in large numbers, as there are steamers at least once a week, sometimes much oftener. There are seldom more than 100 collected in all the depôts here (at present four in number). Such an elaborate return as Form 12 (depôt accommodation report) of the Bengal rules seems to me quite unnecessary here; under the Bengal rules a separate hospital and a *Resident Medical Officer* is required at each depôt—*vide* rules 15, 16 and 28. This contractors here will certainly not be able to provide. They will have to arrange with the officer in charge of the Local Fund dispensary to attend their hospital when necessary.

5. I have, therefore, been obliged to omit much that finds place in the Bengal rules, but the draft rules I propose provide, in my opinion, for everything essential. Government has remarked that we have nothing to do with the emigrants after they leave this Presidency; but as it is necessary to provide some point of contact with Bengal in view to supervision there, I have provided that emigrants on arrival at Calcutta should be produced before the Superintendent of Emigration there.

6. Referring to paragraph 5 of the Government Order under reply, I beg to point out that, as recruiters are licensed only on application by a contractor (section 23 of the Act), there can be no recruiters if there are no contractors. In the absence of contractors the work would be done by "Garden Sirdars," and the accommodation to be provided will be under section 57.

7. While on the subject of contractors, I request the orders of Government on the following point. The introduction of Act I of 1882 practically puts an end to work under Madras Act V of 1866, and virtually renders inoperative all contractors' and recruiters' licenses issued under it. It will be impossible (or at least a useless waste of labour) to work under both Acts at the same time. I consider that it would be a hardship to require contractors and recruiters whose licenses still have a term to run to pay for fresh licenses under the new Act, and, as the fees are the same, I would ask the sanction of Government to exchange free of charge existing licenses under one Act for licenses (to expire on the same date as the old one) under the other.

8. Referring to paragraph 6 of the Government Order, I beg to state that my proposal to charge fees under section 30 was a mistake.

ENCLOSURES.

NOTIFICATION.

The Governor in Council is pleased to make the following rules under the Inland Emigration Act I of 1882.

CHAPTER I.

General Rules.

RULES AND FORMS under the Inland Emigration law.

Inclusion of forms in the rules.

1. The forms attached to these rules are prescribed for the several purposes specified in the heading of each and shall be taken as part of the rules.

Fees payable under the Act.

2. The following shall be the amount of the several fees payable under the provisions of the Act:—

Under section 13 the fee for a contractor's license (Form No. 1) shall be Rs. 100 and that for a sub-contractor's (Form No. 2) Rs. 50.

Under section 24 the fee for a recruiter's license shall be Rs. 10.

Under sections 35 and 68 the fee for each person produced before a Registering officer for the purpose of being registered as a laborer (Forms Nos. 4 and 5, respectively) shall be one rupee.

Under section 71 the fee payable to a Medical officer for each laborer examined by him shall be 4 annas.

3. The same provision in every respect shall be made for the dependents of laborers as for the laborers themselves, and all rules regulating the treatment and transport of laborers shall be applicable to their dependents also.

4. Every Superintendent of Emigration and every Registering officer shall forward, as early as possible, and not later than one month after the close of every calendar year, a report reviewing all the operations of that year connected with the recruitment, accommodation in depôt and transport of emigrants within the local limits of his jurisdiction to the Superintendent of Emigration, who, not later than two months after the close of the calendar year, shall submit a complete report for the whole district to Government.

No. 1.

FORM of Contractor's license, Register No. of 189 .

, resident of , is hereby licensed to act within the district of as a contractor for recruiting and supplying natives of India for the purpose of laboring for hire in the labour districts under the provisions of "The Inland Emigration Act" I of 1882.

This license will be in force for one year only from this date, and may be cancelled at any time by the Superintendent of Emigration, district, if the licensee fails to comply with any of the provisions of the said Act, or is guilty of any other misconduct.

Dated at The 189 . Superintendent of Emigration, District.

No. 2.

FORM of Sub-Contractor's license, Register No. of 189 .

, as described in the subjoined roll, is hereby licensed to act on behalf of the licensed contractor as a sub-contractor, within the local area specified below, and to represent the said contractor in all matters connected with the engagement of laborers and the recruiting or supplying natives of India for the purpose of laboring for hire in the labour districts under the provisions of "The Inland Emigration Act" I of 1882.

This license will be in force for one year only from this date, and may be cancelled at any time by the Superintendent of Emigration, district, if the licensee fails to comply with any of the provisions of the said Act, or is guilty of any other misconduct.

Dated at The 189 . Superintendent of Emigration, District.

Descriptive particulars.

Name.	Father's name.	Residence.	Remarks.

Superintendent of Emigration, District.

Date of registration.	Registration number.	Names of laborers and dependents.	Father's name.	Caste.	Age.	Sex.	District.	Taluk.	Village.	Whether laborer or dependent.	Relationship, if any, to others in the batch.	Name of Garden Sirdar by whom recruited.	District where registered.	Whether medically examined under section 70 or not.	Names of gardens and district for which engaged.	Period.	Nature.	Minimum rate of wages.	Maximum price at which rice is to be supplied.	Labor district to which to proceed.	By whom to be conducted to garden.	Route to be taken to garden.	Remarks.

I hereby certify that I have duly examined the above-named laborers who have one and all acknowledged in my presence their willingness to enter into a contract for labour on the above terms, which have been fully explained to them; and I have further satisfied myself that no emigrant has been induced to have himself registered by any coercion, undue influence, fraud, misrepresentation or mistake.

Registrar of

N.B.—The above form will serve both for registration book under section 66 and for the abstract of contract under section 69 of Act I of 1882.

CHAPTER II.

Contractor's System of Recruitment.

Licenses.

5. Every contractor or sub-contractor desiring to obtain a license (Form No. 6) for any intending recruiter shall submit an application on his behalf to the Superintendent of Emigration, district, and shall forward therewith a

certificate of good character in the prescribed form (No. 7) obtained from the Magistrate of the district of which such intending recruiter is a resident. If the renewal of a recruiting license, the term of which has expired, be desired, he shall forward with his application a certificate of identity of the recruiter concerned in the prescribed form (No. 8) similarly obtained, or shall direct such recruiter to attend at the office of the Superintendent for identification, when application for renewal of his license is submitted. The certificate to be given by a contractor to a recruiter under section 26 of the Act shall be in Form No. 9.

No. 6.

Form of Recruiter's license, Register No. of 189 .

, as described in the annexed roll, is hereby licensed to act on behalf of the licensed contractor as a recruiter within the of only, for the purpose of engaging or inducing natives to proceed to the labour districts in order to labour therein for hire, under the provisions of "The Inland Emigration Act I" of 1882.

This license will be in force for one year only from this date, and may be cancelled at any time by the Superintendent of Emigration, if the recruiter fails to comply with any of the provisions of the Act or rules made thereunder, or is guilty of any other misconduct.

Licensed Contractor.

Depôts.

6. The site of every depôt shall be cleared, levelled and drained; and all exposed wells and tanks shall be properly fenced in and protected from surface drainage, which, if necessary, may be required to be effected by the construction of masonry drains.

Sites of depôts.

7. Sleeping sheds shall be distinct from cooking sheds and shall be provided with raised platforms high enough to admit of the ground below being readily cleaned; and mats shall be supplied in all cases where such platforms are not boarded.

Depôt sleeping sheds.

8. In each sleeping shed the number of emigrants to be accommodated shall be calculated at the uniform rate of not less than fourteen superficial feet of space to each person; and shall never exceed that specified in the depôt license (Form No. 10) granted by the Superintendent of Emigration, a copy of which shall be posted in a conspicuous place for the information of visiting officers.

9. Air and light shall be admitted freely into sleeping sheds through large openings for doors and windows, and through open spaces sheltered by the eaves, and moveable screens shall be fitted to all openings intended for doors and windows.

Ventilation of depôt sleeping sheds.

10. Cooking sheds, with fire places arranged in a row, shall have mud-plastered walls and, wherever possible, tiled roofs, and a proper receptacle for rice-water and other kitchen refuse shall be provided.

Depôt cooking sheds.

11. A plentiful supply of the purest water obtainable shall be always provided for drinking, cooking and washing as required by the Medical officer.

Depôt water-supply.

12. Latrines shall be separately provided for males and females and placed in an accessible position. The plan of the latrines and the system adopted for the daily removal of night-soil and other refuse matter shall be subjected to the approval of the Medical inspector.

Depôt latrines.

13. A hospital for ordinary cases with separate wards for male and female patients shall be provided. The ward shall be dry, well raised, thoroughly ventilated, well lighted and furnished with a separate platform for each patient, which, when not boarded, shall be covered with matting.

Depôt hospital.

Form of Depôt License.

_____, Contractor, is hereby authorized to accommodate the number of emigrants entered against it in each shed of his depôt at _____

Superintendent of Emigration at ~~Chattrap~~ _____

DEPOT MANAGEMENT.

14. The Superintendent or his assistant shall regularly visit every depôt when accommodating emigrants, and shall see that the provisions of the Act and of these Rules are fully carried out in the case of all laborers and their dependents arriving at such depôt, and that the terms of their engagement to work in the labour districts are thoroughly understood by them.

Supervision of depôts by Superintendent.

15. The sanitary state of the depôts shall be the special care of the Medical officer. He shall visit the depôts regularly and see that all necessary precautions are taken against communicable disease; that the hospital and other medical arrangements at the depôts are sufficient; that all emigrants unprotected against small-pox are properly vaccinated; and that the depôt arrangements generally for the maintenance and health of emigrants are satisfactory from a medical point of view. At the close of every month he shall submit a report of his inspections in the prescribed form (No. 11) to the Superintendent.

Supervision of depôts by Medical inspector.

16. At each depôt there shall be kept a visitors' book in which the Superintendent and the Medical officer shall enter their orders or remarks and the dates of their visits. During such visits the contractor or his agent shall, without fail, place the depôt and hospital registers before the Superintendent and the Medical inspector, respectively, for inspection, and shall on no account alter or correct any entries made therein without their knowledge and sanction.

Visiting book for inspecting officers.

17. All orders of the Superintendent and the Medical inspector shall be carried out by the contractors and their employés on pain of cancellation of license. Should a contractor consider that any order given to him by the Superintendent or Medical inspector is unreasonable, he shall be at liberty to appeal against such order, if passed by the Superintendent or Medical officer at ~~Chattrap~~, to the Superintendent of Emigration at ~~Chattrap~~, or, if passed by the Superintendent of Emigration, ~~Chattrap~~, to the Government of Madras. Until, however, the order shall have been reversed by a higher authority it must be carried out.

Compliance with orders of Emigration officers.

leave blank space

leave blank space

18. If the contractor does not himself live on his depôt premises, he shall appoint, subject to the approval of the Superintendent, a proper person as his agent, who shall reside there constantly and conduct the business on the

Appointment of depôt agent.

contractor's responsibility. Every such agent shall be registered in the Superintendent's office.

19. Every contractor shall be responsible for any offence against the rules committed by his agent at any place in the same manner and to the same extent as though he himself had committed such offence.

Infringement of rules by contractor's agent.

20. The contractor or his agent shall keep depôt registers in the prescribed forms (Nos. 12 and 13, respectively) and shall punctually and accurately make the required entries therein.

Depôt registers and returns.

Monthly returns of sickness in depôt shall likewise be prepared in the prescribed form (No. 14) and punctually forwarded to the office of the Superintendent by the 15th of the month following that for which they are due. Any default in these respects, or in the submission of prescribed returns generally when due, shall render the agent liable to loss of his appointment, and if the contractor fails to adopt promptly the necessary remedial measures his license will be liable to be cancelled.

21. The contractor either directly or through his agent shall be responsible for the good treatment and care of emigrants, none of whom shall be discharged from the depôt without the permission of the Superintendent. He shall, moreover, be responsible to the Medical officer specially for the sanitary state of the depôt and for the feeding, clothing and medical treatment of all the emigrants accommodated therein.

Responsibility of contractors in caring for emigrants.

22. The sheds, hospitals, latrines, drains, &c., shall be constantly inspected and any defects in them shall be immediately remedied. Mud-plastered walls shall be whitewashed once a month.

Repairs of depôt sheds.

23. On arrival of emigrants at the depôt, they shall be inspected by the contractor or his agent and by the Medical officer; their names shall be entered in the depôt register and their arrival reported in the prescribed form (No. 15) in the forenoon of the next day to the Superintendent. Any casualty occurring in the depôt shall be reported in the prescribed form (No. 16).

Procedure on arrival of emigrants in depôt.

24. The contractor shall ascertain that those sections of the Act which provide for the registration and for the proper care and treatment of emigrants previous to their entering the depot have been complied with and shall immediately thereafter submit a report regarding any recruiter or other person in charge who may be found to have infringed the law.

Irregularities of recruiters.

25. The emigrants shall be properly distributed at night in their sleeping sheds according to the number each shed is licensed to accommodate, and shall be prevented from crowding together.

Prevention of over-crowding in sleeping sheds.

26. Excepting looked lanterns hung in the hospital and at the entrance of every sleeping shed, all lights and fires shall be put out by 9 P.M.

Extinguishing of lights at night.

27. Excreta from the hospital or latrines and filth of any description shall not be buried within less than one thousand feet of any source of drinking-water, nor be thrown into stagnant pools and nullahs which may happen to be near the depôts.

Disposal of excreta.

28. The contractor or his agent shall arrange with the Vaccination department for the vaccination of every emigrant unprotected from small-pox as soon as possible after admission into the depot.

Vaccination of emigrants.

29. Sick emigrants, excepting those suffering from cholera or other dangerously communicable disease, and otherwise provided for, shall not be sent to any other than the depot hospital, nor be removed thence nor from the depot

Treatment of sick emigrants.

without the written permission of the Medical officer.

30. On the death of any intending emigrant, the contractor or agent or Medical officer shall immediately make an inventory of the property of such emigrants in a register in the prescribed form (No. 13) to be kept for the purpose, and shall forward such property as early as practicable to the office of the Superintendent for disposal. The claims made by relatives in depôt, if any, shall be duly communicated to the Superintendent, who shall, after making inquiry as to the heirs, dispose of the estate as circumstances may render necessary.

Disposal of property of deceased emigrants.

31. All emigrants who are declared by the Medical Inspector to be unfit to emigrate and are finally rejected by the contractor or his agent, shall be returned through the Superintendent's office to the districts of registration at the expense of the contractor, unless they of their own accord insist on being discharged on the spot, when they shall be treated, save in respect of compensation, in the same manner as emigrants for whom contractors fail to find employment.

Disposal of rejected emigrants.

32. When the employer or his agent has selected in any depôt the laborers required by him, a written application for the placing of such laborers on contract shall be sent by the contractor concerned, or his agent, to the Superintendent of Emigration at least one day before the date fixed upon for execution of contract.

Application for execution of labour contracts.

33. The Superintendent, when placing laborers on contract, shall invariably satisfy himself that the employer or his agent has affixed his signature to all the contract papers, and that the laborers thoroughly understand, and accept the terms and conditions of, the contract they are executing. An abstract of every such contract shall be entered in a register to be kept by the Superintendent in the prescribed form (No. 17).

34. Every batch of emigrants, prior to despatch from depot, shall be provided with a way bill in the prescribed form (No. 18), and the contractor or his agent shall caution the person in charge to take care of the document, and, on arrival at Calcutta, to produce it with his emigrants before the Superintendent of Emigration there.

Provision of way bill for journey.

Garden Sirdars system of recruitment.

35. Every employer of labour in charge of any estate in a labour district desiring to obtain, under section 59 of the Act, a license (Form No. 19) for any person to be a local agent for the purpose of representing him in the recruiting districts and supervising the collection of laborers by his garden sirdars, shall apply to the Superintendent of Emigration authorized to grant such license, either directly or through his agent.

Application for local Agent's license.

36. If any employer applies for a special license under section 62 (Form No. 20) on behalf of any local agent, in order to enable him to engage laborers without the intervention of a garden sirdar, and such local agent is at the time representing other employers by virtue of a license under section 59, the written consent of all such other employers to the grant of such special license shall invariably be obtained and furnished with the application.

37. Every local agent shall be held responsible for the proper conduct of recruitment by garden sirdars working under his supervision, and shall see that their recruiting operations are in all respects distinct and apart from those of contractors and their employes.

38. In every case in which the physical fitness for labour of intending emigrants is required by any employer in his sirdar's certificate (Form No. 21) to be determined previous to registration, the local agent, if any, or the sirdar of such employer, shall ensure the necessary medical examination (Form No. 22) and be otherwise directly responsible for the class of laborers engaged to proceed to the labour district.

39. The way bill (Form No. 23) required by section 76 to be provided for the journey shall be carefully and correctly filled in with all the necessary particulars regarding the laborers forming the batch by the sirdar or other person appointed to accompany them to their destination, and local agents, if any, shall be held responsible for the garden sirdar's fulfilment of this duty.

Provision of way bill for journey.

40. On the arrival of a batch of laborers at Calcutta, the sirdar or other person in charge shall make over the way bill of the batch to, and produce his emigrants before, the Superintendent of Emigration, Calcutta.

Return of way bills by employers.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From E. C. JOHNSON, Esq., Collector of Ganjam, to the Chief Secretary to Government, dated Chatrapur, 23rd April 1892, Ref. No. 478, Eng.

I have the honour to furnish the information called for in G.O., dated 1st April 1892, No. 218, Public, in connection with the extension to this district of the Inland Emigration Act I of 1882.

2. With reference to paragraphs 4 and 5 of the Government Order, I have the honour to state that some of those who hold contractors' licenses under Madras Act V of 1866 have intimated to me their intention to take out contractors' licenses under Act I of 1882. It will, therefore, be necessary to provide for contractors' depôts, to frame rules for them and to appoint the Port Officer a Superintendent of Emigration for the purpose of performing duties under sections 20 and 39 to 49 of the Act and the Apothecary at Gopálpur a Medical Inspector under section 40. The limits of the Port Officer's jurisdiction as Superintendent of Emigration may be "the limits of the port and village of Gopálpur."

3. As Government expresses an opinion that the Bengal depôt rules should be adopted, I have drafted rules on those lines, but with considerable modifications which are rendered necessary by different conditions. The Bengal rules are intended for a very different state of things to what we shall have here; they are far too elaborate and require costly precautions, which the business here will not be large enough to enable contractors to afford. They are intended for depôts where emigrants are drawn from much larger areas and in much greater numbers than they will be here; in fact they deal with thousands where we shall have to deal with hundreds only. Bengal contractors here tell me that the result of the rules there being so elaborate is that they are not really complied with, and omissions are habitually winked at, the rules being, as they say, "*Dekna ke waste*" only. This, of course, is a most unsatisfactory state of affairs which I should be very sorry to see introduced here.

4. Emigrants here are never collected in large numbers, as there are steamers at least once a week, sometimes much oftener. There are seldom more than 100 collected in all the depôts here (at present four in number). Such an elaborate return as Form 12 (depôt accommodation report) of the Bengal rules seems to me quite unnecessary here; under the Bengal rules a separate hospital and a *Resident Medical Officer* is required at each depôt—*vide* rules 15, 16 and 28. These contractors here will certainly not be able to provide. They will have to arrange with the officer in charge of the Local Fund dispensary to attend their hospital when necessary.

5. I have, therefore, been obliged to omit much that finds place in the Bengal rules, but the draft rules I propose provide, in my opinion, for everything essential. Government has remarked that we have nothing to do with the emigrants after they leave this Presidency; but as it is necessary to provide some point of contact with Bengal in view to supervision there, I have provided that emigrants on arrival at Calcutta should be produced before the Superintendent of Emigration there.

6. Referring to paragraph 5 of the Government Order under reply, I beg to point out that, as recruiters are licensed only on application by a contractor (section 23 of the Act), there can be no recruiters if there are no contractors. In the absence of contractors the work would be done by "Garden Sirdars," and the accommodation to be provided will be under section 57.

7. While on the subject of contractors, I request the orders of Government on the following point. The introduction of Act I of 1882 practically puts an end to work under Madras Act V of 1866, and virtually renders inoperative all contractors' and recruiters' licenses issued under it. It will be impossible (or at least a useless waste of labour) to work under both Acts at the same time. I consider that it would be a hardship to require contractors and recruiters whose licenses still have a term to run to pay for fresh licenses under the new Act, and, as the fees are the same, I would ask the sanction of Government to exchange free of charge existing licenses under one Act for licenses (to expire on the same date as the old one) under the other.

8. Referring to paragraph 6 of the Government Order, I beg to state that my proposal to charge fees under section 30 was a mistake.

ORDER—dated 10 June 1892, No. 390, Public.

The Port officer at Gopálpur will be appointed a Superintendent of Emigration and his jurisdiction limited as recommended. Before appointing the Apothecary at Gopálpur to be a Medical Inspector under section 40 of Act I of 1882, the Government desire to know whether he would be both the "Medical officer" and the "Medical Inspector" referred to in the rules. If so, the value of the check of the latter on the former disappears. The Collector will report whether it is necessary to appoint the Apothecary under section 40 as well as under section 30, and whether, with reference to these points, the rules require any modifications.

2. A few verbal alterations have been made in the rules submitted by the Collector and the forms embodied in them have been renumbered consecutively. The whole will now be issued for guidance in supersession of the notification in G.O., dated 1st April 1892, No. 218. *The blank spaces in the Rules should be filled in by the Collector. As approved they could conveniently be used in any District.*

3. The Collector's proposal in paragraph 7 of his letter is sanctioned.

4. These proceedings will be communicated to the Government of Bengal with reference to the instructions in rules 34 and 40.

5. The following notifications will be published in the Fort St. George and Ganjam District Gazettes:—

NOTIFICATION A.

The Governor in Council is pleased to make the following appointments in the Ganjam district under the provisions of Act I of 1882, the Inland Emigration Act:—

To be Superintendent of Emigration, Ganjam District.

The Collector of the district, at Chatrapur.

To be Superintendent of Emigration within the limits of the port and village of Gopálpur.

The Port officer, Gopálpur.

To be Registering Officers.

The Principal Assistant Collector,
 " Senior Assistant Collector,
 " General Deputy Collector, Goomsur,
 " Port officer, Gopálpur,
 " Treasury Deputy Collector, } each within his own jurisdiction.
 } for the whole district.

To be Medical Officers under section 30 of the Act.

The Assistant Surgeon at Berhampore.
 The Apothecaries at Gopálpur, Chicacole, Goomsur and Chatrapur.

2. The Collector of the district as a Superintendent of Emigration is hereby specially authorised to grant licenses under sections 12, 23 and 59 of the Act.

NOTIFICATION B.

The Governor in Council is pleased to make the following rules under Act I of 1882, the Inland Emigration Act:—

CHAPTER I.

General Rules.

RULES and FORMS under the Inland Emigration law.

Inclusion of forms in the rules.

1. The forms attached to these rules are prescribed for the several purposes specified in the heading of each and shall be taken as part of the rules.

Fees payable under the Act.

2. The following shall be the amount of the several fees payable under the provisions of the Act:—

Under section 13 the fee for a contractor's license (Form No. 1) shall be Rs. 100 and that for a sub-contractor's (Form No. 2) Rs. 50.

Under section 24 the fee for a recruiter's license shall be Rs. 10.

Under sections 35 and 68 the fee for each person produced before a Registering officer for the purpose of being registered as a laborer (Forms Nos. 4 and 5, respectively) shall be one rupee.

Under section 71 the fee payable to a Medical officer for each laborer examined by him shall be 4 annas.

3. The same provision in every respect shall be made for the dependents of laborers as for the laborers themselves, and all rules regulating the treatment and transport of laborers shall be applicable to their dependents also.

4. Every Superintendent of Emigration and every Registering officer shall forward, as early as possible, and not later than one month after the close of every calendar year, a report reviewing all the operations of that year connected with the recruitment, accommodation in depôt and transport of emigrants within the local limits of his jurisdiction to the Superintendent of Emigration, at who, not later than two months after the close of the calendar year, shall submit a complete report for the whole district to Government.

No. 1.

FORM of Contractor's license, Register No. of 189 .

, resident of , is hereby
 licensed to act within the district of as a contractor for recruiting and
 supplying natives of India for the purpose of laboring for hire in the labour districts under the
 provisions of "The Inland Emigration Act" I of 1882.

This license will be in force for one year only from this date, and may be cancelled at any time by the Superintendent of Emigration, district, if the licensee fails to comply with any of the provisions of the said Act, or is guilty of any other misconduct.

Depôts.

6. The site of every depôt shall be cleared, levelled and drained; and all exposed wells and tanks shall be properly fenced in and protected from surface drainage, which, if necessary, may be required to be effected by the construction of masonry drains.

Sites of depôts.

7. Sleeping sheds shall be distinct from cooking sheds and shall be provided with raised platforms high enough to admit of the ground below being readily cleaned; and mats shall be supplied in all cases where such platforms are not boarded.

Depôt sleeping sheds.

8. In each sleeping shed the number of emigrants to be accommodated shall be calculated at the uniform rate of not less than fourteen superficial feet of space to each person; and shall never exceed that specified in the depôt license (Form No. 10) granted by the Superintendent of Emigration, a copy of which shall be posted in a conspicuous place for the information of visiting officers.

9. Air and light shall be admitted freely into sleeping sheds through large openings for doors and windows, and through open spaces sheltered by the eaves, and moveable screens shall be fitted to all openings intended for doors and windows.

Ventilation of depôt sleeping sheds.

10. Cooking sheds, with fire places arranged in a row, shall have mud-plastered walls and, wherever possible, tiled roofs, and a proper receptacle for rice-water and other kitchen refuse shall be provided.

Depôt cooking sheds.

11. A plentiful supply of the purest water obtainable shall be always provided for drinking, cooking and washing as required by the Medical Officer.

Depôt water-supply.

12. Latrines shall be separately provided for males and females and placed in an accessible position. The plan of the latrines and the system adopted for the daily removal of night-soil and other refuse matter shall be subjected to the approval of the Medical Inspector.

Depôt latrines.

13. A hospital for ordinary cases with separate wards for male and female patients shall be provided. The ward shall be dry, well raised, thoroughly ventilated, well lighted and furnished, with a separate platform for each patient, which, when not boarded, shall be covered with matting.

Depôt hospital.

Superintendent of Emigration at

DEPOT MANAGEMENT.

14. The Superintendent or his assistant shall regularly visit every depot when accommodating emigrants, and shall see that the provisions of the Act and of these Rules are fully carried out in the case of all laborers and their dependents arriving at such depot, and that the terms of their engagement to work in the labour districts are thoroughly understood by them.

Supervision of depots by Superintendent.

15. The sanitary state of the depots shall be the special care of the Medical Inspector. He shall visit the depots regularly and see that all necessary precautions are taken against communicable disease: that the hospital and other medical arrangements at the depots are sufficient; that all emigrants unprotected against small-pox are properly vaccinated; and that the depot arrangements generally for the maintenance and health of emigrants are satisfactory from a medical point of view. At the close of every month he shall submit a report of his inspections in the prescribed form (No. 11) to the Superintendent.

Supervision of depots by Medical inspector.

16. At each depot there shall be kept a visitors' book in which the Superintendent and the Medical Inspector shall enter their orders or remarks and the dates of their visits. During such visits the contractor or his agent shall, without fail, place the depot and hospital registers before the Superintendent and the Medical Inspector, respectively, for inspection, and shall on no account alter or correct any entries made therein without their knowledge and sanction.

Visiting book for inspecting officers.

17. All orders of the Superintendent and the Medical Inspector shall be carried out by the contractors and their employes on pain of cancellation of license. Should a contractor consider that any order given to him by the Superintendent or Medical Inspector is unreasonable, he shall be at liberty to appeal against such order, if passed by the Superintendent or Medical Inspector at the Government of Madras. Until, however, the order shall have been reversed by a higher authority it must be carried out.

Compliance with orders of Emigration officers.

18. If the contractor does not himself live on his depot premises, he shall appoint, subject to the approval of the Superintendent, a proper person as his agent, who shall reside there constantly and conduct the business on the contractor's responsibility. Every such agent shall be registered in the Superintendent's office.

Appointment of depot agent.

19. Every contractor shall be responsible for any offence against the rules committed by his agent at any place in the same manner and to the same extent as though he himself had committed such offence.

Infringement of rules by contractor's agent.

20. The contractor or his agent shall keep depot registers in the prescribed forms (Nos. 12 and 13, respectively) and shall punctually and accurately make the required entries therein. Monthly returns of sickness in depot shall likewise be prepared in the prescribed form (No. 14) and punctually forwarded to the office of the Superintendent by the 15th of the month following that for which they are due. Any default in these respects, or in the submission of prescribed returns generally when due, shall render the agent liable to loss of his appointment, and if the contractor fails to adopt promptly the necessary remedial measures his license will be liable to be cancelled.

Depot registers and returns.

21. The contractor either directly or through his agent shall be responsible for the good treatment and care of emigrants, none of whom shall be discharged from the depot without the permission of the Superintendent. He shall, moreover, be responsible to the Medical Inspector specially for the sanitary state of the depot and for the feeding, clothing and medical treatment of all the emigrants accommodated therein.

Responsibility of contractors in caring for emigrants.

22. The sheds, hospitals, latrines, drains, &c., shall be constantly inspected and any defects in them shall be immediately remedied. Mud-plastered walls shall be whitewashed once a month.

Repairs of depot sheds.

23. On arrival of emigrants at the depot, they shall be inspected by the contractor or his agent and by the Medical Officer; their names shall be entered in the depot register and their arrival reported in the prescribed form (No. 15) in the forenoon of the next day to the Superintendent. Any casualty occurring in the depot shall be reported in the prescribed form (No. 16).

Procedure on arrival of emigrants in depot.

24. The contractor shall ascertain that those sections of the Act which provide for the registration and for the proper care and treatment of emigrants previous to their entering the depot have been complied with and shall immediately thereafter submit a report regarding any recruiter or other person in charge who may be found to have infringed the law.

Irregularities of recruiters.

25. The emigrants shall be properly distributed at night in their sleeping sheds according to the number each shed is licensed to accommodate, and shall be prevented from crowding together.

Prevention of over-crowding in sleeping sheds.

26. Excepting locked lanterns hung in the hospital and at the entrance of every sleeping shed, all lights and fires shall be put out by 9 P.M.

Extinguishing of lights at night.

27. Excreta from the hospital or latrines and filth of any description shall not be buried within less than one thousand feet of any source of drinking-water, nor be thrown into stagnant pools and nullahs which may happen to be near the depots.

Disposal of excreta.

28. The contractor or his agent shall arrange with the Vaccination department for the vaccination of every emigrant unprotected from small-pox as soon as possible after admission into the depot.

Vaccination of emigrants.

29. Sick emigrants, excepting those suffering from cholera or other dangerously communicable disease, and otherwise provided for, shall not be sent to any other than the depot hospital, nor be removed thence nor from the depot without the written permission of the Medical Inspector.

Treatment of sick emigrants.

30. On the death of any intending emigrant, the contractor or agent or Medical Officer shall immediately make an inventory of the property of such emigrants in a register in the prescribed form (No. 13) to be kept for the purpose, and shall forward such property as early as practicable to the office of the Superintendent for disposal. The claims made by relatives in depôt, if any, shall be duly communicated to the Superintendent, who shall, after making inquiry as to the heirs, dispose of the estate as circumstances may render necessary.

31. All emigrants who are declared by the Medical Inspector to be unfit to emigrate and are finally rejected by the contractor or his agent, shall be returned through the Superintendent's office to the districts of registration at the expense of the contractor, unless they of their own accord insist on being discharged on the spot, when they shall be treated, save in respect of compensation, in the same manner as emigrants for whom contractors fail to find employment.

32. When the employer or his agent has selected in any depôt the laborers required by him, a written application for the placing of such laborers on contract shall be sent by the contractor concerned, or his agent, to the Superintendent of Emigration at least one day before the date fixed upon for execution of contract.

33. The Superintendent, when placing laborers on contract, shall invariably satisfy himself that the employer or his agent has affixed his signature to all the contract papers, and that the laborers thoroughly understand, and accept the terms and conditions of, the contract they are executing. An abstract of every such contract shall be entered in a register to be kept by the Superintendent in the prescribed form (No. 17).

34. Every batch of emigrants, prior to despatch from depot, shall be provided with a way bill in the prescribed form (No. 18), and the contractor or his agent shall caution the person in charge to take care of the document, and, on arrival at Calcutta, to produce it with his emigrants before the Superintendent of Emigration there.

Form of Medical Inspector's Report.

N.B.—The following rules should be observed:—(a) To find the daily average strength of emigrants, divide the sum of the total number of souls present daily by the total number of days. (b) To find the daily average number of sick, add together the number of sick in hospital for each day, and divide the total by the number of days. (c) To find the rate per cent. of daily average of sick multiply the total number of deaths by 100 and divide the product by the daily average strength. (d) To find the rate per cent. of deaths to daily average strength, multiply the daily average number of sick and multiply the number by 100 and divide the product by the daily average strength. (e) To find the rate per cent. of deaths to daily average strength, multiply the total number of deaths by 100 and divide the product by the daily average strength. (f) The monthly return is to be forwarded to the Medical Inspector and a duplicate to the Superintendent of Emigration within a fortnight of the month following that to which it relates.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From E. C. JOHNSON, Esq., Collector of Ganjam, to the Chief Secretary to Government, dated Chatrapur, 23rd April 1892, Ref. No. 478, Eng.

I have the honour to furnish the information called for in G.O., dated 1st April 1892, No. 218, Public, in connection with the extension to this district of the Inland Emigration Act I of 1882.

2. With reference to paragraphs and 5 of the Government Order, I have the honour to state that some of those who hold contractors' licenses under Madras Act V of 1866 have intimated to me their intention to take out contractors' licenses under Act I of 1882. It will, therefore, be necessary to provide for contractors' depôts, to frame rules for them and to appoint the Port Officer a Superintendent of Emigration for the purpose of performing duties under sections 20 and 39 to 49 of the Act and the Apothecary at Gopálpur a Medical Inspector under section 40. The limits of the Port Officer's jurisdiction as Superintendent of Emigration may be "the limits of the port and village of Gopálpur."

3. As Government expresses an opinion that the Bengal depôt rules should be adopted, I have drafted rules on the lines, but with considerable modifications which are rendered necessary by different conditions. The Bengal rules are intended for a very different state of things to that we shall have here; they are far too elaborate and require costly precaution which the business here will not be large enough to enable contractors to afford. They are intended for depôts where emigrants are drawn from much larger areas and much greater numbers than they will be here; in fact they deal with thousands where we shall have to deal with hundreds only. Bengal contractors here tell me that the result of the rules there being so elaborate is that they are not really applied with, and omissions are habitually winked at, the rules being, as they say, *dekna ke waste* only. This, of course, is a most unsatisfactory state of affairs which I should be very sorry to see introduced here.

4. Emigrants here are never collected in large numbers, as there are steamers at least once a week, sometimes much oftener. There are seldom more than 100 collected in all the depôts here (at present in number). Such an elaborate return as Form 12 (depôt accommodation report) of Bengal rules seems to me quite unnecessary here; under the Bengal rules a separate hospital and a *Resident Medical Officer* is required at each depôt—*vide* rules 16 and 28. This contractors here will certainly not be able to provide. They have to arrange with the officer in charge of the Local Fund dispensary to attend the hospital when necessary.

5. I have, therefore, been obliged to find much that finds place in the Bengal rules, but the draft rules I propose provide in my opinion, for everything essential. Government has remarked that we have nothing to do with the emigrants after they leave this Presidency; but as it is necessary to provide some point of contact with Bengal in view to supervision there, I have provided that emigrants on arrival at Calcutta should be produced before the Superintendent of Emigration there.

Enclosed Emigration
-tion - Ganjam.

Draft order for
approval.

~~Enclosed Enclosure~~
1 from order

Issue
JTB
19/6

6. Referring to paragraph 5 of the Government Order under reply, I beg to point out that, as recruiters are licensed only on application by a contractor (section 23 of the Act), there can be no recruiters if there are no contractors. In the absence of contractors the work would be done by "Garden Sirdars," and the accommodation to be provided will be under section 57.

7. While on the subject of contractors, I request the orders of Government on the following point. The introduction of Act I of 1882 practically puts an end to work under Madras Act V of 1866, and virtually renders inoperative all contractors' and recruiters' licenses issued under it. It will be impossible (or at least a useless waste of labour) to work under both Acts at the same time. I consider that it would be a hardship to require contractors and recruiters whose licenses still have a term to run to pay for fresh licenses under the new Act, and, as the fees are the same, I would ask the sanction of Government to exchange free of charge existing licenses under one Act for licenses (to expire on the same date as the old one) under the other.

8. Referring to paragraph 6 of the Government Order, I beg to state that my proposal to charge fees under section 30 was a mistake.

ORDER—dated 10th June 1892, No. 390, Publ.

The Port officer at Gopálpur will be appointed a Superintendent of Emigration and his jurisdiction limited as recommended. Before appointing the Apothecary at Gopálpur to be a Medical Inspector under section 40 of Act I of 1882, the Government desire to know whether he would be both the "Medical Officer" and the "Medical Inspector" referred to in the rules. If so, the value of the check of the latter on the former disappears. The Collector will report whether it is necessary to appoint the Apothecary under section 40 as well as under section 30, and whether, with reference to these points, the rules require any modifications.

2. A few verbal alterations have been made in the rules submitted by the Collector and the forms embodied in them have been renumbered consecutively. The whole will now be issued for guidance in supersession of the notification in G.O., dated 1st April 1892, No. 218. The blank spaces in the rules should be filled in by the Collector. As approved they conveniently be used in any district.

3. The Collector's proposal in paragraph 7 of his letter is sanctioned.

4. These proceedings will be communicated to the Government of Bengal with reference to the instructions in rules 34 and 0.

5. The following notifications will be published in the Fort St. George and Ganjam District Gazettes:—

NOTIFICATION A.

The Governor in Council is pleased to make the following appointments in the Ganjam district under the provisions of Act I of 1882, Inland Emigration Act:—

To be Superintendent of Emigration, Ganjam District.

The Collector of the district, at Chatrapur

To be Superintendent of Emigration within limits of the port and village of Gopálpur.

The Port officer, Gopálpur.

To be Refusing Officers.

The Principal Assistant Collector,

" Senior Assistant Collector,

" General Deputy Collector, Goomsur

" Port officer, Gopálpur,

" Treasury Deputy Collector,

each within his own jurisdiction.

for whole district.

To be Medical Officers under section 30 of the Act.

The Assistant Surgeon at Berhampore.

The Apothecaries at Gopálpur, Chicacole, Goomsur and Chatrapur.

2. The Collector of the district as a Superintendent of Emigration is hereby specially authorised to grant licenses under sections 12, 23 and 59 of the Act.

NOTIFICATION B.

The Governor in Council is pleased to make the following rules under Act I of 1882, the Inland Emigration Act:—

CHAPTER I.

General Rules.

RULES and FORMS under the Inland Emigration law.

Inclusion of forms in the rules.

1. The forms attached to these rules are prescribed for the several purposes specified in the heading of each and shall be taken as part of the rules.

Fees payable under the Act.

2. The following shall be the amount of the several fees payable under the provisions of the Act:—

Under section 13 the fee for a contractor's license (Form No. 1) shall be Rs. 100 and that for a sub-contractor's (Form No. 2) Rs. 50.

Under section 24 the fee for a recruiter's license shall be Rs. 10.

Under sections 35 and 68 the fee for each person produced before a Registering officer for the purpose of being registered as a laborer (Forms Nos. 4 and 5, respectively) shall be one rupee.

Under section 71 the fee payable to a Medical officer for each laborer examined by him shall be 4 annas.

3. The same provision in every respect shall be made for the dependents of laborers as for the laborers themselves, and all rules regulating the treatment and transport of laborers shall be applicable to their dependents also.

4. Every Superintendent of Emigration and every Registering officer shall forward, as early as possible, and not later than one month after the close of every calendar year, a report reviewing all the operations of that year connected with the recruitment, accommodation in depôt and transport of emigrants within the local limits of his jurisdiction to the Superintendent of Emigration, at who, not later than two months after the close of the calendar year, shall submit a complete report for the whole district to Government.

Depôts.

6. The site of every depôt shall be cleared, levelled and drained; and all exposed wells and tanks shall be properly fenced in and protected from surface drainage, which, if necessary, may be required to be effected by the construction of masonry drains.

Sites of depôts.

7. Sleeping sheds shall be distinct from cooking sheds and shall be provided with raised platforms high enough to admit of the ground below being readily cleaned; and mats shall be supplied in all cases where such platforms are not boarded.

Depôt sleeping sheds.

8. In each sleeping shed the number of emigrants to be accommodated shall be calculated at the uniform rate of not less than fourteen superficial feet of space to each person; and shall never exceed that specified in the depôt license (Form No. 10) granted by the Superintendent of Emigration, a copy of which shall be posted in a conspicuous place for the information of visiting officers.

9. Air and light shall be admitted freely into sleeping sheds through large openings for doors and windows, and through open-spaces sheltered by the eaves, and moveable screens shall be fitted to all openings intended for doors and windows.

Ventilation of depôt sleeping sheds.

10. Cooking sheds, with fire places arranged in a row, shall have mud-plastered walls and, wherever possible, tiled roofs, and a proper receptacle for rice-water and other kitchen refuse shall be provided.

Depôt cooking sheds.

11. A plentiful supply of the purest water obtainable shall be always provided for drinking, cooking and washing as required by the Medical Officer.

Depôt water-supply.

12. Latrines shall be separately provided for males and females and placed in an accessible position. The plan of the latrines and the system adopted for the daily removal of night-soil and other refuse matter shall be subjected to the approval of the Medical Inspector.

Depôt latrines.

13. A hospital for ordinary cases with separate wards for male and female patients shall be provided. The ward shall be dry, well raised, thoroughly ventilated, well lighted and furnished, with a separate platform for each patient, which, when not boarded, shall be covered with matting.

Depôt hospital.

No. 10.

Form of Depot License.

in each shed of his depot at , Contractor, is hereby authorized to accommodate the number of emigrants entered against it.

Serial number of sheds.	Measurement of each shed.			Number of emigrants to be accommodated in each shed.	Remarks.
	Length.	Breadth.	Superficial area.		
Sleeping shed 1					
Do. 2					
Do. 3					
Do.					
Total number allowed in depot ..					
Hospital shed 1					
Do. 2					

N.B.—Space in sleeping sheds is calculated at 14 superficial feet and in hospital sheds at 28 superficial feet to each emigrant.
A fresh license will be required if the sheds are increased in number or size.

Dated at 189 }
The Superintendent of Emigration at

DEPOT MANAGEMENT.

14. The Superintendent or his assistant shall regularly visit every depot when accommodating emigrants, and shall see that the provisions of the Act and of these Rules are fully carried out in the case of all laborers and their dependents arriving at such depot, and that the terms of their engagement to work in the labour districts are thoroughly understood by them.

15. The sanitary state of the depots shall be the special care of the Medical Inspector. He shall visit the depots regularly and see that all necessary precautions are taken against communicable disease; that the hospital and other medical arrangements at the depots are sufficient; that all emigrants unprotected against small-pox are properly vaccinated; and that the depot arrangements generally for the maintenance and health of emigrants are satisfactory from a medical point of view. At the close of every month he shall submit a report of his inspections in the prescribed form (No. 11) to the Superintendent.

16. At each depot there shall be kept a visitors' book in which the Superintendent and the Medical Inspector shall enter their orders or remarks and the dates of their visits. During such visits the contractor or his agent shall, without fail, place the depot and hospital registers before the Superintendent and the Medical Inspector, respectively, for inspection, and shall on no account alter or correct any entries made therein without their knowledge and sanction.

17. All orders of the Superintendent and the Medical Inspector shall be carried out by the contractors and their employes on pain of cancellation of license. Should a contractor consider that any order given to him by the Superintendent or Medical Inspector is unreasonable, he shall be at liberty to appeal against such order, if passed by the Superintendent or Medical Inspector at the Government of Madras, or, if passed by the Superintendent of Emigration, to the Government of Madras. Until, however, the order shall have been reversed by a higher authority it must be carried out.

18. If the contractor does not himself live on his depot premises, he shall appoint, subject to the approval of the Superintendent, a proper person as his agent, who shall reside there constantly and conduct the business on the contractor's responsibility. Every such agent shall be registered in the Superintendent's office.

19. Every contractor shall be responsible for any offence against the rules committed by his agent at any place in the same manner and to the same extent as though he himself had committed such offence.

20. The contractor or his agent shall keep depot registers in the prescribed forms (Nos. 12 and 13, respectively) and shall punctually and accurately make the required entries therein. Monthly returns of sickness in depot shall likewise be prepared in the prescribed form (No. 14) and punctually forwarded to the office of the Superintendent by the 15th of the month following that for which they are due. Any default in these respects, or in the submission of prescribed returns generally when due, shall render the agent liable to loss of his appointment, and if the contractor fails to adopt promptly the necessary remedial measures his license will be liable to be cancelled.

21. The contractor either directly or through his agent shall be responsible for the good treatment and care of emigrants, none of whom shall be discharged from the depot without the permission of the Superintendent. He shall, moreover, be responsible to the Medical Inspector specially for the sanitary state of the depot and for the feeding, clothing and medical treatment of all the emigrants accommodated therein.

22. The sheds, hospitals, latrines, drains, &c., shall be constantly inspected and any defects in them shall be immediately remedied. Mud-plastered walls shall be whitewashed once a month.

23. On arrival of emigrants at the depot, they shall be inspected by the contractor or his agent and by the Medical Officer; their names shall be entered in the depot register and their arrival reported in the prescribed form (No. 15) in the forenoon of the next day to the Superintendent. Any casualty occurring in the depot shall be reported in the prescribed form (No. 16).

24. The contractor shall ascertain that those sections of the Act which provide for the registration and for the proper care and treatment of emigrants previous to their entering the depot have been complied with and shall immediately thereafter submit a report regarding any recruiter or other person in charge who may be found to have infringed the law.

25. The emigrants shall be properly distributed at night in their sleeping sheds according to the number each shed is licensed to accommodate, and shall be prevented from crowding together.

26. Excepting locked lanterns hung in the hospital and at the entrance of every sleeping shed, all lights and fires shall be put out by 9 P.M.

27. Excreta from the hospital or latrines and filth of any description shall not be buried within less than one thousand feet of any source of drinking-water, nor be thrown into stagnant pools and nullahs which may happen to be near the depots.

28. The contractor or his agent shall arrange with the Vaccination department for the vaccination of every emigrant unprotected from small-pox as soon as possible after admission into the depot.

29. Sick emigrants, excepting those suffering from cholera or other dangerously communicable disease, and otherwise provided for, shall not be sent to any other than the depot hospital, nor be removed thence nor from the depot without the written permission of the Medical Inspector.

30. On the death of any intending emigrant, the contractor or agent or Medical Officer shall immediately make an inventory of the property of such emigrants in a register in the prescribed form (No. 13) to be kept for the purpose, and shall forward such property as early as practicable to the office of the Superintendent for disposal. The claims made by relatives in depôt, if any, shall be duly communicated to the Superintendent, who shall, after making inquiry as to the heirs, dispose of the estate as circumstances may render necessary.

31. All emigrants who are declared by the Medical Inspector to be unfit to emigrate and are finally rejected by the contractor or his agent, shall be returned through the Superintendent's office to the districts of registration at the expense of the contractor, unless they of their own accord insist on being discharged on the spot, when they shall be treated, save in respect of compensation, in the same manner as emigrants for whom contractors fail to find employment.

32. When the employer or his agent has selected in any depôt the laborers required by him, a written application for the placing of such laborers on contract shall be sent by the contractor concerned, or his agent, to the Superintendent of Emigration at least one day before the date fixed upon for execution of contract.

33. The Superintendent, when placing laborers on contract, shall invariably satisfy himself that the employer or his agent has affixed his signature to all the contract papers, and that the laborers thoroughly understand, and accept the terms and conditions of, the contract they are executing. An abstract of every such contract shall be entered in a register to be kept by the Superintendent in the prescribed form (No. 17).

34. Every batch of emigrants, prior to despatch from depot, shall be provided with a way bill in the prescribed form (No. 18), and the contractor or his agent shall caution the person in charge to take care of the document, and, on arrival at Calcutta, to produce it with his emigrants before the Superintendent of Emigration there.

No. 11.

FORM of Medical Inspector's Report.

Report of Medical Inspector on the sanitary arrangements in the Contractor's depôts at for the month of 189 .

Question.	Answers.							Remarks.

N.B.—The following rules should be observed:—(a) To find the daily average strength of emigrants, divide the sum of the total number of souls present daily by the total number of days. (b) To find the daily average number of sick, add together the number of sick in hospital for each day, and divide the total by the number of days. (c) To find the rate per cent. of daily average of sick, multiply the total number of deaths by 100 and divide the product by the daily average strength. (d) To find the rate per cent. of deaths to daily average strength, multiply the total number of deaths by 100 and divide the product by the daily average strength. *Instructions.*—The monthly return is to be forwarded to the Medical Inspector and a duplicate to the Superintendent of Emigration within a fortnight of the month following that to which it relates.
