Order. 20 June 92 No 438

The sites named by Colonel Moore, with the exception of those in the People's and Napier Parks, seem suitable for the purpose of temporary shed hospitals for cholera & other infectious diseases. Should it eventually be found necessary to utilise the site in the People's Park it should be fenced off and walled round on the sides nearest to the adjoining roads.

2. The Municipal Commⁿ will be recommended to acquire such of the sites as are private property so that they may be available for use in the case of an epidemic. It must be understood that all expenses connected with the matter will be met by the

The sites named by Col. Moore except perhaps those in the Napier & People's Parks seem suitable for the purpose of temporary shed hospitals for cholera & other infectious diseases. I think the Municipality should be recommended to acquire such of these sites as are private property so that they may be available for use in the case of an epidemic. All expenses incurred in this matter must be met by the Municipality. All that we have to do is to allocate the order as to the utilization of the accommodation for infectious diseases in the general hospital.

I don't think the site in the Napier Park is a good one. That in the People's Park if taken up sh^d be fenced off & walled round on the sides nearest the roads adjoining.

20/6/92 J.D.B.

Recommended to the Hon'ble Secy 18/6 92 for instructions as to whether he is to be the person regarding the site at the People's Park made in the order of the Hon'ble Secy 18/6 92.

at the back of the Changan Choultry Hospital. This would be available for Royapuram, the Pinnerelly Settlement & Washermanpet and the greater part of Black Town.

(3) In the North West corner of the People's Park. This is quite apart from the frequented parts of the Park. It would be within reach of Vepery, Periamet, Choolay and the west of Black Town (by the Elephant Gate Bridge). It is not far from the General Hospital.

(4). In Brick Kiln Road, north of the Hindu Burial and Burning ground, at the south end of the Rubbish Depot (which has been completed for a considerable period), and near to the Chimney of the old crematorium.

(5). Near the North gate of the Napier Park, near where our calves were segregated during the epidemic of Rinderpest. This would be within reach of Chintadripet, Pudurpet, and North Triplicane.

(6) In an open piece of private ground stretching from the Kodambakkam Road to Kungambakkam Village. This would be available for Kungambakkam, Thousand Lights Pacherries and Teynampet.

(7). West of the Christnampet Rubbish Depot in

With reference to your Endorsement
N^o 368 dated 19th May 1892 on Current N^o 1244 M.
(herewith returned), I have the honor to
forward a Map showing the proposed
sites.

2. These sites are marked by Red Flags.

3. The red dots on the map indicate
deaths from Cholera in 1892.

4. The numerals against Hospitals
indicate the number of deaths in each.

5. The sites are:-

(1) In a large piece of private ground
east of Suryanarayana Chetty street and
north of Flag Staff street, Cassigarden, and
west of the Municipal Latrine.

(2) In a private piece of ground south
of Cemetery Road, north of the Railway and
not very far from the contagious sheds
