To Hon. J. F. Price Esq. C.S.

Chief Secretary to Government, Madras Educational Department.

SIR,

In forwarding herewith the enclosed papers, we have the honour, by direction of His Royal Highness the DUKE OF CONNAUGHT, the Hon. President, and the Organizing Committee of this Congress, to request that you will submit the same to your Government, with a view to secure its co-operation. We may state that this co-operation may be extended in the following ways:—

1. By sending one or more Delegates to represent your Government.
2. By forwarding Papers, Old Manuscripts, or the Results of Researches on any subject which might fall within the head of Oriental Learning or Scholarship, to be procured from Official Records, or from Learned Bodies or persons within the jurisdiction of your Government, or that of the adjacent Native States.

We need scarcely point out that the proceedings of the Congress will embrace the treatment of numerous subjects relating to the Philosophy.

Religions, Laws and Customs, the Ancient and Modern Languages, the History and Geography of India. The elucidation of these subjects, while throwing further light on the past, will, in a large measure, contribute to the advancement of knowledge regarding that country and its institutions among the nations of the West. With this end specially in view, the Organizing Committee feel themselves justified, from the fact of the present Congress being held in the Metropolis of the British Empire, in giving special prominence to all subjects relating to India. It is mainly in this aspect of the aims and end of the Congress that H.R.H. the Duke of Connaught has been pleased to accept the office of Hon. President, and men of high Indian reputation have consented to take a prominent part in its work.

With Professor Max Müller as President, among the heads of Sections and Committees are such eminent names as those of Mr. W. E. Gladstone, Lords Ripon, Northbrook, and Reay, Sir Mountstuart Grant-Duff, Sir George Birdwood, and others equally respected in India. On their behalf, and on behalf of the Organizing Committee, we beg leave to express the hope that your Government will consent to co-operate in either of the ways above suggested in the work of the Congress.

We have the honour to be,

SIR,

Your obedient Servants,
