Fort St. George,
Office of Supt. of Pensions,
5 August 25th July 1892.

CIRCULAR No. 4. 9.

From

COLONEL FANE SEWELL,

SUPERINTENDENT OF PENSIONS,

To

*The Chief Secretary to Government
Fort St. George*

SIR,

Lord

With reference to His Excellency Sir Frederick Roberts' Scheme for the Employment of Native Military Pensioners in civil capacities, I have the honour to enclose a Nominal Roll of candidates for employment on the 31st March 1892, and in addition to and amongst the men enumerated in this Roll, there are many young, active, able-bodied men of good character seeking employment, men who have been lately pensioned from the recently disbanded Regiments, viz., 4th Regiment, Light Cavalry, and 30th and 31st Regiments, M.I., scattered throughout the Presidency.

2. In the above-mentioned Nominal Roll the stations at which these candidates reside have been taken alphabetically, and any application for the services of any particular Pensioner should be made direct to "The Officer in charge of Pensioners" (here enter the name of the station under which the pensioner's name appears.)

3. In making application for the services of Pensioners, it will save much subsequent correspondence and delay, if the following particulars are communicated in the first instance:—

- (a) The exact nature of the employment offered and of the duties to be performed.
- (b) The salary offered, and whether any prospect of an increase on promotion.
- (c) The educational and physical qualifications required in a candidate.
- (d) Whether a man of any particular caste would be preferred.
- (e) Whether travelling expenses would be provided when the place where employment be offered is at some distance from the Pensioner's Pension station.

4. In the event of the services of Pensioners being required for posts of special trust and responsibility, application may be made direct to the Superintendent of Pensions, Fort St. George, in whose office is maintained from month to month a General Register of candidates for employment in every station in the Madras Presidency and Burmah.

5. By the last Return, dated 4th March 1892, the number of Native Military Pensioners employed in civil capacities on 30th September 1891, is shown as 3,586. That no further proof is necessary of the general estimation in which the services of these men is held by employers generally, Official and non-Official, public and private, the number already employed fully indicates.

6. The subjoined list will show the great variety of employments that have been successfully taken up by the Native Military Pensioners of the Madras Army:—

8. The names of none but men of certified good character are borne on Employment Registers, and the public are warned not to accept the services of Pensioners, who may casually offer themselves without previous application to their Pension Officers, as certain Pensioners of "Bad" or "Indifferent" characters who have so privately obtained employment have by subsequent bad behaviour brought discredit upon a scheme only intended to advance the interest of old and deserving soldiers whose previous good characters during long years of faithful service to the State have entitled them to special consideration.

9. To meet the convenience of employers, whenever they cannot, without difficulty or loss, spare the Pensioners employed under them to attend musters and for monthly payments, arrangements will, on application to the Head office, be made, through Officer in charge of Pensioners at any station to which the Pensioners may be attached, to dispense with such attendance.

I have the honour to be,

Sir,

Your most obedient Servant,

FANE SEWELL, Colonel,
