ABSTRACT.—Submitting Annual Report on the Provincial Hospitals for 1891.

ORDER—dated 5th September 1892, No. 623, Public.

In accordance with the instructions conveyed in G.O., dated 12th January 1892, No. 23, the Surgeon-General furnishes a separate report on, and statistics regarding, hospitals which are maintained solely at the expense of the State. The report is considerably overdue and arrangements must be made to ensure its punctual submission in future.

2. The following statement compares the working and cost in 1888 and 1891 of the institutions referred to in the report, and shows how great an increase there has been during the past three years in the medical relief afforded to the people of the Presidency. The advance made in the number of surgical operations is a noteworthy feature :—

	Number of hospitals.	Number of in-patients.	Number of out-patients.	Daily average of in-patients.	Mortality percentage.	Number of operations.		Amount recovered from paying patients.	Total expenditure including amount in preceding column.
						Major.	Minor.		
1888 ..	14	11,051	81,927	520.49	7.91	1,885	3,456	Rs. 1,886	Rs. 3,10,767
1891 ..	18	14,487	101,856	838.28	5.86	3,286	8,657		

3. The Government has perused with much interest the reports embodied in the Appendix on the working of the hospitals at the Presidency Town. They contain a record of much work excellently done.
