that the cost might be defrayed out of the Rs. 1500 which are left of the annual imperial grant for the Epigraphia Indica. I request that I might be informed by telegram if government agrees to this proposal.

2. The materials collected in Southern India, as far as they are not reserved for the Madras volumes, will have to be dealt with by myself, my three assistants, and Dr. Fleet. It is, however, very desirable that facsimiles from the Northern provinces should also be available for the Epigraphia Indica. I, therefore, request that, with reference to paragraph 4 of letter from the Government of India to the Government of Madras, No. ¹⁰⁹⁵/₂₇₋₅ Aick., and to paragraph 3 of No.

²¹⁷⁶/₂₇ Aick., dated 20th October 1891, Mr. Cousens and

Dr. Führer might be again asked to supply me with facsimiles, and to discontinue the sending of duplicate impressions to other addresses, as hitherto. The Government of Madras have already instructed Mr. Lea

to this effect. Dr. Führer, who, I learn, is now on duty in the Punjab, would have special facilities for getting ancient inscriptions. Part of the facsimiles received from Mr. Cousens and Dr. Führer I would submit to Professors Sutherland and Kielhorn, who have contributed a large number of valuable papers to Epigraphia Indica during the editorship of Dr. Führer.

I have the honor to be, Sir,
Your most obedient servant,
