many as 15,372 death rates to be worked out.
Besides this, 76,860 postings have to be made
in the registers in the first instance to arrive
at the average death, classified according to
disease.

3. I beg further to request that you
will be good enough to obtain the sanction of
Government for the purchase of two copies of
Chamber's mathematical tables which has
already been made by me in anticipation of
such sanction.

No. 2599

Office of Sanitary Commissioner
Camp Cotacamund 24th August 1892

From,

Surgeon Lieut Col. J. A. Living
Sanitary Commissioner for Madras.

To,

The Chief Secretary to Government
Financial Department
Public Department

Sir,

As desired in G.O. No. 535 dated 3rd Aug
1892, Public Department, I have the honor to
submit for the sanction of Government the ac-
companying Proposition statement for the entertainment
of the temporary establishment required to work
out the mortality rates called for by the Revenue
Department.

2.

It will be seen from this statement
that a staff of eight clerks and one Attendant
is proposed to be employed in order to complete
the work within the period of 3 months fixed
by Government and that two grades of pay are
found necessary in view of the fact that the
work of ascertaining the increase in the pop-
ulation on the lines indicated by Government
is more difficult than that of calculating the
mortality rates under the several heads of disease.
There are no less than 10980 calculations to be
made to get the average populations and a

man
