14/9

regret there should have been any mistake in the matter. My health should not admit of my remaining longer in Madras when I had already been delayed ten days and I had to put myself under Medical treatment the whole way home and also since I have been at home. I trust that the above explanation will show that I acted on the Medical Board's responsibility and not on my own.

Resolution.

Submitted to Government with reference to para 1 of Government Order dated 16th June 1892, No 2868.

2. The Board can only express its surprise that a Gazetted officer of Mr. Mainwaring's Service should confess to so little acquaintance with the Civil Service Regulations as to say that he was not aware that it was necessary to obtain leave from any one but the Medical Board.

3. In view of Mr. Mainwaring's statement that the Medical Board told him that he might walk straight out of the room to the Steamer, it appears desirable that the Surgeon General should

warn

warn Medical Board to refer officers to the heads of their Departments to whom all certificates should be forwarded direct, to obviate all mistakes and delays such as that which occurred in the present cases.

Order thereon: 13th September 1892, No 4061

Recorded.

2. Orders on para 3 of the Board's Proceedings read above will issue in the Public Department.

M

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings
of the Board of Revenue (Separate Revenue) dated,
12th August 1892, No. 3132 Mis. on the following
letter from Mr. E. R. R. Mainwaring, dated
21st July 1892.

With reference to Board's Pro-
ceedings No. 1808 Mis. dated 14th May 1892, I have
the honor to explain that when the Medical
Board passed me and allowed me to go in
anticipation of sanction I particularly
asked them if any further permission
was necessary and they told me that
"none was necessary and that I could
walk straight out of the room to the
steamer or train if I liked." The semi-
official warning alluded to states that
the Secretary had not received the Medical
Board's report and on the strength of that
report I was not aware that I had to ob-
tain special leave before starting. I have
already apologized for the late despatch of
the Medical Board's Proceedings by saying
that I thought the Medical Board should
have sent a copy direct to the Board. I
regret
