I think if Dr. Youngman stays till the end of October - it will give Dr. Maitland an opportunity of going out on inspection duty - wh. it is very difficult for him to do at other times - & with this in addition to other reasons, I w^d consent to Dr. Youngman's staying on till Oct. 31, 1871. SUBJECT. 21 Sep.

Recommending that Surgeon
C. P. Youngerman a. d. Publ. Officer
Only may be allowed to continue
in his app't. until the members
of Govt. have the Will.

The G.O. of March 89 is rather indefinite as to the period, as is also Mr. Bidin's letter. But practice appears to have limited it to 6 mos and I cannot see, in the fact that half a dozen officers of Govt & some clerks remain this year at duty beyond the 1st October, any necessity for extending it.

The Surgeon General's contention that a second medical officer was sanctioned for Ootacamund during the season "in consideration of the large number of vectors on account of the cool. being there", is, it is submitted, not borne out by the force of Dr. Bidie's letter on page 2 of G.O. of 9. March 1887 No. 313 File.

D. Bidie appears, ^{rather} to have attributed
the visitors, and rightly too it is thought,
to the fact that Ootacamund is a
sanitarium. ~~There is no doubt that~~
~~the climate is very healthy and~~
~~the scenery is very beautiful.~~

In any case, the argument that the second medical officer should continue whilst his appl. as long as Government remain on the hills, should, it is thought, have been ~~for the Government to be~~ considered by the S.C. at the time of Dr. Gorringer's appt. - which had effect from the 1st April - & 1/2 months before Govt. came up.

From

Surgeon Major General W. F. de Habich M.D.
 THE SURGEON-GENERAL WITH THE
 GOVERNMENT OF MADRAS,

To

THE *Chief* SECRETARY TO GOVERNMENT,
 PUBLIC DEPARTMENT.

SIR,

I have the honor to recommend that
 Surgeon E. P. Young, Second Medical-
 Officer Ootacamund, may be allowed to continue
 in his appointment until the Members of
 Government leave the Hills.
 2. According to G. O. No. 313 Financial dated
 the 9th March 1892, the appointment is only for
 a term of 6 months, commencing from 1st April,
 but as the object of an Extra Medical Officer
 being sanctioned for Ootacamund during the
 Season, is in consideration of the large number
 of visitors and account of the Government
 being there, I am strongly of opinion that
 such Medical Officer should continue to hold
 his appointment as long as Government
 remain on the Hills.

I have the honor to be,

Sir,

Your most obedient Servant,

W. F. de Habich
