[Despatch Abstract.]

Receiving from military
dept. declining to grant
a site on the esplanade
for the erection of a new
market—

CURRENT NO: 300

MILITARY DEPARTMENT.

No. 240. *From Lieutenant-Colonel G. M. J. MOORE, President, Municipal Commission, Madras, to the Chief Secretary to Government, Fort St. George ; dated 8th September 1892, No. 651-PW.*

2. There will then be the question of the site, and in view to save time I would ask if the site colored blue on the accompanying facing of a portion of the plan of the "Military Department land round Fort St. George" would be approved of by Government.

4. I have no doubt the market could be so planned as to lie within these limits, but I would go so far as to ask if an uniform depth of 250 feet could be granted, thus bringing the eastern end 35 feet and the western end 130 feet within the zone.

Transferred to the Military Department.

Secretary to Government.

No. 241. From Brigdr.-Genl. E. H. FYRE, Quarter Master General, Madras Army, to Brigadier-General H. R. HOPE, Secretary to Government, Military Department; dated Ootacamund, 29th September 1892, No. 1996-M (Sites).

In returning reference order No. 5918 of 22nd instant, with enclosures, relative to a portion of the Esplanade at Madras being used for a new market, I am desirous to state that His Excellency the Commander-in-Chief considers it most objectionable to make any encroachments on the zone round Fort St. George, which

it was decided to keep clear of all obstructions, and had been fixed with the approval of the Government of India only so recently as August* last, and for the use of any portion of which the previous concurrence of the Supreme Government is necessary.

2. With regard to the site referred to in para. 2 of the letter from the President, Municipal Commission, Madras, one of the enclosures now returned, His Excellency would leave to the decision of Government the advisability or otherwise of constructing a mass of buildings, such as it may be presumed the new market will consist of, on the very margin of the zone, where its presence must to some extent affect the object sought to be attained by the maintenance of this zone.

No. 242.

ORDER THEREON, 21st October 1892, No. 6677.

. In the circumstances mentioned in the Quarter Master General's letter above recorded, the Right Honorable the Governor in Council is unable to grant the site applied for by the President, Municipal Commission, Madras, for the erection of a new market.
