GOVERNMENT LEPROSY HOSPITAL,

Madras, 5 October 1891.

From

SURGEON-MAJOR H. D. COOK, M.B.,

SUPERINTENDENT, GOVERNMENT LEPROSY HOSPITAL,

Madras.

To

The Secretary to Surgeon General
with the Govt. of Madras
Nungunbakkum

I have the honor to inform you that the Barber for this Hospital was entertained as an extra servant on a pay of Rs 4/- per mensem when the number of patients was about 130 but now it has gradually risen to 207 and he feels the work too heavy for the pay he gets. I have already pointed out to you that it is very difficult to get a barber for this Hospital owing to the loathsomeness of the disease and the present man is demanding Rs 10/- per mensem which in my opinion he fully deserves. I further intend to bring him under the Permanent Establishment so that

SIR,

I have the honor to forward for the favorable consideration of Government the accompanying letter from the Superintendent Leper Hospital Madras recommending an increase of Rs 3 to the pay of the present Barber with a view to his being brought on the Permanent Establishment.

2. I consider it very necessary that this man should be prevented from working outside and as this cannot be done without bringing him on the Permanent Establishment. I trust that Government will be pleased to sanction the proposal of the Superintendent.

may have control over him to make him attend the Hospital every day like other servants and also to prevent him from working outside.

I therefore recommend him to be taken under the Permanent Establishment on Rs 10 per mensem. A proposition statement for the same is herewith enclosed.

For orders. It is very desirable that the barber should be prevented from carrying on his trade outside the hospital.

It must be a condition of employment of the hospital barber that he shall not do any work outside. But I don't understand the meaning of the present barber having been employed as an extra servant on Rs 7 p.m. What is an extra servant? When was he sanctioned? Probably he has been drawn for his under contingencies which is quite irregular. Enquire how this is, whether a man to do all the work within the hospital can be got for less than Rs 10.

The Surgeon General is requested to report what is meant by the barber having been employed as an "Extra Servant". It should be stated where and under what authority his entertainment was sanctioned. Information is also requested whether a barber to do all the work within the hospital is absolutely required and whether a man can be engaged for less than Rs: ten per mensem. It must be a condition of employment that he shall not do any work outside the hospital.

Sir,

With reference to your endorsement
no: 1642 of 24th November 1891 on Reference
no: 3284 of 20th November 1891, of the Chief
Secretariat, I have the honor to report that
the barber has been employed as an extra
servant from a very long time - It may be
said that he was an extra servant, even in
the time when the Commissariat Depart-
ment had the whole management of the
Hospital, but when, and under what authority,
he was so entertained I am unable to say.
It is absolutely necessary to have the services of
a barber in the Hospital; and I feel it
very hard to get a barber for less than
Rs 10/- as there are 200 patients to be shaved
twice a month. It is of course conditional
that he should abandon all outside work
when Rs 10/- per mensem is given.

I have &c.

Public DEPARTMENT.

SIR,

Adverting to your Reference on C. no: 3284 dated 20th November 1891, I have the honor to forward copy of a letter from the Superintendent Leper Hospital and to state that the authority under which the entertainment of a barber in that Hospl. was sanctioned cannot be traced from the records of this office. The Accountant Genl. also is unable to give any information in the matter.

2. It is in my opinion absolutely necessary to have a barber permanently attached to the Hospital, and as it is expedient from a medical point of view, that he should abandon all outside work; it will be impossible to secure one for less than Rs 10, per mensem.

3. All the appliances of his trade should be Government property, and for obvious reasons, should be always kept at the Leper Hospital. I have the honor to be,

Sir,
