I can and sell them with a cop-
of acres attached to each, after
I have been declared to have
fulfilled the condition of building
a house on each of the three lots, retaining as
much of the land as I can
as a compound to the main
house. I do not think 28 acres
too much as a site for a residence
and its appurtenances in that
remote part of Kodaikanal.

brick on each of the 3 lots and I
have not yet made up my mind
as to whether I shall cut the timber
and clear out of the land before
the expiration of that time, leaving
it to be resumed by Government,
or build on one of the lots and let
the others be resumed, or build
on all three lots. This depends
on whether a road is made to the
land, as I have explained to
the Collector of Madura, in reply
to his notice drawing attention to
the conditions on which the lots
were sold, and to the fact that
I have not yet built on them. In
any case I intend to leave the
Madras Civil Service before the
6 years are up and the course I
shall most probably pursue is to
build a large house on one lot and
2 small bungalows on the other two
lots near the trijunction and occupy
all three as a dwelling, or perhaps
to build the two small bungalows as
far away from the main house as

Sir,

With reference to the remarks in Para 2 of G. O. dated the 1st October 1892 No 687, Public, I have the honor to report that what I have done with my land at Kodikanal is to plant it with trees (mostly Eucalypte with a few Conifers and fruit trees - Apples, pears and peaches) and to build a small hut on one of the lots in which the man who looks after the trees resides.

2. I have 6 years before the land will be resumed for non compliance with the condition to

house on the land retire from the Service ... pension and settle ... on the Palnies. He ... has changed his original plan.

Current 1870.

It is submitted that Merwold appears to know more about the waste land rules than about those relating to land holding. as long as he is in the service he should comply with the latter and apparently the holding is objectionable in view of the intentions expressed. The proposed sale of timber is opposed to rule; and the occupation of a house and two bungalows as a single residence can hardly be brought within the intention of the exception. Nor would the sale of the two bungalows be any less irregular.

It is subd: that Mr Weld should be at once directed to divest himself of two of the three lots - & instructed that he can only keep the third for the purpose of building a residence and must not sell the timber on it.

Mr: Weld apparently does not know what he intends to do with the land. His original intention was as I heard

Vide file of orders & letters & Subjects with the limited current - re Mr Forsyth.

Mr: Weld apparently intends to make the whole of the land over which it as the conditions of his acquisition of it allow, as a site for a residence & its appurtenances. Though he will have to pay a rather large compound I don't think it so excessive as to bring him within the rules. He evidently does not contemplate selling anything before his retirement. I would return his letter.
