In continuation of my letter, No. 106-MW,
clear zone of ground around Fort St. George
description of permanent building should, in
the opinion of the Commander-in-Chief, be in future strictly inter-
dicted that, on a reconsideration of the subject and
the College, His Excellency sees no reason why
a greater portion of the General Hospital should
be on the plans which accompanied my former
letter that zone, as the erection of buildings on it
will not materially affect the defence of the Fort.
The Commander would wish that the boundary line
of the South Indian Railway from where it crosses
the proposed Women and Children's Hospital to
of the Coom as marked X X on the plan
Children's Hospital not be erected on the site
line of the clear zone should be run from the
front of the Medical College as now marked
no objection to the plot of ground in front of
gardens, tennis-courts, &c., the only interdic-
tion building of a permanent nature.

2. In connection with this subject, I am
of surrendering that portion of the General
Hospital for the troops in Fort St. George
St. Thomas' Mount and Poonamallee has been
