C. No. 3568.

ORDER : - 26th Dec 1892,
 ----- No. 900.

In para 14 of his Annual Report on Civil Hospitals & Dispensaries for 1891 the Surgeon-Genl remarked that the number of midwives in the employment of District & Taluk Boards & Municipalities had increased from 157 in 1888 to 208 in 1891 & that the number of cases attended by them was 11,703 in 1891

against 6086 in 1888. Dr. de Fabeck added

"These results testify to the good work

"which is being done regarding female medi-

"cal education under the auspices of the

"Lady Dufferin Fund Scheme". The Govt.

could however find in the report no

justification for this remark. There

was nothing to show that any of the mid-

wives had been trained at the expense of

the Fund, & the impression of Govt. at

the time was that the Fund Scheme was not

responsible for the increases.

2. If the Honorary Secretary to

the Fund will now show that the Govt. was

under a misapprehension in the matter the

remark in para 4 of G.O. d/1-9-92, No. 610

will be withdrawn.

and are aware of
 none

not entertained at the
 instance of the Committee
 connected with it
