With reference to the latter portion
 of para marked (2) of the
 Sanitary Commissioner's
 note, I beg to state that
 after 10-30 A.M. the 2
 waterwomen & 2 of the
 sweepers sweep the
 General Record Rooms
 until 11.30 A.M. - The
 waterwomen & all the
 sweepers afterwards remain
 in the office until 4 or 5 P.M.
 During this interval, they
 carry ~~papers~~ to the Post
 Office & do miscellaneous
 work in the library etc.

The remarks of the
 Sanitary Commr - con-
 -tained in the concluding
 para of his note are
 correct, and if his
 proposal is approved of
 the new latrine & the
 Urinal can be kept
 clean - I beg to
 submit that the word
 'sweepers' in the last
 sentence of the above
 para is apparently
 used for the word
 'scavenger' -

shelves and record racks
and occasionally to take large
parcels to post and other
places.

I think if the staff did
its legitimate work and were
relieved of the duties of -
dusting the records & which
could be done by other staff,
the 3 scavengers would be
quite sufficient to attend
to the Secretariat buildings
at all times and also to the
new latrine and urinal.
While the Government is at
Ooty these men have very little
to do. To ensure the new latrine
being kept in a cleanly condi-
tion a sweeper should be
continually there to clean
up at once after use.

Jas. Anderson Esq.
Surgeon Lt Col
Sanitary Commissioner

Office of Sanitary Commissioner
Port Saint George 18 April 1893

Office note

From

The Sanitary Commissioner

To

The Chief Secretary to Govt

CHIEF SECRETARY
19 APR 93

The Conservancy establishment maintained for the Secretariat buildings consists of

2. waterwomen

7 sweepers (women) and

3 scavengers (men)

Their work which is detailed below is supervised by the Sergeant.

1) The two waterwomen provide water for the bath rooms &c.

2) The seven sweepers sweep the rooms and verandahs. The number of rooms is 60 and that of verandahs 18. Their work is over by 10.30 in the morning and after this they do nothing.

3) Of the three scavengers one attends to the bath rooms. 20 number. The contents of the bath rooms are removed twice a day (at 10.30 am and 3 PM)

a large iron receptacle to the Home Gate, the receptacle being carried by this scavenger and one of the other men.

Duties of 2 scavengers are dust the walls, windows & doors of the building & any almirahs and glass.

Chief Secretariat

Madras 12 April 1893

Office No. 61 No 702

To

The Sanitary Commissioner

Please let me know whether, in your opinion, the existing establishment for the Secretariat building of three scavengers will be sufficient to do also the extra work in connection with the new latrine and urinal recently erected.

G.O., 27th Feb. 1893, No. 507 W.

FEBRUARY.

Latrines

The question as to the officers to whom the — constructed for Secretariat clerks in Fort St. George should be handed over, ordered to be referred to the Public Department, and passing orders with respect to screening these buildings from view from the Officers' quarters in the Fort.

Public

For order with reference to para: 1. The following establishment is at present maintained:-

3 scavengers @ 5/.

2 waterwomen @ 4/.

1 sweeper @ 4/.

6 sweepers @ 3 1/2.

The office "Sergeant" is in charge of this establishment.

As the latrine & urinal are on the sanitary low plan he will be able to say whether 3 scavengers will be sufficient to do the extra work as well as what they do now in this building which cannot be much during the absence of Govt. hardly anything at all.

27TH FEBRUARY 1893, No. 507 W., PUBLIC WORKS.

No. 813, Military.

Transferred to the Public Works Department for favour of disposal.

(By Order.)

FORT ST. GEORGE,
3rd February 1893.

(Signed) H. R. HOPE, Brigdr.-Genl.,
Secretary to Government.

ORDER—dated 27th February 1893, No. 507 W., Public Works.

The question as to the officer to whom the latrines should be handed over will be referred to the Public Department.

2. The erection of screens and the planting of shrubbery, as well as their subsequent maintenance, will be undertaken by the Consulting Architect to Government.

3. As regards the urinal, the proposed trellis work should be put up at once and the building can then be brought into use. To screen the latrine a bank composed of the brick-work débris on the spot should be raised. The bank should enclose the latrine on all sides except that facing the sea and should be of sufficient height to screen the building from the upstairs rooms of the houses in the Fort.

GOVERNMENT OF MADRAS
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From H. IRWIN, Esq., C.I.E., Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chépák, 2nd February 1893, No. 3277.

I have the honour to report that the latrine and urinal sanctioned in G.O., No. 1920 W., dated the 2nd July 1892, have been completed; I have had them locked up pending orders to make them over.

From Brigadier-General E. H. EYRE, Quarter Master General, Madras Army, to the Secretary to Government, Military Department, dated Ootacamund, 30th January 1893, No. 147 M.W. (Sanitary).

With reference to Proceedings of Madras Government, No. 4596 of 25th July 1892, communicating G.O., Public Works Department, No. 1920 W., of the 2nd idem, sanctioning an estimate for constructing a latrine on the sea-shore and a urinal within Fort St. George for the use of the Secretariat clerks, I am desired to report, for the information of Government, that the present General Officer Commanding Madras District and the Executive Engineer, Military Works, have taken exception to the sites selected for these structures, owing to the former being in full view of the Officers' quarters on the sea face of the fort and to the propinquity of the latter to the Royal Artillery and British Infantry Officers' messes, and to the fact of its being situated on one of the direct roads to the South gate.

2. The sites in question having been selected by a representative committee, composed as per margin and approved by the Commander-in-Chief, and moreover some expenditure on the buildings having already apparently been incurred, His Excellency is of opinion that the sites previously approved should be utilized for the purpose, but His Excellency desires that orders may be issued in view to measures being taken to screen both buildings from view by means of bamboo fencing, with creepers, fast growing trees and shrubs being also planted around them as may be practicable, and to the strictest attention

being given by the establishment, which, it is presumed, will be maintained for conserving these buildings, to keeping them clean and wholesome and thus preventing their proving a nuisance to the residents of Fort St. George.

President.

General Officer Commanding Madras.

Members.

Principal Medical Officer, Madras District.

Officer Commanding 2nd Somersetshire Light Infantry.

Sanitary Commissioner.

Officer Commanding Royal Artillery, Fort St. George.
