SIR.

With reference to G. O. no. 343 R. Public dated the 3rd April 93, I have the honor to forward for the sanction of Government the enclosed plans and estimates amounting to Rs 19470 for the construction of two additional blocks behind the Central Block at the Lying-in Hospital Madras. As the work is urgent and should be commenced as soon as possible, I request the favor of very early orders on this letter and for the provision of necessary funds.

I approve of the plans and estimates which have been countersigned by me.

This work does not appear to be of any urgency. The provision of delivery wards seems excessive. What are the numbers of beds for patients & what is the proportion of beds in delivery wards at present? One of the arguments is said to be increased office accommodation but I don't find that any is provided. We have got to spend a lot of money on the Station Hospital to fit it for use as a W.H. hospital and I don't think we can afford any more improvements to the lying in hospital just yet.

The proposed plan for the construction of two additional blocks behind the Central block at the Lying in Hospital Madras is approved. The Surgeon General should report the number of beds in the hospital available for patients.

Order. 10th May 1903, No. 372.

The plans and estimates will be returned to the Surgeon General with the following remarks:-

(i) The provision of delivery wards appears to be excessive. The Surgeon General should state the number of beds at present available for patients & the proportion of beds in delivery wards;

(ii) No provision appears to have been made for the increased office accommodation stated to be necessary in the Supd's letter of 23. Jan'y 1893, No. 22 (G.O. D. 13.3.93 No. 690 W.).

2. The Govt is not convinced of the urgency of the work & in view of the amount required to be spent on the conversion of the Station Hospital into a Women's & Children's hospital, considers that any improvements to the Lying-in Hospital should be deferred for the present.
