FILE No. 31.
SERIAL No. 4.

No. 3651, dated Calcutta, the 16th December 1892.

From—C. E. BUCKLAND, Esq., C.S., Secretary to the Government of Bengal,
To—The Secretary to the Government of India.

WITH reference to your office letter No. 937—31 E., dated the 10th May 1892, and en-
closures, on the subject of the repatriation of Indian immigrants affected with leprosy in the
Colonies of Natal, Trinidad, Jamaica, and Mauritius, I am directed to say that, as requested,
the Protector of Emigrants, Calcutta, was instructed to notice in future annual reports on
colonial emigration the number of lepers returned from the various colonies importing Indian
labour, and any other facts of interest and importance with respect to their repatriation. The
Protector of Emigrants has now pointed out that the Surgeon Superintendents of return-
emigrant vessels could during the voyage obtain information regarding the lepers on board,
and I am to suggest that the Secretary of State for the Colonies may be moved to issue the
necessary instructions to the Surgeon Superintendents to supply the Medical Inspector of Emi-
grants, Calcutta, on arrival at that port, with a statement regarding the return-emigrants in
their respective vessels affected with leprosy.

2. I am further to suggest that it is desirable that the statement should include the
following particulars concerning each return-emigrant affected with leprosy:—

- (a) The age, sex and caste of the leper.
- (b) The stage and condition of the disease (i.e., whether early or late, whether ulcera-
tion is present or not).
- (c) Information as to whether the leper contracted the disease in India or in the
Colonies.

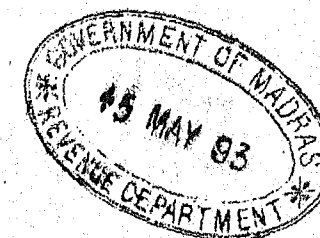

Despatch from the Secretary of State for
India, No.32 (Emigration) dated 23rd March 1893.

With reference to your Emigration Letter
No.2, dated the 11th of January last, I have to in-
form Your Excellency in Council that the Crown Agents
for the Colonies and the Governors of Natal and
Mauritius have been requested to instruct the
Surgeon Superintendents of return Emigrant vessels
to apply to the Medical Inspectors at Calcutta and
Madras for information regarding leprous Coolies
repatriated to India from the various Colonies.
