Kaspet.

To The Head Assistant Collector of Bellary.

Sir, Your proposal to reserve the lands containing the interesting buildings of the Hampi ruins has to go before the Collector and ultimately before the Government as it involves loss of Revenue and a certain amount of expenditure. The following lands which contain the buildings are noted against them are now classed as *paramls* and should be treated as such by the Settlement Department.

Survey No 1 Temple

- do 39 do
- do 45 Near to arner and other important buildings
- do 46 Way
- do 111 Nagar Ramaswamy's Temple.
- do 108 Public bath Dibba &c.
- do 92 Ganigitta Temple.
- do 110 Road from Kanalapur to Hampi
- do 114 do do
- do 112 Interiological Station
- do 136 Entrance to underground passage
- do 139 Road from Kanalapur to Hampi
- do 17 Council Room
- do 16 Zenana
- do 20 Several temples and mantapams
- do 38 Temple
- do 12 Near to Council room

Survey No 102 adjoining one of the fort walls

No 1

No 18 Containing Elephants Stables are unoccupied waste. They should be classed as paramboke.

2. The lands as per list enclosed are occupied. They should according to your orders be reserved as containing in Mantapams, temples, public ways and as adjoining any or all of these. Their market value amounts to Rupees 415 1/2. The yearly loss to Government by way of assessment, Land cess and Mera fees will be Rs 62.5.11. If you think the loss to Government will be rather heavy we may take only portions of Survey nos 19, 40, 41, 42, 43, 107, 105, 115, 135, so far as Survey nos 40, 41, 43, 105 & 135 are concerned we need not pay anything; the portions to be taken will be the excess in Survey in measurement. I am aware of the rule that pattadars are entitled to 10 percent of the excess but I know they will not insist upon its observance. We may very well omit nos 113 and 116. They adjoin the public way and do not contain any buildings. Survey no 138 may similarly be omitted. It contains a small and useless mantapam. It is now being cultivated with paddy as a wet crop.

It

It does not come in one's way to the places worth visiting.

3. The 1000 pillared Mantapam at Kalli Ramapuram is surrounded by wet cultivation. It is not accessible from any direction.

A space say 4 yards all round should be excluded and registered as paramboke.

4. The big stone Monolithic of Karasimba Swamp is situated in a field of Kristna-puram a jaghir village. Jaghir villages will not now be surveyed and settled.

I beg to remain
(Signed) D. K. Kathandaram Saib
Tahsildar.

I forwarded to the Collector with the recommendation that Government be moved to acquire the land for public purposes under the act. The present occupation is objectionable as tending to obstruct public rights of way over the ruins and as being unsightly. The occupiers have further the habit of gradually destroying walls and temples and of removing the materials of the same. Prevention impossible to keep this habit in check.

The land when acquired will be covered with grass and afford excellent pasturage which may be permitted unrestricted.

(Signed) W. E. Purdine.
for the Collector

Proceedings of the Board of Revenue

(Land Revenue)

Dated 6th April 1893,

No. 2133 Miscellaneous.

Read the following letter from A. S. Swell Esq.
Collector of Bellary to the Chief Secretary to Govern-
ment, Public Department (Through the Board
of Revenue) dated 25th March 1893. Ref. No. 1041.

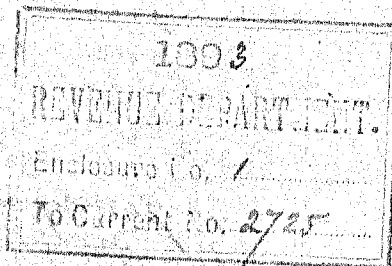

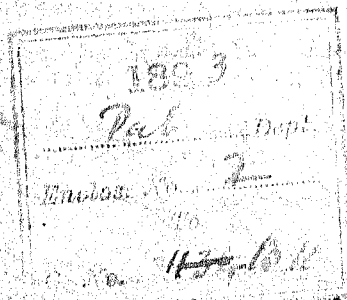

As promised in para 2 of my letter, Reference No.
4490 dated 12th September 1892 (to Government) I beg
to submit for orders proposals to set apart for
grazing ground the lands denoted in the accompany-
ing arzi from the Tahsildar of Hospett and copy of
letter from the Head Assistant Collector. The land
should be declared poramboke and all cultivation
prohibited thereon.

A sum of Rs 415 will have to be paid as com-
-pensation to the present owners of the lands. This
entails also a permanent loss to Government of
an annual Revenue of Rs 62.50 at present paid
on those lands but the gain is well worth the small
cost.

The Enclosure to Tahsildar's arzi gives all necessary
details.

If sanction is accorded in this case the draft notice
-tion to be published in the Fort Saint George
Gazette will be duly submitted.

From

A. REA, ESQUIRE,
SUPERINTENDENT, ARCHAEOLOGICAL SURVEY,
MADRAS,

To

The Chief Secretary
to the Government of
Madras.

SIR,

With reference to Public Department
Current No. 1134 of 1893, I have the honour
to concur in the proposal of the
Collector of Bellary in so far as the
buildings should stand in reserved
land. But I think a smaller amount
would serve the purpose equally
well. The reserving of necessary path-
ways and a narrow strip of ground
around the main group and other
detached buildings would be sufficient.

I have the honour to be
Sir
Your Most Obedient Servant
A. Rea
Superintendent.
