[Despatch Abstract.]

Referring order, on
the proposals, for
increasing the re-
commodation in the
Govt Symp. in-hospital
wards until it is
known what amount
is required for the
women & children
hospital.

No: 254. Govt: Lyngin Hospital
From. Madras, 25th May 1893.
The Superintendent,
Govt: Lyngin Hospital,
Madras.

To: The Secy. Surgeon General
with the Govt. of Madras

Sir,

In reference to your no: 3185, dated 17th instant on the plans & Estimates herewith returned, I have the honor to report that the additions and re-arrangement of rooms has been carefully considered and that the increase in delivery wards is not more than is necessary for efficient management. By the term "officers' use" in the Superintendent's letter in reference is meant accommodation in the Central or Administrative block as opposed to wards for the reception of patients. The re-arrangement proposed for these is sufficient and such as is required.

2. The number of beds available on the Lyngin side of the Hospital is as follows:-

Periperal beds
European: 25 beds.
Native: 65 beds.
Total 90
Delivery wards.
1. European with 4 beds.
2. Native with 8 beds.

I have.

1893
Dept.
Kinos
C. No.

1 European with 4 beds
2 Native with $\frac{8 \text{ beds.}}{12 \text{ beds.}}$

The enclosed copy of letter dated the 25th May 1893 from the Superintendent explains fully the necessity for the proposed additions both as regards delivery wards and office accommodation. It is a fact that only very rarely can one of the rooms now available for delivery cases be freed for the necessary periodical disinfection.

3 I also enclose for the information of Government copies of letters from the Consulting Architect to Government and the Superintendent lying in Hospital regarding my proposal to build on the basement floor alone 3 native delivery wards and 1 caste ward, each containing 2 beds, with 4 bath rooms.

4. Government will observe from the above facts and the circumstances explained in the enclosed correspondence that the necessity for providing increased accommodation for delivery cases is urgent, and I trust that sanction will be accorded for the early execution of the work.

5. The original plans and Estimates are herewith resubmitted.

I have.

I have the honor to be,
Sir,
Your most obedient servant.

W. L. De Saekens D. M. General
