has been pending, but that it will
now be taken up and disposed of.

I report the matter since I do not
consider that the result of the
enquiries made by the postal
authorities is at all satisfactory,
particularly in the face of the
admission by the sub. post-master
that he remembers receiving a parcel
from the dispendary Compounder at
letter rate. This is the only case
advised from Fedasander during
this year up to date, and it cannot
be difficult to remove the doubt
as to whether the only article addressed
to this office during the year has been
posted at all or whether it was lost during
transit.

I have the honor to be,
Sir,
your most obedient servant
Wanbury. M.B.C. M.D.C. & S.
Surgeon Major
General Examiner.

local Sub. post Master. The Hospital Assistant in reply stated that the article was sent at letter rate instead of by parcel post, and that consequently he had no receipt for the article; and he forwarded copies of letters which he received from the Sub. post-master acknowledging the posting of the article in question, together with written statements from others testifying to the same fact. These papers (which I herewith enclose for reference and return) were sent to the Madras ~~Postmaster~~.

Post. Master who after enquiry writes to say, that "no trace has been obtained of the article. The postal official who enquired into the matter doubts its having been posted".

On enquiry from the Sub. Magistrate I find that the case

~~remains open~~

SIR,

I have the honor to report
that a stained cloth in a criminal
case sent for examination on 20th July
last by 3rd class Hospital Assistant
of Vedasandam (Madura District) has
not yet been received in this office.
The Hospital Assistant in his letter
of advice refers to the article as
a parcel. Enquiry was made from
the Madras Post Master who called
for the receipt given to the Hospital
Assistant for the parcel by the
