For orders whether the remark
may be withdrawn altogether
or converted into "It is observed,
however, that the ~~Dufferin~~
report does not show that
the Lady Dufferin Fund scheme
has had anything to do" &c.
G.O. 700 promised a with-

The statement was
sent in clear and is
now clear that the Lady
Dufferin Fund scheme can
take credit for the income
in the number of nursing
employed & it is sub.
intended that the remark
should be withdrawn &c.

Have we got the reports of the Dufferin
Fund? I doubt whether the fund
pays anything for the training of these
women at the S. Ramasamy's Hospital
and it is not an institution under the
control of the fund?

in 1891 18 for 3, and
in the following year 27 for 10.

3. The increase as pointed out by the Surgeon General was 157 in 1888 against 208 in 1891, or an excess of 51 for the whole Presidency. Of this number no less than 40% was supplied by this Fund, representing an average of 2246 cases. Considering that the resources of the Madras Branch are so small and that over 78% of those trained found employment under District and Municipal Boards, it appears to Her Excellency the Lady President that the remark in para 4 of G.O. of 1st September 1892 No. 610 may with perfect propriety be withdrawn. Unqualified remarks such as that to which exception has been taken are obviously calculated to bring the Fund into discredit.

Committee of Dufferin Fund

To
The Chief Secretary
to Government
Fort Saint George.

Sir,

With reference to para 2 of G.O. 900 dated 26th December 1892, I have the honour to forward herewith two statements compiled by Surgeon Lt. Col H.D. Cook, the Superintendent of Sir Ramasawmy Mudali's Lying-in Hospital, where the Native nurses of the Dufferin Fund are being trained - Statement A showing the number of applications received for passed midwives from Local Fund and Municipal Boards, and Statement B furnishing the places where they are employed at present.

2. It will be seen that out of 32 nurses trained by the Fund, no less than 25 are in the service of District and Municipal Boards, 1 is in the Berar, one is in the 7th Regiment Native Infantry, one in private employ, and four in private practice - that in 1888 there were no less than 21 applications for which only 5 nurses could be found, in 1889, there were 25 applications while only 11 could be supplied, in 1890 there were 12 applications
