GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—again the following paper :—

G.O., dated 18th February 1893, Nos. 136, 137, Public.

Read—the following letter from J. P. HEWETT, Esq., C.I.E., Deputy Secretary to the Government of India, Home Department (Establishments), to the Chief Secretary to the Government of Madras, dated Calcutta, the 30th January 1893, No. 42 :—

I am directed to reply to your telegram, dated the 26th November last, in which the Government of Madras requested that eight candidates might be selected at the open competition for the Indian Civil Service in 1893 for employment in the Madras Presidency.

2. In the schedule attached to the Government of India's Despatch * No. 41, dated the 22nd July 1890, the number of

* Copy communicated to the Government of Madras with letter No. 159, dated 17th April 1891. cadre posts in the Madras Presidency, including appointments under the Government of India, was fixed at 116, and the strength of the service required

to man these posts and provide for officers on leave and in training, at 160. These figures were subsequently raised to 117 and 161 respectively (*vide* this Department's letter No. 298, dated 24th June 1892). The annual normal rate of recruitment at 4.31 per cent. on the total strength of the service is about seven. In paragraph 6 of the Despatch of July 1890, the Government of India recommended that ten recruits over and above the normal rate should be recruited during the next five years to bring the service in the Madras Presidency up to its requisite strength, thus raising the total recruitment during the quinquennial period commencing from the year 1890 to 45.

3. The total recruitment during the five years being 45, the Government of India estimated, after very careful consideration, that it should be distributed in the proportion of 37 to the Indian Civil Service and 8 to the Provincial Service as follows :—

	1st year (1890).	2nd year (1891 and 1892).	3rd year (1893).	4th year (1894).	5th year (1895).	Total.
Indian Civil Service	7	8	7	8	7	37
Provincial Service	2	1	2	1	2	8

Six candidates recruited in the year 1890 were appointed to the Madras Presidency in 1892. In connection with the raising of the limit of age and the reduction of the period of probation of selected candidates from two years to one year, the Government of India arranged, in communication with the Secretary of State, that four candidates should be selected at the open competition in 1891 and five in 1892. These nine candidates will come out to India in 1893. The number of officers to be selected this year, according to the estimate made in 1890, is seven only. As there appear to be no special reasons for the proposed recruitment of eight officers, and as the strength of the service in the Madras Presidency

does not seem to require any further addition to the number fixed in 1890, the Governor-General in Council has recommended to Her Majesty's Secretary of State for India that seven candidates should be selected at the open competition in 1893 (to arrive in 1894) for employment in the Madras Presidency.

Order—dated 18th February 1893, No. 136, Public.

The Government has decided to throw open three appointments in the Provincial Service to open competition, and for this purpose to hold an examination at the earliest possible date.

The selected candidates will be appointed Probationary Deputy Collectors, sixth class (pay Rs. 250), subject to passing prescribed vernacular and other tests.

* G.O., dated 3rd December 1889, No. 984.
G.O., dated 7th January 1890, No. 8.

2. The examination will be on the same lines as that held in the early part of 1890, the regulations concerning which are summarised in the accompanying paper.

3. The Director of Public Instruction is requested to draw up and submit the necessary notification in time for publication in the next Gazette. The following points require to be settled:—

(1) The date of the examination.—The Government considers the 22nd March and following days would be suitable.

(2) The latest date for the receipt of applications.—This might be fixed at the 11th March.

(3) The nomination of the Board, of which the Director of Public Instruction will be President.

(4) The nomination of special examiners for the optional branches.

4. Applications will be received by the Secretary to the Board. A form of application in which provision is made for mention of the candidate's optional subject should be included in the draft notification.

5. After the applications have been carefully scrutinized by the Board, such candidates as fulfil the conditions prescribed will be informed by the Secretary of their registered number and of the date of examination by the Medical Board (which will be decided on after receipt of the reply from the Director of Public Instruction to the present reference) and furnished with a time table of the examination.

6. At the close of the examination the Board will submit a report to Government forwarding copies of the examination papers and a table of the marks. In the latter the names of the first three candidates only will be mentioned, the remainder being exhibited by their registered numbers.

To the Director of Public Instruction, with copy of
~~Government of India letter and summarised regulations.~~

Letter—to the Secretary to the Government of India, Home Department, dated 18th February 1893, No. 137.

I am directed to acknowledge the receipt of Mr. Hewett's letter, dated 30th January 1893, No. 42, regarding the recruitment of the Civil Service.

2. In paragraph 3 it is intimated that the total recruitment during the quinquennial period commencing from the year 1890 has been fixed at 45, and that the Government of India has estimated that this number should be distributed in the proportion of 37 to the Indian Civil Service and 8 to the Provincial Service.

3. In paragraph 8 of Mr. Price's letter, dated 16th December 1892, No. 876, it was pointed out that twelve officers should have been locally recruited during the period 1880-90, but that including Mr. B. Ramashandra Rao and excluding Mr. Venkata Jaga Rao only nine appointments had been made in this Presidency. Sanction was accordingly requested to the immediate recruitment of two officers for the Provincial Service and to the addition of one appointment to the recruitment to be made at the end of this year.

4. The Government of India has fixed the recruitment for the Provincial Service corresponding with that for the Indian Civil Service in 1890 (arrived 1892) at two. That for the second year of the quinquennial period has been fixed at one. Two appointments should therefore have been made at the end of 1892, and one appointment should be competed for at the end of this year. These, together with the three extra appointments required to bring the local recruitment up to proper strength (alluded to in paragraph 3 *supra*), give six appointments to be made before the end of this year. His Excellency the Governor in Council accordingly proposes to offer three appointments for open competition immediately and three more at the end of 1893, and arrangements are, I am to say, being made to hold an examination at once to supply three of the vacancies.

G. A. GALTON,
Ag. Chief Secretary.

Re: also the following paper:—

From D. DUNCAN, Esq., M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 20th February 1893, No. C-8.

With reference to G.O., Public, No. 136, of the 18th instant, I have the honour to submit the enclosed draft notification for approval and publication in the *Fort St. George Gazette*. Instructions to the Board of Examiners have not been incorporated in the draft notification.

2. The dates proposed by Government are the most suitable in the circumstances and have been adopted.

3. I have altered the scheme of examination slightly in the light of the experience I gained as President of the Mysore Civil Service Examination last year. History is omitted from the compulsory subjects, partly because it gives candidates who took up History as their optional subject for the B.A. degree an unfair advantage, and partly because it seems to me better to treat a knowledge of the English language and literature and the practical command of that language for purposes of literary composition as the most important qualifications in candidates for admission into the service.

4. I would recommend that the Board be constituted as follows:—

President.—The Director of Public Instruction.

Members. { The Rev. William Miller, L.L.D., C.I.E.
Mr. W. S. Meyer, Acting Secretary, Board of Revenue.
„ John Adam, Pachaiyappa's College.
„ George Stuart, M.A., Presidency College (*Secretary*).

5. I shall address Government later with regard to the examiners I would propose for the optional subjects. It will be observed that I have inserted a clause to the effect that only those who pass in the compulsory subjects shall be admitted to examination in the optional subjects. The examiners in these subjects may be requested to hold themselves in readiness to set papers if required. Under the five optional branches there are 15 papers (to say nothing of the practical examinations, of which there are six).

The examiners' fees for setting these papers and preparing for the practical examinations would amount to about Rs. 2,000. It is pretty certain that several, say one-half, of these papers will not be required, if the candidates must first satisfy the examiners in English. An interval of a few days is all that will be needed between the compulsory and optional parts of the examination.

6. At the close of the examination the Board will submit a report to Government, forwarding copies of the examination papers and a table of marks with the candidates arranged in order of merit. In the latter the names of the first three candidates only will be mentioned, the remainder being exhibited by their register numbers.

7. I have not fixed the maximum number of candidates to whom the examination will be thrown open as the number will not be excessive, judging from the experience gained in 1890.

ORDER—dated 27th February 1893, No. 160, Public.

The draft notification as amended will be published as a Gazette Extraordinary and republished in the Gazettes of the 28th instant and 7th proximo.

2. The constitution of the Board of Examiners recommended by the Director of Public Instruction in paragraph 4 of his letter read above is approved.

3. The Surgeon-General will be requested to make early arrangements for the assembly of a Medical Board between the 27th and 30th March for the examination of candidates and to report the date fixed for the same. The Secretary to the Board of Examiners for the Provincial Civil Service Examination should be instructed to furnish the Surgeon-General, as soon as possible after the 20th March, with a list of the candidates to be examined and with such other information regarding them as may be required.

4. The Surgeon-General will communicate the results of the examination by the Medical Board direct to Mr. Stuart, forwarding a copy of his letter to Government for information.

C No. 374

From The G. of I.

Dated 30 / 1893.

FOR ORDERS.

With reference to the recruitment for the Provincial Service, please see para 8 of letter to India of 16.12.92 No. 876.

The number of officers recruited in England during the period - 1880-1889 was, as shown there, been 62. According to the table in para 8 of India's present letter, 37 appointments will be made during 1890-95. This will give a total of 99.

The total recruitment in India up to the end of 1895 should, therefore, be 20.

Including Mr. R. Ramachandra Rao & excluding Mr. Venkata Jaga Rao, the total recruitment to date has been 20. The G. of I. for the recruitment for the Indian Provincial Service during 1890-95 at 8. This will give a total of 119.

Then, before still remains to be applied, sanction for the extra recruitment for which was requested in para 8 of the letter of 16.12.92. If two of these are to be provided immediately 4 appls. to the Prov. Service should be made at once.

According to India we ought to get 8 provincial men in 1890-95. We have had only 1 as yet, Mr. R. Ramachandra Rao. Assuming them to be distributed as follows

1890	1891	1892	1893	1894	1895
1	2	1	2	2	2

We are therefore short. With the an appl. to the Govt. of India for more, we should recruit two more in 1893 & 1894.

This gives the same result as in the note. I think we should write to India at once in continuation of the letter & c.s. 2 fixed by India of the 16.12.92 & propose to recruit 2 extra.

It would be better, perhaps, in order to equalize the distribution, to make only one extra appointment now & two at the end of '93. This, with the ordinary recruitment fixed by India, would give 3 appts. on each occasion.

Orders are solicited, whether India's reply to letter of 16th Decr last should be awaited or that Govt. be telegraphed to stating what is intended to be done.

Service Examination last year. History
is omitted from the Compulsory Subjects,
partly because it gives Candidates who took
up History as their optional Subject for the
B.A. degree an unfair advantage, and partly,
because it seems to me better to treat a
knowledge of the English Language and
Literature and the practical Command of
that Language for purposes of literary Com-
position as the most important qualifi-
cations in Candidates for admission into
the Service.

4. I would recommend that the Board
be constituted as follows:-

President

The Director of Public Instruction

Members

The Rev William Miller, D.D., C.S.E.

Mr. W. S. Meyer, Acting Secretary, Board of
Revenue

John A. M., Pachayappa's College

George Stuart, M.A., Presidency College,
(Secretary)

5. I shall address Government later
with regard to the Examiners I should propose
for the optional Subjects. It will be obvious
that I have inserted a clause to the effect
that only those who pass in the Compulsory
Subjects shall be admitted to Examination
in the optional Subjects. The Examiners
in these Subjects may be requested to hold
themselves in readiness to set papers if required.
Under the five optional branches there are
15 papers (to say nothing of the practical
Examinations, of which there are six). The
Examiners' fees for setting these papers and
preparing for the practical Examinations, would
amount to about Rs. 2,000. It is pretty certain
that several, say one half, of these papers will
not be required, if the Candidates must first
satisfy the Examiners in English. An interval
of a few days is all that will be needed.

between the compulsory and optional parts
of the Examination.

6. At the close of the Examination the Board will submit a report to Government, forwarding copies of the Examination papers and a table of marks ^{with the candidates} arranged in order of merit. In the latter the names of the first three candidates only will be mentioned, the remainder being exhibited by their register numbers.

7. I have not fixed the maximum number of Candidates to whom the Examination will be thrown open as the number will not be excessive, ~~as may be seen~~ ^{judging} from the experience gained in 1890.

I have the honor to be,
Sir,

Your most obedient servant

D. S. Suman
Director of Public Instruction.

My dear Sir Henry

I think it will be a great advantage if all the dates were put a fortnight later. If the Examination were to begin on Wednesday 5th April (the first working day after the Easter holidays) it would be convenient

ough. The date
 receiving applica-
 ions might be put
 down as Monday
 20th March this
 year would give time
 for the Medical exami-
 nation being held
 before the Easter
 holidays.

Truly yours
 J. J. Jones

Approved
 W. J.

I think the notification should also
 state briefly what the Provincial Service
 means, & what are the posts and emoluments
 open to the members, so that possible
 candidates could tell at a glance what
 it is they are being invited to compete for.

W. J.
 23/2/90

I think the time is too short. There will
 only be 10 days for candidates to apply and
 to procure all the necessary documents.
 I would send out the notice a fortnight later
 so as to allow the Easter holidays.

W. J.

I have consulted the Director
 of the Service.

Will you please get the notice sent out the same?

4. It is proposed to issue the
 Notification as a Gazette Extraordinary
 to give those up-country a time
 to submit their applications by

11th March.

With reference to the Honorable

Members' remarks that portion of
 the rule ^{which it was} proposed to add to the
 Notification ^{in order} to meet His instructions,
 is absolutely incorrect, it is respectfully
 submitted that the Honorable Member
 appears to have overlooked the proviso
 in the draft rule that the appointments
 would be subject to the rules for the
future being in force.

Rule III. on page 216 of the file,
 which is referred to by the Honorable
 Member, limits the appointments of
 Sub. Judges to certain classes, Rule
 II, ^{similarly} limits the appt. of Dist. Magistrates,
 but it is submitted that, provided
 any of the candidates who may be
 selected at the approaching competition
 fulfil the conditions of Rule III or
 Rule II, there would be nothing
 to prevent their nomination hereafter
 to a Sub. Judgeship or a District
 Magistracy. For instance if one
 of the candidates selected is a B.L.
~~Magistrate~~ the rules, say, to
 be a Dy. Magistrate on Rs 300., there
 would be nothing in the rules
 to prevent the High Court
 nominating him to a Dist.
 Magistracy on Rs 400, provided
 he agrees to the transfer & he
 has passed the Vernacular test.

The papers in G.P. of 6. August
 1892 No 1430 Judd. Committee appear
 to support this view. In that case

... of Govt. considered is
advisable to include the Presidency
Magis. in the Provincial list as as
to admit of their being transferred to
other appts. in that list, should
such a course be considered necessary

Please see also the passage marked
with under in India's letter on page 4
101 of the book. It is there stated that
to a Statutory Civilian joining the Post.
Service there will be open the whole
range of offices in the present Uncovenanted
Judicial and Executive Services. Statutory
Civilians joining the Provincial Service
will, except as regards promotion to
higher posts, be on the same footing as
other Provincial Service officers and at
least to one extent, it is thought, as far
as others.

Under the new 2nd ed. of
C.S. 24/2 shows the list submitted by
the Govt. it is considered to be
to specify the details

points such as ...
Co. ... Presidency ...
as I think ...
Dr ... - himself ...
is named.

It would be well to specify the points
... of the ...
to ... 2. The ... may not

I think it is much better to let
this alone until after the rules
& the list are finally approved.
It is quite enough to indicate
that these people will be members
of the Provincial Service, and the
list will be sufficiently attrac-
tive. There have been plenty of
examples of the danger of being too
precise in invitation to candidates
who are apt to found claims of
right on incautious expressions
in notifications of the sort. We
are still somewhat hazy as to what
the Provincial Service is, or is
to be.

If it is the case that we can not
state the conditions of our Provincial
Service with sufficient accuracy, not to
mislead - of course we had better
not say anything.

I am given to understand that there
is not likely to be any lack of
candidates.
