SIR,

As directed in your Telephone
message of yesterday communicated
to me by the Presidency Port officer,
I have the honor to forward the plan
and schedule of land no longer
required by the South Indian Railway
company in the General Hospital
Compound together with the Consulting
Engineer's covering letter on the subject,
and to request that they may be
returned to me when done with

I have the honor to be,
Sir,

3. I concur in the Agent's view as to the desirability of retaining sufficient land to permit of the line being doubled, an extension which is almost certain to be required eventually.

4. The portion retained will be kept clean by the Railway Authorities, who however explain that the insanitary condition complained of by the Medical Authorities is largely due to rubbish being thrown over the fence from the General Hospital compound.

Respectfully

To

The CONSULTING ENGINEER FOR RAILWAYS,

MADRAS.

Sir,

In returning herewith ^{the} plan received with your letter no. 1577 of the 12.12.92 I have the honor to forward a tracing of Plan no. 23/93 showing the line up to which the wire fence can be removed. I have no doubt the Hospital - Authorities will consider a larger area should be relinquished, but I have retained sufficient to allow of the bank being widened for two lines of rails, as a contingency, the necessity for which, is not very improbable.

The bridge over the canal has been built for a double line as shown in the plan above referred to. As you are aware the land was originally acquired by the Harbour Authorities, from whom we took over the line between the Park and Beach station, the Park station at or near the west bank of the Cochrane's Canal being at that time the eastern terminus of the South Indian Railway.

I send also the usual rendition plan - no. 21/93 and schedule both in duplicate prepared in the usual form. Resident Engineer Mr. A. S. Johnston will hand over the land to the Revenue Authorities on the company's behalf.
