Calcutta, the 2nd March 1893 Under Secretary to the Govt. of India

stated, had been temporarily transferred to the Civil Hospital at Secunderabad, under orders of the Surgeon General, Madras, in place of one of the Hospital Assistants previously attached to the Hospital. A letter No. 434 F. B. dated 15th September 1892 was therefore addressed by this office to the Government of India in the Foreign Department, as the sanctioned scale of establishment of the Hospital in question provides for two Hospital Assistants only, and the appointment of an Apothecary in lieu of one of the Hospital Assistants involves an extra charge which cannot be passed without sanction of the Government of India. The Treasury Officer was, however, authorised in anticipation of orders of Government to disburse the grade pay of the Apothecary at Rs. 150 a month.

2. No orders have since been received on the reference made to Government, and I have now to request that you will be so good as to take the necessary steps to obtain the requisite sanction of Government to the Apothecary being attached to the Hospital with the pay and allowances as specified on the margin in place of the Hospital Assistant on Rs. 50 a month as sanctioned. In the meantime the amounts drawn in excess of sanction are held under objection in the books of this office.

Grade pay...	Rs. 150
Staff all ^{ce} ...	30
House rent...	20

Staff allowance (article 870 Volume 1

Part 1 British Troops Army Regulations India) - Rs. 30/- per mensem.

House Rent (article 924 Volume 1 Part 1. British Troops Army Regulations India) - Rs. 30/- per mensem.

and should, I think, draw the same pay during the time he is attached to this Hospital.

Sir,

With reference to your letter N^o 6742, dated 15th October 1892, I have the honour to point out that a second class Hospital Assistant has been sanctioned for this Hospital by the Government of India vide Home Department Medical N^o 588, dated Simla the 3rd 21st September 1891, but owing to the great strain on the Hospital Assistant class for service in Burma, it appears that the Surgeon General with the Government of Madras could not spare one at present, and sent one of the Apothecaries of the Reserve Establishment, whose services could be spared.

Dated Fort William, the 10th February 1893

Sir,

With reference to the correspondence ending with your letter, N^o 9, dated the 7th January 1893, I am directed to convey the sanction of the Government of India to the temporary appointment of Apothecary, Mahammad Bahar to the Civil Hospital at Secunderabad on the monthly pay and allowances specified in the margin.

Grade pay	150/-
Staff allowance	36/-
House rent	30/-
<u>Total Rs: 210/-</u>	

This sanction is given on the condition that the Apothecary will be replaced by a Hospital Assistant as soon as this is found to be practicable, and I am to observe that it would have been more regular if, when it was ascertained that the services of a Hospital Assistant were not procurable, the matter had been reported to the Government of India, and their sanction obtained to the temporary appointment of an apothecary.
