Establishment	..	..	..	..	..	..	..	..	16,020
Contingencies, &c.	..	..	..	..	..	..	..	..	1,380

Resolution.—(a) *New Works*, as detailed for Rs. 17,050, are approved.(b) *Repairs.*—The Board strikes off Rs. 801 allotted for last 9 miles of Kurnool-Sunke-sula road, as there is practically no road nor need of road from Nidjoor on.

The Board declines to reduce the allotments on the Yemboi and Pullagummi roads.

The Board considers it inexpedient to allot Rs. 400 to the Gobbor-Tokapalli road.

The Board is not disposed to undertake the road proposed by Deputy Collector, Pyápali, from Owk to Koilkuntla. With these exceptions, the proposed allotment on repairs are adopted, Rs. 44,210.

(c) *Establishment.*—As Government has prescribed Rs. 400 as the salary of the Engineer, the Board considers the travelling allowance should be Rs. 4 instead of Rs. 3 per diem. Allotment is, therefore, raised by this amount.(d) *Contingencies, &c.*—Rs. 1,380 adopted.*Grant II.*—The Board is not disposed to sanction the additional inspecting schoolmasters proposed. The Board rejects the proposal to pay the inspecting schoolmasters fixed travelling allowance. With the above exceptions, the allotment, Rs. 33,190, under Grant II is adopted.*Grant III.*—The proposed allotment is adopted. Figure adopted is Rs. 52,800.*Grant IV.*—The proposed allotment is adopted with the exception of maistries in Pyápali Union, which is rejected. The Board approves of an increase of salary, by Rs. 5 per mensem, of the clerk of Nándyal Taluk Board, as the work of the manager of the Board having been greatly added to, and in consideration of his 12 years' service the Board approves of his salary being raised from Rs. 60. The increment being fully discussed, a majority voted that the salary be Rs. 70 a month. All other proposals under Grant IV are adopted.

President brings to notice that budget closes with an excess balance of Rs. 14,000.

The Board considers the bridging of the Veldurti crossing should first be provided for and any balance remaining be allotted to the Bugga bridge. An estimate for Veldurti work bridge to be at once called for.

Read Proceedings of Government, No. 2817, Local and Municipal, of 3rd December 1892.

Resolution.—Recorded.

(True Extract.)

(Signed) P. SEETHA RAU,
Vice President, for President.

It will be, however, impracticable to enforce the new system of subordinates till next official year.

49. Rupees 200 are provided under "Tolls and ferries" establishment to meet the cost of establishment entertained for the collection of tolls at the Yerraguntla toll-gate.

50. The percentage of tools and plant is calculated at the rate of 1 per cent. A sum of Rs. 800, or Rs. 80 more than the revised estimate, is entered as Local Fund Engineering contingencies.

51. *Grant II.*—On the recommendation of the Assistant Inspector of Schools, the pay of two of the inspecting schoolmasters is raised to Rs. 35 each.

52. With reference to other recommendations of the Assistant Inspector, the Board considers increasing the number of inspecting staff unnecessary, and also thinks that the entertainment of an itinerating gymnastic instructor is undesirable, as but little good could be expected from it.

53. Provision has been made for four sessional schools, and, if the result is good, their number may be increased next year.

54. The other recommendations of the Presidents of Taluk Boards, which involve an additional expenditure of Rs. 3,320 over the current year's allotment for Local Fund schools, for increasing the number of Local Fund schools, raising the status of some of them and to provide additional teachers for that purpose, and of maintaining the boarding school for Chentsus which was sanctioned in the current year, and for opening some schools for Pariahs, have been budgeted for.

55. *Grant III.*—Under Medical subordinates an increase of Rs. 600 over the current year's budget is provided to meet the increments to the Nandyál apothecary and to the hospital assistants of Márkápúr, Atmakúr and Chagalmarri and to allow the increased rate of charge allowance to the Mundalpaud hospital assistant sanctioned by the Cumbum Taluk Board.

56. Under "Clerks and servants" an increase of Rs. 70 is provided for the entertainment of an additional female toty for the Cumbum hospital, as proposed by the President of the Cumbum Taluk Board.

57. As suggested by the District Medical and Sanitary Officer and Government, provision is made for the entertainment of two additional midwives for Maddikera and Chagalmarri dispensaries on a monthly salary of Rs. 15 each and to raising the pay of the staff of three midwives provided for Nandyál, Koilkuntla and Cumbum, as no one can be got to take employment at the present salary of Rs. 12 a month.

58. The District Surgeon's contingencies are increased by Rs. 60, as recommended by that officer.

59. Under vaccination an additional allotment of Rs. 330 is made for meeting the salary of an additional watchman attached to the probationary vaccinator of Maddikera, for providing him with calves, for paying travelling allowance to the peons of the Deputy Inspector, and for the increase of pay of Kurnool Deputy Inspector (G.O., dated 17th March 1891, No. 633 L.). The details of allotment are noted below:—

	Pay.	Travelling allowance.	Total.
1 Deputy Inspector	Rs. 70	Rs. ..	Rs. ..
1 Do.	60	..	..
8 Vaccinators at Rs. 20 each	160	..	..
4 Probationers at " 10 "	40	..	..
2 Deputy Inspectors' peons at Rs. 7 each	14	..	..
9 Watchmen on Rs. 5 each	45	..	..

Total	..	..	2,250
Grand Total	..	..	8,140

60. A sum of Rs. 20,440 is budgeted under sanitation as detailed below, which provides additional scavenging establishments at Bestwarpet, Erragundapalem, Márkápúr, Mundlapaud, Paniem, Betamcherla and Kalva and for an itinerating sanitary conservancy establishment under the Kurnool Taluk Board as recommended by Government in its order, dated 10th February 1890, No. 269 L. :—

	Rs.
Water-supply	3,350
Village-sites	2,700
Scavenging establishment	11,830
Fairs and festivals	590
Other sanitary outlay	870
Cholera charges	1,100
Total	20,440

61. Under contribution to Provincial Funds for Medical College, &c., the current year's budget provision is repeated, as no rate is fixed yet.

62. *Grant IV.*—Provision is made under Local Board office establishment for the entertainment of an additional establishment as detailed below for the newly-sanctioned Unions:—One clerk on Rs. 8 and one bill collector on Rs. 5 to each of the Unions under the Kurnool and present Pyápalí Taluk Boards; one clerk on Rs. 8 to each of the newly-sanctioned five*

Unions under the Nandyál Taluk Board in addition to the establishment entertained for the existing Union of Nandyál.

63. The entertainment of maistries for the Unions under the Pyápalí Taluk Board, as proposed by the President of that Board, is disallowed, as it is against the orders of Government.

64. The work devolving on the manager of the District Board office has considerably increased owing to the creation of 4 Taluk Boards and 21 Unions, and the Board are unanimous in the opinion that the pay of that post should be raised in proportion to the work to be done, to induce competent men to continue in it. The work expected from a manager and his responsibilities are certainly more than those of a vernacular head clerk in the Collector's office, who is allowed Rs. 70. The Board, therefore, strongly recommend that the manager's pay be raised to Rs. 70, and provision has accordingly been made and sanction of Government is solicited for the same.

65. The President of the Nandyál Taluk Board having recommended that the salary of his head clerk be raised to Rs. 20 a month (from Rs. 15), the District Board, taking into consideration the increase of

* From April next as ordered by Government in G.O., dated 17th November last, No. 2704, with reference to which the budget is prepared.

work which has to be done consequent on the creation of Unions and the addition* of one more revenue taluk to the Taluk Board, have sanctioned the increase and provided therefor.

66. A net increase of Rs. 320 over the budget of the current year under Contingencies to Local Board's office establishment is provided to answer the demands of the several Unions.

67. A reserve of 10 per cent. of the estimated receipts is provided as required by the rules.

39. *Contribution from Provincial Funds on account of Education.*—The amount entered under this head represents the grants expected to be earned under the Grant-in-aid Code on account of schools and students to be trained at Madras.

Expenditure.

40. The proposed expenditure under Grant I for the year is as follows :—

Items of charges.	Budget, 1893-94. RS.	Revised estimate, 1892-93. RS.
New Works—		
Communications	21,850	32,230
Civil Buildings	5,600	..
Miscellaneous Public Improvements	3,600	790
Repairs—		
Communications	41,080	1,13,060
Civil Buildings	380	1,310
Miscellaneous Public Improvements	2,000	2,000
Local Fund Engineering establishment	15,670	16,960
Tools and plant	80	400
Contingencies	800	720
Tolls and ferry establishment	200	200
Public Works Department supervision	150	120
Miscellaneous	..	110
For Famine expenditure	..	25,000
Total ..	92,660	1,92,900

41. The sum of Rs. 21,850, provided under Communications—New Works, is proposed to be expended as follows :—

On building a perforated road-dam or a bridge on the Veldurti vagu which when in flood is dangerous to ford. The road is of especial importance as being the mail route from the S. M. Railway ..	rs. 13,000
Towards restoring the bridge on Bugga vagu which was neglected for the last 16 years for want of funds	7,500

These two roads, known as the Gooty and Nandyál roads, are about the most important lines of traffic in the district, whilst these unbridged waters present much serious obstacles during the floods to which they are liable in the rainy season. These works have therefore been selected as of the greatest urgency and the sum of Rs. 20,500 are budgeted pending the preparation of a regular estimate in course of preparation.

On laying out a road from Gúdúr to Nágálápúram	300
" " " Allur to Nandikótkur	200
" " " Kurnool to Ulsala	200
" " " Nandikótkur to Midtur	200
" " " Dhone to Kotcheruvu	250

These roads are, the Board considers, very necessary in the interests of the ryots or the tax-payers and are taken up as per directions of Government contained in G.O., dated 1st November 1889, No. 2562 L.

For constructing a foot-bridge on the Chamakalva in Nandyál ..	200
This stream intercepts communication between the town of Nandyál and the Railway and Public offices, so that the work is of very urgent necessity.	

42. Under Civil buildings the following new works are provided for :—

(1) For an hospital building at Nandyál, the construction of which has long been insisted on by the Medical Department and want of funds prevented the Board from taking the work on hand till now	rs. 2,000
(2) Construction of school-houses as recommended by the Educational officers	1,100

- (3) Construction of a choultry at Dhone. This being the station for Kurnool, the number of travellers requiring accommodation is considerable. A similar proposal was made some years ago and funds allotted in the budget, but was given up because there was then a prospect of connecting the Kurnool town and Dhone by a railway. But at present there is no immediate prospect of such a line and it is therefore proposed to construct a choultry at a cost of Rs. 5,000.. 1,500
- (4) A large number of pilgrims visit the shrine at Sreesailem, which is situated on the Nallamallais and is 40 miles from Atmakúr. As there is no shelter between Atmakúr and Sreesailem, it is proposed to build a rest-house at Petcheruvu, Board member M.R.Ry. A. Kissen Sing Garu having promised to contribute Rs. 400 towards its construction 1,000

43. The sum of Rs. 3,600 is intended for the construction of stalls and compound walls, &c., to the markets at Atmakúr, Nandyál, Sirvel, Rudravaram, Kodumur, Pattikonda, Pyápali, Maddikera, Koilkuntla, Owk and Bestvarpet.

44. The sum of Rs. 41,830, or at an average of something under Rs. 72 per mile, entered under Communications—Repairs, is intended for the upkeep of the maintained roads and the repairs of the following roads to be now first undertaken :—

- (1) Road from Chagalmarri to Mutyalapad 1,000
- (2) Road from Giddalur to Mundlapad and from Márkápur road station to Vemalakota 1,000

45. The Local Fund Engineer having recommended that the maintenance grant for the first 32 miles of the Gooty road be raised to Rs. 200 a mile and the rest fixed at Rs. 80 a mile instead of a fixed mileage allowance of Rs. 125 a mile, the maintenance grant of Gooty road is raised to Rs. 8,200.

46. The sum of Rs. 380 appearing under Civil Buildings—Repairs is proposed for the usual annual repairs of the travellers' bungalows, the repair of the dispensary at Dhone and some choultries.

47. *Miscellaneous Public Improvements.*—The usual provision of Rs. 2,000 for the avenue trees is repeated.

48. *Engineering Establishment.*—As Government has sanctioned, in its order, dated 30th November 1892, No. 2790, the proposed new organization of the Local Fund Engineering establishment, with certain modifications, provision is made in the budget for the following establishment :—

	Pay.	Travelling allowance.	Total.

(5) Village site	250
(6) Scavenging establishment	370
(7) Fairs and festivals	20
(8) Cholera charges	900
(9) Zillah Surgeon's establishment	140

23. *Grant IV.*—The allotment under establishment in the Collector's office is slightly raised to admit of the increase of pay recently allowed to the audit clerk and the pay of the assistant audit clerk sanctioned in G.O., dated 31st May 1892, No. 1289 L.

24. A sum of Rs. 980 has been added to the allotment sanctioned under "Local Board's Office Establishment" to meet charges on account of establishment for the newly-sanctioned Unions.

25. Under printing charges a sum of Rs. 600 has been added to defray additional charges on account of printed forms required to be supplied to the Unions.

26. The share of Presidency Establishment charges are calculated with reference to G.O., dated 7th December 1892, No. 2864 L. The variations under other heads of charges call for no special remarks.

27. Out of a reserve of Rs. 10,410, Rs. 6,702 have already been appropriated and the balance is added to the closing balance. The following is an abstract exhibiting the receipts and charges as now revised:—

	RS.	RS.

Total	1,77,130	3,24,350
Add opening balance	62,510	22,552
Grand Total	2,39,640	3,46,902

29. *Land-cess.*—The balance of arrears estimated to be outstanding at the beginning of the year is Rs. 18,627, the demand for the year is estimated at the same figure as in the current year, the total demand thus amounts to Rs. 1,55,288. Collection of 90 per cent. of this, or Rs. 1,39,750, is estimated.

30. *Tolls.*—There are at present two toll-gates under the District Board. Acting on the suggestion made by the Government in their order, No. 2909 L., dated 14th November 1890, the District Board, at its meeting held on the 26th October last, proposed (which the Government has sanctioned in its order, dated 3rd December 1892, No. 2817 L.) the establishment of another at Bugga and the levy of tolls at half the schedule rates. The Board has further at its last meeting held on the 30th ultimo sanctioned, subject to the approval of Government, the opening of two more toll-gates—one at Markapur and the other at the junction of the Chintapalem and Papayapalli roads. In anticipation of the sanction of Government to this proposal, a sum of Rs. 2,040 is roughly estimated as probable receipts from these proposed toll-gates. The receipts from the existing toll-gates and the Municipal contribution are based on the figures of the revised estimate for the current year.

31. *House-tax.*—The Presidents of Taluk Boards anticipate a sum of Rs. 16,690 as estimated house-tax collections from the existing and the newly-sanctioned Unions, and this figure has been budgeted for.

32. *School Fees.*—As it is proposed to open 31 new elementary schools in the district and raise the status of the upper primary schools at Koilkuntla, Pattikonda, Pyapali and Kodumur to that of lower secondary, an increase under this head is expected, making allowance for the decrease likely to result by the reduction of the Nandyal middle school to 3rd grade, the abolition of which was suggested by Government in its order, dated 28th March 1889, No. 722 L., and which the Educational officers strongly oppose. The receipts under School-fees is estimated to amount to Rs. 4,600.

33. For reasons stated in the above paragraph, the sale-proceeds of books is raised to Rs. 250.

34. *Contribution from Private Individuals.*—A sum of Rs. 400 is entered as probable receipts from villagers for improvement of the sanitary condition of their villages.

35. *Choultry Rents.*—The Pyapali Taluk Board expects a sum of Rs. 180 as rents on account of the choultry at Koilkuntla; and the Nandyal Taluk Board expects a sum of Rs. 10.

36. *Market Rents.*—The receipts from market fees is entered as Rs. 1,800, or Rs. 30 more than the revised estimate for the current year, as the Pyapali Taluk Board anticipates an increase of this sum from the markets under its control.

37. *Avenues.*—A sum of Rs. 480 is expected under this head as probable receipts from avenue clippings, &c., and this is budgeted for.

38. *Contribution from Private Individuals in aid of Public Works.*—Rupees 400 entered under this head represents the contribution which has been promised by M.R.Ry. Kissen Sing, a member of the Board, towards the construction of a rest-house at Petcheruvu for the convenience of the numerous pilgrims who resort to the shrine at Sreesailem.

Funds a fourth of the toll-collections at the Kurnool toll-bars. The sanctioned estimate under this head has also been raised by Rs. 150, with reference to the actual collections up to the date and the probable collections anticipated during the next quarter.

6. *House-tax*.—In the sanctioned estimate a sum of Rs. 15,220 was entered as probable collections from this source, as at the time of its preparation it was anticipated that all the new Unions would come into operation early in the year and that the tax would be levied from 1st April last. But some of the Unions did not come into existence till November last. The receipts under this head have, therefore, been reduced and put down at Rs. 12,330, or Rs. 2,890 less than what was anticipated at the time of the preparation of budget for the current year.

7. *School Fees*.—The Presidents of Taluk Boards anticipate a sum of Rs. 4,240 as income from this source, and this figure is adopted as the revised estimate.

8. *Sale-proceeds of Books*.—The sanctioned estimate under this head has been reduced by Rs. 50, with reference to the receipts of the first half of the current official year.

9. *Contribution from Private Individuals*.—Owing to adversity of the season nothing was collected up to September last, but as the Nandyál Taluk Board expects a contribution of Rs. 100 from the villagers of Gopavaram for a well in their village, a sum of Rs. 100 is entered in the revised estimate.

10. *Choultry Rents*.—The President of the Cumbum Taluk Board anticipates a sum of Rs. 330, or Rs. 200 more than the sanctioned estimate under this head for the following reasons: (1) an arrear of 22 months' rent is due to that Board from Provincial funds on account of the choultry at Koilkuntla, which has been let out for the taluk cutcherry, (2) a monthly rental of Rs. 15 is expected instead of Rs. 10 as anticipated at the time of the preparation of the sanctioned estimate.

11. *Market Rents*.—The income estimated in the revised estimate from this source shows a net decrease of Rs. 370 and this being the result of the sales of markets.

12. *Bungalow Fees*.—The receipts from bungalows have been raised by Rs. 60, with reference to the amounts anticipated by the Taluk Boards based on the actuals of the first half of the current year.

13. *Fees and Fines*.—Owing to the rigorous enforcement of the provisions of Act III of 1889, the Presidents of Taluk Boards expect a sum of Rs. 720 under this head and this figure is adopted.

14. *Avenues*.—The receipts from avenue trees are raised by Rs. 70 with reference to the actual collections of the first six months of the current official year and as the Treasury Deputy Collector has requested the Accountant-General's permission to transfer to this head a sum of Rs. 140 which was erroneously credited to debt heads.

15. *Sundry Receipts*.—Rupees 670 have been fixed as probable receipts under this head, with reference to the actuals of the past 6 months of the current year.

16. *Contribution from Provincial Funds for Education*.—Presidents of Taluk Boards expect, as Provincial contribution on account of education, only a sum of Rs. 2,770, against a sanctioned grant of Rs. 2,840.

17. *Contribution from Provincial Funds for other Purposes*.—The sum of Rupees 25,000 entered against this head represents the sum of money transferred by the Accountant-General to Local Funds, on account of famine expenditure, and sanctioned in G.O., dated 22nd September 1892, No. 2178 L. As, under the Famine Code, the District Board is entitled to the refund of such amounts as would not have been incurred by the Board but for famine, the sum of Rs. 1,01,940 spent on that account since the commencement of the year has been taken credit for, and I request you will be pleased to move Government to transfer the said sum to District Funds.

18. Other items of receipts call for no special remarks.
