C. 21/12
R. 24/12

I quite agree as to the desirability of this improvement,
but not as to its urgency - and as we are
trying to cut down expenditure in every direction
just now - I think this may well be left over
till we can afford the money.

W
23 Dec

(3) I have seen the plan and I
don't think the proposed work
is the least degree urgent or
important or worth 4000 Rs.
The only benefit, or chief benefit
will be that Dr. Price will get some
space for his sewage irrigation experiment.
We are too hard up just now to be
spending 4000 Rs on fads of this
kind. I would not sanction the
work.

Yes
9 Dec

(4) I submit to my view. The improvement
of the canal at this position is
- but look in the direction of the
- it is necessary to have the
- again with C. I.

(1) Order however may be passed at
once about the subject of item 3.
in Prob.

Yes
23 Nov

(2) I don't see any reason for
delay in carrying out the
improvement to the canal bank
opposite the first Hospital.
The Council's scheme, as I understand
is one for carrying off the sewage
of the ~~hospital~~ town so
that it shall not fall into the
canal. But I don't think
there is any sense in emptying
into the canal in the short
sketch as to the proposed
alterations on either side

Public Current 3205.

It is submitted that
a very great improve-
ment both sanitary
and otherwise wd. be
effected if Dr. Price's pro-
posals in regard to the
river banks were carried
out. Orders are requested
whether a detailed Estimate
may be called for.

The last para. of Dr.
Price's letter will be
dealt with in the Rail-
way Branch.

J.D.B. I submit that nothing should
be done until Govt has received
18/11. Mr. Cousine's report and considered
it. The improvement proposed is
doubt a desirable one but there
is nothing urgent about it.
The Hospital has got on well enough with
things as they now are and a delay
of a few months cannot make any
difference.

X
21 Dec

++ least taking to effect his scheme
which is for a drainage in his
explaining it) does not involve
any filling up of this bit of the
canal.
I think it is better to
have proposed ~~the~~

now suggested will not only remove
a real nuisance, but must help any
scheme which may be directed
towards an improvement of the
whole river.

3. I wish to draw the attention of
Government to the last para of Surgeon
Lieut. Col. Price's letter. As the
temporary structure has been
removed there seems no reason
why the piece of ground ~~used for~~
~~the purpose intended to~~ should not
be given back for the use of Hospital.

I have the honor to be,

From *Surgeon Major Genl. W. F. de Laetche M.D.*

~~THE~~ SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

~~Fort St. George,~~

To

THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT,

SIR,

I have the honor to forward for the favorable consideration of Government the accompanying letter with its enclosures from the Senior Medical Officer General Hospital requesting that permission may be obtained to the preparation of detailed estimates by the Consulting Architect for improving both banks of the Cooum between the Hospital and Railway Bridges.

2. The General Hospital is undoubtedly the public building most affected by the Cooum, and the work
now
