2. Between March and September 1892, a period of six months, employment has been found for 726 pensioners, which, added to the 2,940 employed pensioners alluded to in the foregoing paragraph, gives a total of 3,666 pensioners.

3. Of the above number (3,666), 287 are reported as having voluntarily resigned employment, 179 as having been thrown out on reduction, 43 dismissed for negligence of duty, disobedience of orders, &c., and 40 died, and there has been a further decrease of 129 employed pensioners attached to certain stations in the Central Provinces on account of their having been transferred to the Bombay Presidency since April last. These ultimately leave on the 30th September 1892 a residue of 2,988, the total number of pensioners employed under the new conditions.

4. The scheme has now been on trial for seven years and nine months, and the number of men already employed testifies to the continued appreciation by the general public of this source of obtaining servants, which, nevertheless, it is again urged would be very materially improved did some of the civil *as well as Military* departments more heartily co-operate in the advancement of the scheme.

5. Of the 534 pensioners who remained in employment on the 31st March 1892 (*vide* last report), which employment they had found for themselves prior to 1885, only 475 pensioners remained in employment on the 30th of September 1892, showing thus a decrease of 59 pensioners since last report and which number is accounted for as follows:—

Voluntarily resigned	..	..	..	..	..	..	..	28
Thrown out on reduction	..	..	..	..	..	..	..	15
Dismissed for negligence of duty, &c.	..	..	..	..	..	..	..	4

Decrease owing to the transfer of stations to the Bombay Presidency	..	..	..	..	..	..	..	9
Total	..	..	..	..	..	..	..	59

The number of pensioners employed on the 30th September 1892 stood as follows:—

Pensioners employed under the new conditions		2,988
Pensioners employed prior to the introduction of the scheme		475
Total		3,463

This number is composed as follows:—

Europeans or Indo-Britons	..	..	..	..	..	..	102
Eurasians	..	..	..	..	..	..	62
Mussulmans	..	..	..	..	..	..	1,206

7. It will not be out of place to mention here that although there has been on the whole a general decrease in the total number of employed pensioners on the 30th September last as compared with that on the 31st March 1892 (a circumstance it is considered is due in no small degree to the increased rate of rice money compensation, thereby decreasing the comparative value of employment on Rs. 7 or 8 per mensem, partially also to the transfer to the Bom-

8. A statistical statement showing the number of pensioners employed at each station and giving a statement of the savings to Government thus effected in the *half-year* ending 30th September 1892 in the shape of rice compensation, viz., Rupees 35,163-9-4 is herewith attached. Attention is particularly invited to this head, which shows the amount of *actual* savings to Government which have resulted from a careful working out of the figures of the employment scheme in contradistinction to the amounts shown in the previous reports, which were simply results arrived at by *rough* calculations and were consequently less reliable.

In round numbers then there is shown as the present working of the employment scheme an *annual* saving to Government of nearly three-quarters of a lakh of rupees!—a result which, it must be admitted, is distinctly satisfactory.

9. Before concluding this report, there is one point the Superintendent is constrained to touch upon and wishes to bring prominently to the notice of His Excellency, and that is that out of 2,497 posts in the *Military* departments which *could* be held by military pensioners, only 323, or a percentage of 12.93, are so occupied! This is a fact that speaks only too eloquently for itself and makes it a matter of some difficulty to press the employment of military pensioners upon the *Civil* departments of the service, while so *very* little is done for pensioners in the department to which one would suppose they should naturally in the first place look to be employed in preference to their civil brethren.

13TH APRIL 1893, No. 308, PUBLIC.

GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

READ—the following paper :—

From Brigadier-General H. P. PEARSON, C.B., Adjutant-General, Madras Army, to the Secretary to Government, Military Department, dated Ootacamund, 11th March 1893, No. 445-N.A.

I have the honour, by desire of the Commander-in-Chief, to forward, for the information of Government, letter No. 1325-E/6302, dated 23rd February 1893, from the Superintendent of Pensions, together with a report, regarding the employment of pensioned soldiers of the Madras Army in civil capacities for the half-year ending 30th September 1892, and to express His Excellency's general satisfaction therewith, showing, as it does, that, although certain stations formerly belonging to this presidency have lately been transferred to Bombay, the number of pensioners now employed shows a slight increase over that given in the last report dated 29th August 1892.

2. I am to invite attention to the fact that although the result shows the appreciation by the public of pensioners as servants, there appears much room for increasing the employment of these men both in the Civil and Military departments, as the report shows that in the latter alone out of 2,497 posts that could be held by them, only 323, or a percentage of 12.93, are so held.

3. Sir James Dormer trusts that heads of Military departments will interest themselves in this matter and endeavour to find employment, under their orders, for as many deserving pensioners as possible, and I am to request that Government will be so good as to again invite the attention of heads of Civil departments to the subject.

4. I am also to request that the report now submitted may be printed and circulated in the Public department and also communicated to the Madras Press.

ENCLOSURES.

From Colonel F. SEWELL, Superintendent of Pensions, to the Adjutant-General, Madras Army, dated Fort St. George, 23rd February 1893, No. 1325-E/6302.

I have the honour to forward, for the information of His Excellency the Commander-in-Chief, a report and return for the half-year ending 30th September 1892, regarding the employment in civil capacities of pensioners of the Madras Native Army.

REPORT by Colonel F. SEWELL, Superintendent of Pensions, on the employment of pensioners of the Native Army in civil capacities, agreeably to the scheme promulgated by His Excellency Lord Roberts, G.C.B., G.C.I.E., V.C., late Commander-in-Chief, Madras Army.

The report dated 29th August 1892, after the scheme had been in work for seven years and a quarter, showed 2,940 pensioners as remaining in employment on the 31st March 1892 under the new conditions.

FORT ST. GEORGE,
23rd February 1893.

(Signed)

F. SEWELL, Colonel,
Superintendent of Pensions.

2. Between March and September 1892, a period of six months, employment has been found for 726 pensioners, which, added to the 2,910 employed pensioners alluded to in the foregoing paragraph, gives a total of 3,666 pensioners.

3. Of the above number (3,666), 287 are reported as having voluntarily resigned employment, 179 as having been thrown out on reduction, 43 dismissed for negligence of duty, disobedience of orders, &c., and 40 died, and there has been a further decrease of 129 employed pensioners attached to certain stations in the Central Provinces on account of their having been transferred to the Bombay Presidency since April last. These ultimately leave on the 30th September 1892 a residue of 2,988, the total number of pensioners employed under the new conditions.

4. The scheme has now been on trial for seven years and nine months, and the number of men already employed testifies to the continued appreciation by the general public of this source of obtaining servants, which, nevertheless, it is again urged would be very materially improved did some of the civil as well as Military departments more heartily co-operate in the advancement of the scheme.

5. Of the 534 pensioners who remained in employment on the 31st March 1892 (*vide* last report), which employment they had found for themselves prior to 1885, only 475 pensioners remained in employment on the 30th of September 1892, showing thus a decrease of 59 pensioners since last report and which number is accounted for as follows:—

Voluntarily resigned	..	..	..	..	..	..	..	28
Thrown out on reduction	..	..	..	..	..	..	..	15
Dismissed for negligence of duty, &c.	..	..	..	..	..	..	..	4
Died	..	..	..	..	..	..	..	3
Decrease owing to the transfer of stations to the Bombay Presidency	..	..	..	..	..	..	..	9
Total	..	..	..	..	..	..	..	59

The number of pensioners employed on the 30th September 1892 stood as follows:—

Pensioners employed under the new conditions	..	..	..	2,988
Pensioners employed prior to the introduction of the scheme	..	..	..	475
Total	..	..	..	3,463

This number is composed as follows:—

Europeans or Indo-Britons	..	..	..	..	..	..	..	102
Eurasians	..	..	..	..	..	..	..	62
Mussulmans	..	..	..	..	..	..	..	1,206
Hindus and others	..	..	..	..	..	..	..	2,093
Total	..	..	..	..	..	..	..	3,463

6. During the half year under report, there has been an increase in the number of pensioners in the stations:—

Arcot.	Mount.	Vizagapatam.
Aurangabad.	Pallavaram.	Vizianagram.
Bhamo.	Pokoko.	Madura.
Chittoor.	Secunderabad.	Mysore.
Condapally.	Toungoo.	Palamecottah.
Madras.	Trevandrum.	Tanjore.
Mandalay.	Trichinopoly.	
Masulipatam.	Vellore.	

and a decrease in the stations:—

Bangalore.	Anantapur.
Bellary.	Bellary district.
Berhampore.	Bangalore district.
Chicacole.	Chingleput district.
Cuttack.	Cuddapah.
Ellore.	Cuddalore.
Guntur.	Coimbatore.
Rajahmundry.	Godavari district.
Amraoti.	Ganjam district.

Kolar district.
Malabar district.
Nellore.
Ootacamund.
Salem.
Trichinopoly district.
Vizagapatam district.

7. It will not be out of place to mention here that although there has been on the whole a general decrease in the total number of employed pensioners on the 30th September last as compared with that on the 31st March 1892 (a circumstance it is considered is due in no small degree to the increased rate of rice money compensation, thereby decreasing the comparative value of employment on Rs. 7 or 8 per mensem, partially also to the transfer to the Bombay Presidency of the stations mentioned in the margin hitherto attached to this Presidency, and the consequent decrease of 138 pensioners thereto attached), nevertheless the zeal with which some of the departmental officers have exerted themselves towards the furtherance of the scheme for the employment of pensioners has beyond question borne such satisfactory result that the increase obtained employment during this half year has considerably exceeded the decrease—the decrease that is due to the actual cessation of employment only, and has thus made the total to almost run apace with that shown in the previous report.

8. A statistical statement showing the number of pensioners employed at each station and giving a statement of the savings to Government thus effected in the half-year ending 30th September 1892 in the shape of rice compensation, viz., Rupees 35,163-9-4 is herewith attached. Attention is particularly invited to this head, which shows the amount of actual savings to Government which have resulted from a careful working out of the figures of the employment scheme in contradistinction to the amounts shown in the previous reports, which were simply results arrived at by rough calculations and were consequently less reliable.

In round numbers then there is shown as the present working of the employment scheme an annual saving to Government of nearly three-quarters of a lakh of rupees!—a result which, it must be admitted, is distinctly satisfactory.

9. Before concluding this report, there is one point the Superintendent is constrained to touch upon and wishes to bring prominently to the notice of His Excellency, and that is that out of 2,497 posts in the Military departments which could be held by military pensioners, only 323, or a percentage of 12.93, are so occupied! This is a fact that speaks only too eloquently for itself and makes it a matter of some difficulty to press the employment of military pensioners upon the Civil departments of the service, while so very little is done for pensioners in the department to which one would suppose they should naturally in the first place look to be employed in preference to their civil brethren.

GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

READ—the following paper:—

From Brigadier-General H. P. PEARSON, C.B., Adjutant-General, Madras Army, to the Secretary to Government, Military Department, dated Ootacamund, 11th March 1893, No. 445-N.A.

I have the honour, by desire of the Commander-in-Chief, to forward, for the information of Government, letter No. 1325-E/6302, dated 23rd February 1893, from the Superintendent of Pensions, together with a report, regarding the employment of pensioned soldiers of the Madras Army in civil capacities for the half-year ending 30th September 1892, and to express His Excellency's general satisfaction therewith, showing, as it does, that, although certain stations formerly belonging to this presidency have lately been transferred to Bombay, the number of pensioners now employed shows a slight increase over that given in the last report dated 29th August 1892.

2. I am to invite attention to the fact that although the result shows the appreciation by the public of pensioners as servants, there appears much room for increasing the employment of these men both in the Civil and Military departments, as the report shows that in the latter alone out of 2,497 posts that could be held by them, only 323, or a percentage of 12.93, are so held.

3. Sir James Dormer trusts that heads of Military departments will interest themselves in this matter and endeavour to find employment, under their orders, for as many deserving pensioners as possible, and I am to request that Government will be so good as to again invite the attention of heads of Civil departments to the subject.

4. I am also to request that the report now submitted may be printed and circulated in the Public department and also communicated to the Madras Press.

ENCLOSURES.

From Colonel F. SEWELL, Superintendent of Pensions, to the Adjutant-General, Madras Army, dated Fort St. George, 23rd February 1893, No. 1325-E/6302.

I have the honour to forward, for the information of His Excellency the Commander-in-Chief, a report and return for the half-year ending 30th September 1892, regarding the employment in civil capacities of pensioners of the Madras Native Army.

REPORT by Colonel F. SEWELL, Superintendent of Pensions, on the employment of pensioners of the Native Army in civil capacities, agreeably to the scheme promulgated by His Excellency Lord Roberts, G.C.B., G.C.I.E., V.C., late Commander-in-Chief, Madras Army.

The report dated 29th August 1892, after the scheme had been in work for seven years and a quarter, showed 2,940 pensioners as remaining in employment on the 31st March 1892 under the new conditions.

Disbanded

Fort St. George
Office of Supdt. of Pensions
23rd February 1893

Jane Sewell Colone,
Supdt of Pensions

9. Before concluding this report,
there is one point, the Superintendent
is constrained to touch upon and wishes
to bring prominently to the notice of
His Excellency, and that is that out
of 2,497 posts in the military depart-
ments which could be held by military
Pensioners, only 323 or a percentage
of 12.93 are so occupied! This is
a fact that speaks only too eloquently
for itself, and makes it a matter of
some difficulty to press the employment
of military Pensioners upon the civil
departments of the Service, while
so very little is done for Pensioners in
the departments to which one would
suppose they should naturally
in

in the first place, look to be employed
in preference to their civil brethren.

Faneberrill Colonel,
Sup^t of Pensions

The zeal with which some of the Departmental Officers have exerted themselves towards the furtherance of the Scheme for the Employment of Prisoners, has beyond question, borne such satisfactory result that the increase in the number of Prisoners who have obtained Employment during this half year, has considerably exceeded the decrease - the decrease that is due to the actual cessation of Employment only, and has thus made the total to almost run apace with that shown in the previous report.

8. A Statistical Statement showing the number of Prisoners Employed at each Station & giving a Statement of the Savings to Government. Thus the total within half year ending 30th September

September 1892, in the Shape of Rece Compensation, viz, Rs 35,163 - 9 - 4, is herewith attached - Attention is particularly invited to this head, which shows the amount of actual Savings to Government, which have resulted from a careful working out of the figures of the Employment Scheme, in contradistinction to the amounts shown in previous Reports, which were simply results arrived at by rough calculations, and were consequently less reliable.

In round numbers then, there is shown as the present working of the Employment Scheme, an annual Saving to Government of nearly $\frac{3}{4}$ of a lac of Rupees! - a result which, it must be admitted, is distinctly satisfactory.

7. It will not be out of place to mention
here that, although there has been on the
whole, a general decrease in the total
number of Employed Prisoners on the
30th September last, as compared with
that on the 31st March 1892, (a circum-
stance it is considered, is due, in no
small degree, to the increased rate of
Rice money Compensation, thereby decreasing
the comparative value of Employment
on Rs 7 or 8 per mensem; partially
also to the transfer to the Bombay

report, there has been an increase
in

2. Between March & September 1892, a period of six months, Employment has been found for 726 Prisoners, which added to the 2940 Employed Prisoners alluded to in the foregoing paragraph, gives a total of 3,666 Prisoners.

3. Of the above number (3,666) 287 are reported as having voluntarily resigned Employment, 179 as having been thrown out on reduction, 43 dismissed for neglect of duty, disobedience of orders &c, and 40 died; and there has been a further decrease of 129 Employed Prisoners, attached to certain Stations in the Central Provinces, on account of their having been transferred to

to the Bombay Presidency since April last. These ultimately leave on the 30th September 1892, a residue of 2,988, the total number of Prisoners Employed under the new Conditions.

4. The scheme has now been on trial for seven years and nine months, and the number of men already Employed Testifies to the Continued appreciation by the general public, of this Source of obtaining Servants, which nevertheless, it is again urged, would be very materially improved, did some of the Civil, as well as military, Departments more heartily co-operate in the advancement of the Scheme.

Submits for His Excellency's information a Report in the form of a Statement of Receipts & Expenditure & a Return for the half year ending 30th September 1892 in re Employment Scheme.

Report by Colonel James Sewell,
Superintendent of Pensions, on the
Employment of Pensioners of the Native
Army, in Civil Capacities, Agreeably
to the Scheme promulgated by His
Excellency Lord Roberts G.C.B., G.C.I.E.
V.C., late Commander in Chief, Madras
Army.

Fort St. George
Office of Super: of Pensions
23rd February 1893

The Report dated 29th August
1892, after the Scheme had been in work
for seven years and a quarter, showed
2,940 Pensioners, as remaining in Em-
ployment on the 31st March 1892, under
the new Conditions.

to appreciation by the public of pensioners as servants, there appears much room for increasing the employment of these men both in the Civil and Military departments, as the report shows that in the latter alone out of 2497 posts that could be held by them, only 323, or a percentage of 12.93, are so held.

3. Sir James Dornier trusts that Heads of Military Departments will interest themselves in this matter and endeavour to find employment, under their orders, for as many deserving pensioners as possible, and I am to request that Government will be so good as to again invite the attention of Heads of Civil Departments to the subject.

4. I am also to request that the report now submitted may be printed and circulated in the Public Department and also communicated to the Madras Press.

I have the honor to be,
 Yours obedient servant,
