Proceedings of the Madras Government

Read the following letter from H. A. Stuart Esq. I. C. S. Superintendent of Census Operations Madras dated 25<sup>th</sup> March 1893 No. 645;—

I have finished the census Reports for both Madras and Coorg and propose, with the permission of Government, entering upon the work of revising the District Manuals on the 28<sup>th</sup> instant. I shall arrive in Madras on the 27<sup>th</sup> and hope to submit detailed proposals for establishment &c after consultation with the Board of Revenue. Meanwhile, I beg to ask Government to permit me to take over the Calculating machine, Type writer and Cyclostyle belonging to the Census office. Cost of each is given on the margin and I have added the amounts which I think they are now worth. The arithmometer will need some repairs and I have accordingly made a considerable deduction. If the Govt. approves of this proposal, I have the honour to ask that the Accountant General may be instructed to make the necessary book adjustment before the end of the financial year.
