To the Secy to the Govt of
Bengal, Revenue Dept

Sir, with reference to yr.
letter of the 11th instant,
N^o 1802 S.R., I am direct-
ed to forward copy of a

that as Mr Stoney was unable to obtain funds, no work was actually done and finally the men were left destitute, in which condition they found their way to the Deputy Commissioners. The latter was instructed to send them to the Superintendent of Emigration at Calcutta, who reports that the men to the number of 40 have arrived and that he has accommodated them for the present in a Contractor's depot.

The Superintendent has been instructed to forward these men to Madras by the first opportunity to the care of the Emigration authorities there and I am to request that with the permission of His Excellency the Governor they may be sent to their homes.

Dated Calcutta the 11 April 1893.

Sir

I am directed to state for the information
of the Government of Madras, that 41 native
miners were recently imported from the
Mysore Gold Mines (Maulkari on the
Malabar coast) by Mr J. M. Stoney who
had obtained from Government a mining
concession in the Parahat estate in the
District of Singhbhum in this Province. The
men were taken to Singhbhum to the locality
where it was proposed to commence
mining operations but it appears
that

I understood that the Coolies on landing would be entrusted to me in view to their being returned to their respective homes, in order, to obtain more definite information on the subject, I sent a Clerk on board to make proper enquiries.

He returned with the intimation that the Captain told him that the Steamer had come in, in the morning, that, as there was no officer forthcoming to see to the landing of the Coolies, all of them had been landed at 7.30 AM, and that he knew nothing more about them. No notice was given to the Port Officer either, as to the landing of the Coolies in question and the matter is under enquiry by the Conservator.

I consider that the course adopted by the Captain was highly irregular. He should not have landed the Coolies without giving due notice and he should have been doubly careful when they were suffering from Smallpox. Four of them are said to be suffering from Smallpox of a severe type and one from high fever.

They are now in-patients in the Moniga Choultry hospital.

Nothing is known as to the whereabouts of the remaining 31; all possible search was made but not one is forthcoming.

Not knowing where to go for help these are probably wandering about the town begging. I am however trying

trying to find out what has become of them and if any turn up necessary arrangements will be immediately made to despatch them to their respective homes. I consider the matter worthy of the notice of Government and accordingly report it for such action as Government may deem fit to take.

I have the honour to be
Sir

Yours truly
