Letters forwarding returns under the European Vagrancy Act for the year 1892 from the Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab; the Chief Commissioners of the Central Provinces, Burma, Assam, and Coorg; the Foreign Department; the Resident at Hyderabad; the Agent to the Governor General for Central India, and the Agent to the Governor General for Rajputana.

RESOLUTION.

The usual statement exhibiting the results of the working of the European Vagrancy Act, IX of 1874, during the year 1892 is appended. The total number of vagrants dealt with under the Act was 251 against 287 in the previous year; the number of vagrants removed from British India under section 16 of the Act was 9, or six more than in 1891; besides these eleven persons of European extraction not shewn as vagrants (against two in 1891) entered into agreements under section 17 of the Act in Bengal, and were removed from the country accordingly. The total expenditure on the passages of these 20 persons was Rs. 3,039, while in 1891 Rs. 1,500 were spent on removing 5 persons. The average cost of maintaining each vagrant admitted into a work-house was Rs. 57 compared with Rs. 52-10-6 in the previous year, and the total cost of administering the Act Rs. 18,298 compared with Rs. 17,444.

The longest period of detention in a work-house was eleven months and fifteen days, and occurred in the Punjab; the shortest was two months and twenty-four days in the Central Provinces. In Bombay it is reported that 29 vagrants deserted from the work-house during the year: some explanation of this circumstance should have been given, and the Government of India would have been glad to learn whether the deserters were subsequently arrested and punished under section 20 of the Act.

There are no other points in the returns which call for special remark.

ORDER.—Ordered, that a copy of this Resolution be forwarded to Local Governments and Administrations and to the Foreign Department.

Letters forwarding returns under the European Vagrancy Act for the year 1892 from the Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab; the Chief Commissioners of the Central Provinces, Burma, Assam, and Coorg; the Foreign Department; the Resident at Hyderabad; the Agent to the Governor General for Central India, and the Agent to the Governor General for Rajputana.

RESOLUTION.

The usual statement exhibiting the results of the working of the European Vagrancy Act, IX of 1874, during the year 1892 is appended. The total number of vagrants dealt with under the Act was 251 against 287 in the previous year; the number of vagrants removed from British India under section 16 of the Act was 9, or six more than in 1891; besides these eleven persons of European extraction not shewn as vagrants (against two in 1891) entered into agreements under section 17 of the Act in Bengal, and were removed from the country accordingly. The total expenditure on the passages of these 20 persons was Rs. 3,039, while in 1891 Rs. 1,500 were spent on removing 5 persons. The average cost of maintaining each vagrant admitted into a work-house was Rs. 57 compared with Rs. 52-10-6 in the previous year, and the total cost of administering the Act Rs. 18,298 compared with Rs. 17,444.

The longest period of detention in a work-house was eleven months and fifteen days, and occurred in the Punjab; the shortest was two months and twenty-four days in the Central Provinces. In Bombay it is reported that 29 vagrants deserted from the work-house during the year: some explanation of this circumstance should have been given, and the Government of India would have been glad to learn whether the deserters were subsequently arrested and punished under section 20 of the Act.

There are no other points in the returns which call for special remark.

ORDER.—Ordered, that a copy of this Resolution be forwarded to Local Governments and Administrations and to the Foreign Department.
