Sir,

With reference to G. O., dated the 23rd June 1893, No. 482, Public, I have the honour to state that no negatives which belong to Government, are with me.

2. As I have lately acquired some practice in amateur Photography, I beg to express my willingness to take views of buildings for the Indian Museum on future tours if Government should be prepared to pay the cost of a new camera which I have ordered two months ago from England through Messrs Wille and Klein, and of the necessary plates and chemicals.

No. 307.

Bangalore,
20th July 1893.

From
Dr. E. Hultzsch,
Government Epigraphist,

To
The Chief Secretary to Government,
Madras.

Sir,

With reference to Memorandum, dated the
17th July 1893, No. 1237, Public, I have the honour to
report that the camera referred to in my former
letter has reached me safely a few days ago, and
that I consider it excellent in every respect and
very suitable and handy for architectural work.

2. I beg to submit herewith Messrs Wiebe &
Klein's estimate for the camera, which amounts to
Rs 508-18-4. As Mr. Klein informs me, this is the
original price of the manufacturers, Messrs Watson
& Co, London, which can be looked up in any
photographic almanack, without any charge
for commission, and I doubt if it would
be possible to purchase a first class camera
elsewhere

READ—the following papers:—

From Dr. E. HULTZSCH, Government Epigraphist, to the Chief Secretary to Government, dated Bangalore, 7th July 1893, No. 260.

With reference to G.O., dated the 23rd June 1893, No. 482, Public, I have the honour to state that no negatives which belong to Government are with me.

2. As I have lately acquired some practice in amateur photography, I beg to express my willingness to take views of buildings for the Indian Museum on future tours if Government should be prepared to pay the cost of a new camera which I have ordered two months ago from England through Messrs. Wiele and Klein and of the necessary plates and chemicals.

No. 1237.

The Government Epigraphist is requested to state approximately the cost of the camera.

(Signed) A. T. PRINGLE,
Assistant Secretary.

17th July 1893.

From Dr. E. HULTZSCH, Government Epigraphist, to the Chief Secretary to Government, dated Bangalore, 26th July 1893, No. 307.

With reference to memorandum, dated the 17th July 1893, No. 1237, Public, I have the honour to report that the camera referred to in my former letter has reached me safely a few days ago, and that I consider it excellent in every respect and very suitable and handy for architectural work.

2. I beg to submit herewith Messrs. Wiele and Klein's estimate for the camera, which amounts to Rs. 508-11-4. As Mr. Klein informs me, this is the original price of the manufacturers, Messrs. Watson and Co., London, which can be looked up in any photographic almanack, without any charge for commission, and I doubt if it would be possible to purchase a first-class camera elsewhere in India at an equally low price.

3. Messrs. Wiele and Klein have, at my request, added a list of necessities for developing, which comes to Rs. 41-6-0 and brings the total of the proposed expenditure to Rs. 550-1-4.

4. If the Government are pleased to sanction the purchase of the camera, the cost of chemicals and plates could be debited to my contingent allowance. I need scarcely state that I would only charge for those plates which are expended for Government, and not for those which I shall use for amateur photographs.

ORDER—dated 7th August 1893, No. 607, Public.

The Government gladly accepts the offer of Dr. Hultzsch, and will bear the charge on account of the purchase of the camera (Rs. 550) and sanction the debit of expenses incurred in connection with chemicals and plates against the contingent grant of the Government Epigraphist.

2. A copy of these Proceedings will be forwarded to the Government of India for information, with the request that they may be communicated to the Superintendent of the Indian Museum.
