SIR,

In returning the papers referred to me for remarks with your endorsement N^o. 1233 - dated the 17th July I have the honor to state that in my opinion sufficient grounds have not been shewn to extend to the establishment of the Collector of Nilgiris, the provisions of the rules regarding Medical attendance on Uncovenanted Servants who accompany the Government annually to the Hills - The case of the latter demands special consideration - owing, chiefly to the temporary nature of their residence on the Hills and their non-acquaintance with the people, and consequent inability to make any arrangements for their Medical attendance; but Government Servants permanently employed there have no such difficulties to contend with. Moreover the inconvenience pointed out by Mr. Wolfshurra,

Depot agree with the
Surgeon General.

It does not appear that the Clerk in
the Nilgiri Collectorate is any lower off
than their brethren in such districts as
Cuddapah.
