Fort St. George
Office of Supt. of Pensions,
31st July 1893.

CIRCULAR No. 6.

From

COLONEL FANE SEWELL,

SUPERINTENDENT OF PENSIONS,

To

*The Chief Secretary
to Government*

SIR,

With reference to His Excellency Lord Roberts' Scheme for the Employment of Native Military Pensioners in civil capacities, I have the honour to enclose a Nominal Roll of Pensioners candidates seeking employment for 1893, throughout the Presidency. Pensioners of all ages have been included in the above Nominal Roll with a view to enable employers to select any they choose out of the lot.

2. In the above-mentioned Nominal Roll the stations at which these candidates reside have been taken alphabetically, and any application for the services of any particular Pensioner should be made direct to "The Officer in charge of Pensioners

" (here enter the name of the station under which the Pensioner's name appears).

3. In making application for the services of Pensioners, it will save much subsequent correspondence and delay, if the following particulars are communicated in the first instance :—

- (a) The exact nature of the employment offered and of the duties to be performed.
- (b) The salary offered, and whether any prospect of an increase on promotion.
- (c) The educational and physical qualifications required in a candidate.
- (d) Whether a man of any particular caste would be preferred.
- (e) Whether travelling expenses would be provided when the place where employment be offered is at some distance from the Pensioner's Pension station.

4. In the event of the services of Pensioners being required for posts of special trust and responsibility, application may be made direct to the Superintendent of Pensions, Fort St. George, in whose office is received from month to month a list of candidates for employment at every station in the Madras Presidency and Burma.

5. By the last Return, dated 23rd February 1893, the number of Native Military Pensioners employed in civil capacities on 30th September 1892, is shown as 3,463. That no further proof is necessary of the general estimation in which the services of these men is held by employers generally, Official and non-Official, public and private, the number already employed fully indicates, and that number is increasing monthly.
