Encl. dated 15th September, A.D. 1628.

Returned to the Public Department with the remark that the corrections suggested by the Accountant General should be adopted with the exception of that regarding the "Consolidated Statement of gazetted and non-gazetted officers who have attained the age of 65 years." For this return the 1st March should be fixed. This will give the Accountant General further time in which to receive orders on the separate returns forwarded by him, under G.O. dated 143 dated 23rd February 1891, through heads of departments concerned to the administrative branch of the Secretary for orders. The "Statement of appointments and promotions of Muhamomadaud" should, it is considered, be included among the reports submitted to the Public Department.
