 papers came by post from India.
 Do you think it would
 cause any inconvenience if I were
 allowed to work here until some
 time comes down. I would of
 course make arrangements myself
 in sending in papers to the Press
 getting back the proofs - without
 going to Government
 as Rangoon is within four
 hours of Madras hardly any
 extra delay would result. I con-

Dr.

My dear Davidson,

I am very sorry to hear of the trouble which has befallen you. I hope, however, that you will soon have no occasion for anxiety on your wife's account.

The members of Govt. have no objection for the arrangement which you propose provided that I have none. I need hardly say that I am very happy to be able to do anything that I can to help you. You may therefore stay at Rampet until we come down which will be about the 15th prox.

Govt. must of course not be put to any extra expense owing to this and you must without fail have finished your special work by the 15th Decr. next; these conditions are not difficult of compliance.

Yours very sincerely
