27TH NOVEMBER 1893, No. 958, PUBLIC.

GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

READ—the following paper :—

From W. A. WILLOCK, Esq., Collector of the Vizagapatam District, to the Chief Secretary to Government, dated 16th November 1893, C. R. No. 1454.

With reference to G.O., No. 104, Public, dated 13th February 1892, in which I am directed to arrange for the necessary examination of medical subordinates in the vernacular of this district, I have the honour to ask whether it is sufficient if they pass to my satisfaction alone, or whether the examination should be attended by the District Surgeon and a local official as suggested by the Surgeon-General. The former seems the preferable course. The District Surgeon's tours are necessarily rapid and hurriedly undertaken when the work at head-quarters enables him to absent himself for a few days, and it would not be easy to arrange always that a Divisional officer should meet him when there is a hospital assistant to be examined. I myself visit nearly every hospital in the course of the year and a few minutes with the hospital assistant amongst the patients gives a most excellent test of a man's vernacular qualifications. The order on the subject is not clear.

ORDER—dated 27th November 1893, No. 958, Public.

The matter will be left entirely to the Collector's discretion. When a man reports himself ready for examination, the Collector should make the most suitable arrangements practicable to ensure his knowledge being tested without unnecessary delay.

SIR,

With reference to G.O. No. 104 Public dated 13th May 1892 in which I am directed to arrange for the examination of medical subordinates in the Vernaculars of this district. I have the honor to ask whether it is sufficient if they pass to my satisfaction or whether the examination should be attended by the District Surgeon and a local official as suggested by the Surgeon General. The former seems the preferable course. The District Surgeon's tours are necessarily rapid and hurriedly undertaken and his work at Head Quarters enables him to absent himself for a few days and it would not be easy to arrange always that a Divisional Officer should meet him when there is a Hospital Assistant to be examined. I myself visit nearly every Hospital in the course of the year and a few minutes' talk amongst the patients gives a most excellent test of a man's vernacular qualifications. The order on the subject is not clear.
