To

The Secretary
Surgeon-General
with the Govt of Madras

SIR,

In forwarding the accompanying Proposition Statement for favourable Consideration, I have the honour to remark that in October 1890, the nursing Establishment of the General Hospital was revised and two more nurses added to the establishment - bringing the number up to 18 - and this revision was effected with a saving of Rupees 40 per mensem, owing to the abolition of the appointment of the Head nurse on Rupees 265.

In October 1890 the number of beds available in the Hospital was 303 and the average daily Sick was 243.30. Since that date, the additions to the third Storey have given us an increase of 72 beds so that there are now 375 beds ready for the use of the Sick. The additional beds have not yet been brought into use as the existing nursing and Menial Staff have not been able to cope with more work than the smaller number of beds exacts. Still there has been an increase in the number of beds occupied - for the average daily Sick has gone up from

243.30 in 1890, to 263.39 in 1892 and the latter figure represents about the limit of work with which the present nursing and Menial Staff can satisfactorily cope. To make use of, then, the extra 72 beds, it will be necessary to add to the present establishment and the following is the addition which will be necessary to ensure that the sick shall be properly nursed.

6. 2nd Grade Nurses on Rs 30 (with Rs 15 ration allowance)

6. Ward attendants on Rs 8.

In the Steward's department it will be necessary to employ

1. Clerk on Rs 20

1. Assistant Native Cook on Rs 8
