From these figures a comparison
is given below with the amounts
paid at the present time to the

which it will be seen that after
the initial cost of purchase of
plant and materials, and
putting the lists into type and
first issue made, there will
be a considerable annual saving

The printing of Army and
Civil Lists at the Govt. Press.

FOR ORDERS.

The estimate for buildings has no special connection with the printing of the Army & Civil lists but is mainly required in the general interests of the Press. The extension of the machine room, new shafting, are required for themselves and are the principal items in the estimate. I think Mr. Hill's proposals may be approved but they should be put on the paper first. * C. No. 2708 as to the printing of the Army & Civil lists there can be no doubt either on grounds of economy or of expediency that it should be done at the Govt. Press & not at any Private Press. But what is to become of the Army list when the Army is placed under the Govt. of India? Possibly there will then be no separate Madras Army list at all. I think we can't pass orders until we know the decision of India on this point. If there is to be a Madras Army list Mr. Hill's proposals should be adopted. If there is only a Civil list, they will have to be revised.

The Supdt. Govt. Press submits plans & estimates of the additional buildings required at the Govt. Press & estimates of the additional material & the establishment & other charges connected with the printing of the Army & Civil lists at the Govt. Press.

The figures are as follows: -

Additional buildings -	Rs 18,900.
Printing materials -	" 8,192
	<u>Rs 24,092</u>

It will be seen from C. No. 2903

that Mr. Hill estimates that the annual cost of turning out the lists will be, inclusive of postage, Rs (4317-8-0 + 353-4-0) = Rs 4670-12-0. According to his figures Govt. now pays the L. A. Press Rs 7960 per annum on account of these lists exclusive of postage. The figure according to the periodicals register in the office is Rs 7,676-

Except for the initial cost of
buildings & machinery, it will ~~not~~ be
the printing of the lists at the Govt.
Press will result in a saving. but
the initial outlay is heavy and it
~~is doubtful~~ appears to be a question
of doubtful expediency whether the
Govt. Press should have more work
thrown on it than it already has.

For Orders

You can print cheaper
in a big plant than a
small one. The more
work we can transfer
from private presses to the
Govt Press the better.

If, however, the L. A. Press passes
into private hands difficulties may
arise in connection with those lists

As regards the question of
copyright please see the notes marked
in G.O. of 30. 5. 92. No 366. It was
then held that tho' the L. A. Press
had no legal copyright, Govt. should
pay the Press some compensation
for the lists if the Press continued
on its present footing

We had better wait a little longer
and we shall then know for certain
as to the Army lists. If we shall not have
to print them, these estimates can be
revised, and reduced. But we had better
not move till we know more.

W Hill, in his letter of Oct 2nd
1893 submitted 4 lists A, B, C & D
of printing ^{the} materials required for the Govt. Press. These detailed

Resubmitted to the Honable Mr.
Justice C.S.J. & H.E. the Governor.

The H.E.s have approved of the plans
& estimates for the new buildings but
with the printing of the Army & Navy
and lists & the cost came to
Rs 5145. 12-6. This expenditure about the Army lists is settled. H.E.
has the list of estimates but however, appears to wish that the
matter should stand over.

Major Army lists list.

On 25th Oct he submitted
plans & estimates for buildings in
connection with the Army printing
Rs 15900. These estimates
I have long sanctioned, &
consider, as ~~the~~ with the ~~costs~~
which the Army list is printed
at the Press or not, & as with
the printer in lists A, B & C
which above. Estimate Rs
1247, 1350 (shifting) & 419 for
resubmitting - the H.E. also has
sanctioned.

22/11/93

I had not taken in that the
expenditure asked for in the matter
of lists A, B & C was required
as they stood, tho' even if list D
were not sanctioned. Under these
circumstances - I approve of the estimates.
