D-2273 R. d. - Transferring Proc. of
the Rev. of Rev. No. 6170 No. 4 2/11/93.

It appears from the letter from

the Govt. of India, No. 217 B. of the 15th March 1884 recorded in G.O. d/ 8-4-84, No. 1687, Military, that - in connection with the establishment of Army Head Quarters at Ootacamund - sanction was accorded to the appointment of an Assistant Apothecary "to assist the Medical Officers in visiting Govt. servants while sick at their own quarters". In G.O. dated 19th May 1884, No. 2384, Military it was ruled that the Apothecary should "not be restricted to duties solely connected with Military Staff and establishments". This led to a reference from the Executive Engineer, Nilgiri Division, as to whether the Apothecary's services were available for the Public Works employees

PUBLIC DEPARTMENT.

READ—again G.O., dated 11th August 1893, No. 628, Public.

READ—also endorsement of the Revenue Department, No. 2273 R., dated 18th November 1893, transferring Proceedings of the Board of Revenue, Mis. No. 6170, dated 3rd November 1893.

ORDER—dated 7th December 1893, No. 989, Public.

It appears from the letter of the Government of India, No. 217-B, of the 15th March 1884, recorded in G.O., dated 8th April 1884, No. 1687, Military, that—in connection with the establishment of Army Head Quarters at Ootacamund—sanction was accorded to the appointment of an Assistant Apothecary “to assist the Medical officers in visiting Government servants while sick at their own quarters.” In G.O., dated 19th May 1884, No. 2384, Military, it was ruled that the Apothecary should “not be restricted to duties solely connected with Military staff and establishments.” This led to a reference from the Executive Engineer, Nilgiri Division, as to whether the Apothecary’s services were available for the Public Works employes of the division, on which the Military Department passed the following endorsement—*vide* G.O., dated 4th July 1884, No. 1491, Public, which it is remarked was communicated to the Revenue Department:—

“The term ‘Government servants’ used in the order of Government cited above is of general application. All public employes on duty at Ootacamund are, therefore, while sick at their quarters, entitled to the gratuitous services of the Assistant Apothecary recently added to the Medical establishment ordinarily maintained at the station, when visited by him under the orders of the local Medical officers.”

2. The Apothecary should therefore attend the employes of the Revenue Department at Ootacamund, under the orders of the local Medical officer, without receiving extra remuneration for doing so.
