READ—the following paper:—

From Surgeon-Major-General W. F. DEFABECK, M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 12th December 1893, No. 650.

I have the honour to forward the enclosed copy of a letter from the Senior Medical Officer, General Hospital, bringing to notice the urgent necessity for providing a terraced roof to the out-patients' waiting room to replace the old tiled roof which is reported to be falling in; also a new railing and gate to be put across the ward leading from the male side of the out-patient department to the main gate.

2. A rough plan of the work is herewith enclosed and the probable cost is estimated at about Rs. 1,500.

3. I request that the Consulting Architect be directed to prepare the necessary plan and estimate and sanction accorded to the work being put in hand at an early date.

ENCLOSURE.

From the Senior Medical Officer, General Hospital, Madras, to the Secretary to the Surgeon-General with the Government of Madras, dated 5th December 1893, No. 953.

I have the honour to forward herewith a rough plan of the proposed repairs to the out-patients' waiting room roof providing a terraced roof to replace the old tiled roof which is falling in and which must be at once replaced; and a new railing and gate to be put across the road leading from the out-patients, male side, to the main gate to prevent the out-patients making the road a thoroughfare. As these come under the head of original works it will be necessary to obtain the sanction of Government for the preparation of the estimate before any action can be taken by the Public Works Department. The probable cost, I am informed, will be about Rs. 1,500.

2. I have the honour to request that you will be good enough to apply for the necessary sanction.

No. 2287, Public.
