This aspect of the case de-
serves consideration - I agree

Submitted for perusal.
The petition was forwarded to the
S. G. for disposal & was report-
The explanation of S. H. does not throw
the allegations against him to be
absolutely unfounded. It seems very
likely that S. H. Harkins is pulling
or has been pulling business in
the way of his brother in law.
It is submitted that it is not desirable
that a S. H. should be stationed
at the same place as his brother in
law carries on business as a retail
chemist & that it would be well
therefore if S. H. Harkins left India -

From

Surgeon Major, H. M. H. K. K.

To

The Secretary to the Surgeon
with Govt of Madras

Sir

With reference to the forwarding
of copy & your endorsement thereof
of 12th Dec 93. I have the honor to
forward the following remarks for
the information of the Surgeon

per

1. I have always subscribed suitable
drugs & thoroughly examined patients
whenever necessary. & it has not been
brought to my notice that patients
have suffered in any way from
want of the same. I have never
denied it beneath an Wagner or Russ
operation cases & chronic hypertension
after instrumental interference,
myself to ensure perfect results.
2. I have attended Hosp personally
& regularly from about 8 to 10-30 am.

not much later, during which time
I have been at my table in the ant-
natient room attending to patients
signing vaccination notices & certificates
or verifying vaccination cards, or in
the operating room as needed. as the work
room will testify (vide statement A)
I have often attended Hospital in the
evening & examine food & see patients
& at other times whenever I have
been required

2 The patients have been supplied
with available medicines some of
them bought locally when required
& no arrangements have ever been
made to get patients to buy drugs
from my brother in law's shop -
which he has now

3 The child was brought home
& was at once attended to by me
& the Hospital staff & was admitted
into Hospital the same day & died at
night (see extract from Hospital B)
It had no foreign body in the air
passages & the relations exposed
& all have operation interference

4 - I am not aware of any petitions
sent to the Surgeon General

which are that I will not let trans-
ferred as long as the present Surgeon
General is in office

6 I have done my work conscientiously
& efficiently & have never shown any
indisposition to attend Hospital

7 The house I am to occupy from 1st
January was accepted by my
predecessor & is not likely to affect
my work in any way

8 I have not quarrelled with any
Europeans & do not owe Mr. Burnett
any grudge & the house question has
been settled in a way satisfactory to
both.

9 I have not mixed up in the question
& have informed nothing

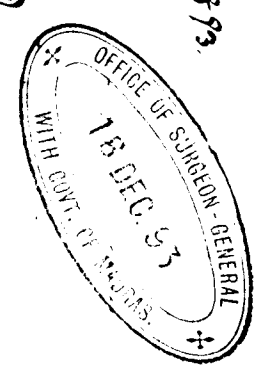

10 The article in the Karakalancheri
was rectified on my writing to the
Proprietor of the paper to give up
the name of his informant

As I am not aware of the cases
to which the signatures belong I am
at a loss to know whom I may have
offended but I am afraid there may be
some English speaking people who have
sometimes come to the Hospital without
any appreciable disease asking to be
thoroughly examined & I have at my
face against such useless waste of

exactly requiring attention. or even who may have been offended by my having taken the initiative in causing such persons as fail to present their children for vaccination to be prosecuted. I am sorry that after a faultless record of 13 years service I should be subjected to this groundless & malicious accusation & leave myself in the hands of the Judge but I have tried.
