TO

HIS EXCELLENCY THE RIGHT HONORABLE
THE GOVERNOR IN COUNCIL, FORT ST. GEORGE,
MADRAS.

MAY IT PLEASE YOUR EXCELLENCY,

THAT your Excellency's humble Petitioner addressed a registered printed letter of appeal for help on the 28th November 1893 (Copy whereof is hereunto annexed) to your Excellency and to numerous other gentlemen of the European community and also to several Native Princes, Zamindars and Jagirdars in the Presidency though unavailingly.

That your Petitioner has managed to meet all incidental charges out of his stinted private resources. Now that your Petitioner's financial position is at its ebb the operations in aid of the achievement of his philanthropic object have come to a standstill. Nothing short of Rs. 5,000 would be sufficient to bring the medicine under preparation, to a state of perfection and your Petitioner begs to assure your Excellency that a moiety of the outturn would be placed at the disposal of the Government for wide distribution among the Dispensaries and the Hospitals that are established through out the length and breadth of the Presidency for the relief of the suffering humanity.

Should your Excellency's Government feel sceptic in the matter your Petitioner ventures to suggest that this appeal for pecuniary aid may be forwarded together with the transcript of the Petitioner's letter enclosed to Her Imperial Majesty The Empress of India who your Petitioner feels confident will doubtless realize the efficacy and the importance of the philanthropic undertaking and come liberally to his help in his critical position, for which act of kindness and charity your Petitioner shall as in duty bound ever pray.

VELLORE,
24th May 1894.

} 27 மார்ச் 1894

GOD IS GREAT.

—:O:—

A GREAT SAGE HAS BEEN PLEASED TO EXPOUND TO ME IN PLAIN AND SIMPLE LANGUAGE THE TREASURES of knowledge that have been clothed in secret and mysterious languages in the sastras of the different religions of the world. My name, as, the same sage, has been pleased to style me, is Aswany Swamy. Having in view the welfare of the human-kind at heart, I have undertaken to prepare a medicine at my own cost which, by its being taken a grain's weight, has the effect of curing in the short space of one hour and a half (one Muhurtham that is) the 72000 diseases and 84 lacs of poisons, with one dose. Feeling the pulse and diagnosing diseases by observations of the symptoms in the countenance being unnecessary in this case. With this object I am now settled down at Vellore of the North Arcot District on the right bank of the river Palar in a house door No. 37 Subramaniaswami temple street Main Bazaar. I have already spent about Rs. 10,000 from my pocket and the medicine has passed through its several stages. As I find that my resources fall short of aiding me towards my endeavours to bring the medicine to a state of perfection which will be attained after a period of 16 months, and at great cost, I earnestly solicit that, His Excellency the Governor of Fort Saint George, the Honorable members of Highness the Governor in Council, the Honorable Judges of the High Court, the Surgeon General, Inspector General of Police, District Judges, Collectors, District Surgeons, Police Superintendents, Sub-Collectors, Deputy Collectors, Engineers, Tahsildars, Sub-Magistrates, Police Inspectors,—representatives of Her Most Gracious Majesty the Queen and the Empress of India, Rajahs, and Zemindars and other charitable and liberal minded Gentlemen of various sects who have the welfare of the public at heart will help me in this, my humble philanthropic attempt to benefit the public, by subscribing their mite and thus enable me to attain the desired object. I hereby assure the public that should one take this medicine for 45 days, one's grey hairs will turn black and eyes bright and one will enjoy long and happy life free from diseases and the effect of poisons. Every facility will be afforded to the public, in that the medicine will be given to the subscribing gentlemen and the poor who are unable to subscribe for the same. As I have to abstain from all kinds of food and drink for a period of 16 months and to preserve complete silence during the period the above request is made at this stage in the full hope that my request will meet with a favourable response from the public.

Gentlemen who wish to see me personally can do so between the hours 6 P. M. and 5 A. M.

VELLORE,

20th November 1893.

ASWANY SWAMY.
