Madras, the 25th of June 1894.

Returned as requested.

1. For reasons explained in letter
No. 394 dated 1st instant from the
Surgeon General with the Government of Madras, the
Cystoscope with battery required for the General Hospital
Madras, may be obtained from England on special
indent, it not being available in the medical store dep^t.
Madras.

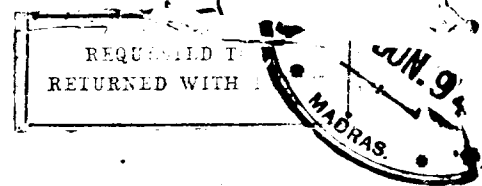

3. The necessity for the indent being forward
to the Military Department for transmission to the Home
Government is not apparent, as the article could
apparently be obtained by the civil department direct
the cost being entirely borne by that department.

From the Surgeon General, 4th June 1894. No. 394.

- Agreeably to G.O. No. 248 of the 14th April 1894, Public, I have the honor to submit in duplicate the special indent on the Home Government for one cycloscope with the Battery complete required for the use of the General Hospital Madras.
1. The necessity for this instrument is fully explained in my letter No. 291 of the 4th April 1894 to Government.
 2. The article may be consigned direct to the address of the Senior Medical Officer General Hospital Madras.
 3. A copy of the indent has been forwarded to the Accountant General Madras.

Order 9th June 1894. No. 407
As the article referred to in the indent is

being offered to select one for the Madras General Hospital and I recommend that it may be obtained through him. The cost of the instrument is not likely to exceed £8 and if savings can be met from the savings of the Budget estimates of the Medical Department.

Order 14th April 1894, No. 248. The instrument will have to be obtained through the store department of the India office but there will be no objection to asking that Dr. Fenwick may be consulted as to its selection. The Surgeon General may submit a special indent.

From the Surgeon General, 4th April 1894.

3. The Senior Surgeon, General Hospital, states that he learns from Surgeon Major J. Lively D. who is now on Fort Leavenworth that she is a great authority.
