GOVERNMENT OF MASSACHUSETTS

application to their Pension Officers, as certain Pensioners of other than good characters who have so privately obtained employment have, by subsequent bad behaviour, brought discredit upon a scheme only intended to advance the interest of old and deserving soldiers, whose previous good characters during long years of faithful service to the State have entitled them to special consideration. The public are earnestly requested to bear the above in mind and accept the services of Pensioners *only* through the Officers of this department.

6. Native Military Pensioners of the Madras Army have successfully taken up a great variety of employments, public and private, as below, and the number of them so employed on the 30th September 1893 is shown as 3,815. That no further proof is necessary of the general estimation in which the services of these men are held by employers generally—official and non-official, public and private—the number already employed fully demonstrates.

But this can only be granted, in cases of real necessity.

A Nominal Roll of such candidates brought up to 31st of March last is with the Officer in charge of Pensioners at each of the stations. Pensioners of all grades and all ages have been included therein.

- (e) Whether travelling expenses would be provided when the place where employment is offered is at a distance from the Pensioner's Pension Station.

3. Officers in charge of Pensioners at the different Pension Stations enumerated in the subjoined list are instructed, on receipt of application, to afford any and every information possible regarding the qualifications, &c., of the candidates for employment applied for, whose names may be borne on their respective Employment Registers; and applicants are invited to refer to the Superintendent any instance in which a ready and full response to their request may not have been afforded by Officers in charge; further information being possibly obtainable in the Head Office.

4. In the event of the services of Pensioners being required for posts of special trust and responsibility, application may be made direct to the Superintendent of Pensions, Fort Saint George, in whose office is received from month to month a list of Pensioners who may be candidates for employment at every station in the Madras Presidency and Burma.
