ORDER—dated 25th July 1894, No. 542, Public.

Thus the number of employed pensioners on the 31st of March 1894 under the two heads stood as follows:—

I.—Pensioners employed under the scheme as per annexed return ..	3,521
II. " " prior to the scheme ..	390

Total .. 3,911

This number—viz., 3,911—is the total number of employed pensioners on 31st March 1894, and is composed as follows:—

Europeans or Indo-Britons	100
Eurasians	58
Mussalmans	1,369
Hindus and others	2,384

Total .. 3,911

3. On the 31st March last the scheme was 9 years and 3 months old, and the steady increase in the number of employed pensioners marks the satisfactory advancement of the scheme (such advancement being due to the efforts of the various officers of the department in securing the ever increasing support of private employers at the out-stations). The Superintendent is glad to be able to report an improved co-operation on the part of some of the Civil and Military departments of the Public Service. In the Military department during the half-year 60 pensioners have been employed and 57 ceased to be employed, leaving an increase of 3, and in the Civil 351 were entertained during the half-year and 276 ceased to be employed, leaving an increase of 75 pensioners. It is hoped that the recent orders of Government on the subject, impressing on the heads of departments the importance of employing Military pensioners more largely, will have a continued good effect.

4. In all the stations given in the accompanying statistical statement, which shows the number of pensioners employed at each station, there has been an increase or no change in the number of such pensioners during the half-year under report, except in the stations named below, where there has been a decrease:—

Arcot.	Thayetmyo.	Mangalore.
Bangalore.	Trichinopoly.	Ootacamund.
Bellary.	Amraoti.	Palamcottah.
Cuttack.	Coimbatore.	Salem.
Guntur.	French Rocks.	Tanjore.
Moulmein.	Ganjam district.	Trichinopoly district.
St. Thomas' Mount.	Kolar district.	
Quilon.	Madura.	

5. On the 31st March 1894, there were 1,236 pensioners seeking employment throughout the Presidency and a list of all the pension stations where pensioners are available for service has been published and circulated to all employers of labour, public and private.

6. The up-keep of this useful institution has effected an actual saving of Rupees 30,839-1-4 to Government during the half-year ending 31st March 1894, in the shape of rice compensation disallowed by Regulations to employed pensioners—See the statistical statement alluded to in paragraph 4 of this report.

a continued good effect.

which shows the number of Pensioners
