Home Department Resolution No. ²¹~~288-98~~, dated the 23rd June 1893.

Returns under the European Vagrancy Act for the year 1893 from the Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab; the Chief Commissioners of the Central Provinces, Burma, Assam, and Coorg; the Residents at Hyderabad and in Mysore; and the Agents to the Governor General for Central India and Rajputana.

RESOLUTION.

THE usual statement showing the results of the working of the European Vagrancy Act, No. IX of 1874, during the year 1893, is appended. The total number of vagrants dealt with in the period under notice was 237 against 251 in the year 1892; the number of vagrants removed from British India under section 16 of the Act was 12 against 9 in the previous year; besides these 3 persons of European extraction (against 11 in 1892) entered into agreements under section 17 of the Act in Bengal, and were removed from the country—2 to London and 1 to Mauritius. The total expenses incurred in removing the vagrants from India amounted to Rs. 2,488 against Rs. 3,039 in 1892. The average cost of maintaining each vagrant in a workhouse was Rs. 62 compared with Rs. 57 in the previous year, and the total cost of administering the Act was Rs. 18,487 compared with Rs. 18,299.

The longest period of detention in a workhouse was 5 years, 8 months and 24 days in Bombay, and the shortest was 21 days in Burma. The long detention of the vagrant in Bombay was due to the Local Government having sanctioned the permanent retention of this man, who is an imbecile, in the workhouse. None of the 29 persons who deserted from the Bombay workhouse in 1892 have been traced. It is explained that, as it is imperative on the Governor of the Workhouse to grant occasional leave to the inmates to go and seek for employment, the prevention of desertion is beyond his powers. The Governor has, however, been instructed to give early information to the police of the failure of an inmate to return to the workhouse. The number of desertions in the year under notice from the Bombay workhouse showed a decrease to 16 from 29 in the previous year.

No special remarks are called for on any other points in the returns.

ORDER.—Ordered that a copy of this Resolution be forwarded to Local Governments and Administrations, to the Resident in Mysore and to the Agents to the Governor General for Central India and Rajputana.
