GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

Medical Department—Attendance.

Read the following paper :—

No. From Capt. E. DEBRATH, for Deputy Secretary to the Government of India, Military Department, to the Secretary to the Government of Bombay, Military Department; dated Simla, the 12th July 1894, No. 3172-D.

Medical Department—Attendance.

I am directed to acknowledge the receipt of your letter No. 883, dated the 31st May 1894, in para. 3 of which it is pointed out that, under para. 1319, Army Regulations, India, Volume VI., officers of the Royal Indian Marine are entitled to gratuitous medical attendance at their own quarters "from the medical officer under whose charge they are placed," but that there is nothing to show which medical officer that should be. The decision of the Government of India on this question is accordingly requested, and it is suggested that an addition should be made to the regulations in question, to make the point clear.

2. In reply I am to state, for the information of His Excellency the Governor in Council, that, at a station where there is a Military Staff Surgeon only, he should afford medical aid to officers of the Marine Service whether they reside within or without the limits of a cantonment. But at stations where there is also a Civil Surgeon, as well as at all important seaports, it is left to the Local Government and their official advisers in medical matters, to decide whether officers of the Royal Indian Marine and their families should be attended by a Civil or Military medical officer; and by which particular officer, when there happens to be more than one of either service employed at a particular station.

No. 3172-D.

Copy forwarded to the Secretary to the Government of Madras, Military Department, for the information of His Excellency the Governor in Council.
