[Despatch Abstract.]

*Stating that there is no objection to the letters of introduction requested by Mr Morgan & First Officer, S. Canara to enable him to visit Mashonaland & Natal with a view to collect seeds & plants of valuable timber) being prepared in the Public Deptt & that they will be prepared in receipt of information that Mr Morgan's furlough has been sanctioned.*

## PROCEEDINGS OF THE MADRAS GOVERNMENT.

*Read the following Proceedings*  
of the Board of Revenue (Land Revenue)  
dated 31<sup>st</sup> August 1894, Forest No. 1121 Mis, on letter  
from the Acting District Forest Officer, South  
Canara, dated 13<sup>th</sup> August 1894, No. 568 and endor-  
sement of the collector of South Canara thereon.

I have the honor to inform you  
that it is my intention to apply for 2 years furlough  
for the purpose of visiting Mashona land and  
Natal.

I shall probably have many facilities  
for collecting seeds and plants of timber, and  
other trees, which may prove valuable introduc-  
tions into the country. I shall also have a good  
opportunity of visiting some of the Forests of  
Cape Colony.

I shall have much pleasure in  
making such a collection. if Government is  
pleased to sanction the necessary expenditure  
on freight and transport, which will probably  
amount to about 200 Rupees at most.

In order to facilitate my seeing  
the forests of Natal, I beg that Government  
may be asked to do me the favor of giving

of Mashona land and Mr Basil Rhodes.

I propose sailing for Port Beira from Bombay on the 22<sup>nd</sup> of December by the German East African line. The three months that I am to serve in this District expire on the 1<sup>st</sup> November, but unfortunately no steamer sails from Bombay to Zanzibar before the date above mentioned, so that I cannot well start for Bombay from this place much before the 10<sup>th</sup> of December. I therefore request that Government will be kind enough to permit me to retain the charge of this District up to the latter date.

Submitted for favorable consideration.

Endorsement of the Conservator of Forests,  
Southern Circle, dated 24<sup>th</sup> August 1894, No 1530.  
Forwarded with my approval.

The small expenditure Mr Morgan proposes will doubtless be well laid out, and we shall be indebted to him for any collections or information he may secure.

Resolution.

Submitted for the orders of Govern-  
ment.

The Board has no objection to Mr Morgan's retaining charge of the Forest

and supports the Conservator's recommendation that the cost of transport and freight of plants and seeds which Mr Morgan may collect in South Africa and forward to this country should be defrayed by Government.

Order thereon, 10<sup>th</sup> September 1894, No 3534.

Mr Morgan may remain in charge of the South Banara District as proposed by the Board. The charges likely to be incurred on account of transport and freight of plants and seeds will be defrayed by Government up to a maximum limit of Rupees 200 in all, on the production of the necessary vouchers.

2. Mr Morgan's request to be furnished with letters of introduction will be dealt with in the Public Department.

There is no objection  
to the letters of intro-

circumstances the  
object is not apparent.  
They will be prepared
