Botacamund.

Sir.

I am desired by the Committee to
ask whether the resolution of Government
contained in G.O. Public, dated 26th Jan^y 1893,
nos 51 and 52, continues to be in force. The
Military Apothecary in charge of the Lawrence
Asylum having lately been removed, a
Civil Apothecary has been posted to succeed
him, which would appear to be contrary
to the said order.

2. The Committee does not think it
necessary to give grounds for the opinion
expressed in 1892, that a military medical
subordinate should be attached to this
Institution, because the Government
has already approved its resolution to
that effect.

3. No order on this subject has been
communicated to the Committee of
a date subsequent to that quoted above.

MILITARY DEPARTMENT,

Chotacamund, the 21. September 1894

From the Public Department, No. 1728 dated 29th August
1894 (attached)

Retransmitted to the Public Department with the
remark that though this Government "proposed" to reserve
certain Civil charges (that of the Lawrence Asylum
amongst others) for Assistant Surgeons, Indian Medical
Service, Madras, the Assistant Surgeons for these charges
have to come out of the reserve "ordinarily kept in Civil ~
employment" under Clause 149 India Army Circulars 1890.
which fixed the strength of the Establishment of Assistant
Surgeons. Consequently when the Surgeon General with the
Government of Madras is called upon to provide out
of the reserve in Civil employment (Assistant Surgeons
for military duty (as he was in May last)
~; he exercises his discretion as to which of the Civil
charges in question should be deprived of its Military
Assistant Surgeon.

The want of Military Assistant Surgeons for military and civil duties is unquestionably a very pressing matter, and it is suggested that the early orders of the Government of India be obtained on the proposals made in the P. S. marginally quoted.

{ 571-572 Public, dated 19th August 1892
51-52 " " 26th January 1893

3. The communication referred to in para 2 of the Surgeon General's letter contains some further proposals in connection with the general question of the want of Military Assistant Surgeons and will be dealt with in this Department as soon as his final observations are received upon the remarks of His Excellency the Commander-in-Chief in regard to some of the measures suggested.

In my part, I am quite unable
to imagine any reason whatever why
the best subordinate at the Lawrence
Asylum should be a military Asst. Surgeon.
I should have thought that such an
arrangement would be distinctly inad-
visable. I should withdraw the request
and should only ask India for order,
the letter of 19. 8. 92.

It will be remarked that absolutely no
reasons of any sort or kind are given
there being a mil. Asst. subordinate at
I. A.

Yes - no reasons are given & I cannot
conjecture what the reasons are.
Before withdrawing the request, however,
I ask for the reasons.
