February in Connection With Stock taking of the
April in Connection With the annual Schedule of
statements sent to the Accountant-General, in July
examination of Budget papers, and now again as the
this Stock taking of the Hospital is over the closing
stock book required help.

The Senior apothecaries also from the time of
since about 18 years ago found it impossible to cope
clerical work without an extra clerk who has been
the apothecaries from the above mentioned time and
his successors and the practice is still continued by
Senior Apothecary.

In this Connection I may also point out
clerical work of the office writer has also been steadily
and that one clerk is quite insufficient to attend
work of Six Medical Officers. The necessity of giving
help was also noticed by the Surgeon-General him-
self recommending an assistant writer when the Women
Hospital is amalgamated with this Hospital.

In my opinion the assistance of the two
asked for is absolutely necessary for the efficient working
of the Hospital.

SIR,

I have the honor to bring to your notice that two private individuals are still employing to carry out the work of this Hospital, and (as the employing private individuals are strongly animated in G.O. No. 941 of 30th November 90) to request that you are enough to obtain the sanction of Government to the of two temporary Copyists on Rs 20/- each a month, time as the period establishment has been sanctioned.

1 clerk
 1 copyist

The duties of these two men will be one to assist the Senior Writer in his clerical work from 10 a.m. and the Senior apothecary from 12 to 4 p.m. and one to assist the Stewards in their Copying work and in charge of the Records of the Hospital which are in Confused state.

3. In my letter to you No. 403 dated 2nd stated that the Stewards' Department is worked a pressure that any extra work necessitates the employment extra assistance if current work is not to fall into that as these employees never get a holiday (not even a themselves it is impossible to put more pressure on the be done in other offices. The extra work that has liability is as follows:—

The Budget, the Furniture Book, the annual St 3801 and other miscellaneous works. Consequently the ab-

Stringent orders

apparently the services
of these two clerks are
indispensable, and
continued employment
as private individuals
is distinctly irregular.
